

Hope - Not Out!

DONOR REPORT 2022

J U L Y - S E P T E M B E R

CHAIRMAN'S MESSAGE

This year's monsoon and the devastating floods have impacted the country in the worst way. For some of the most vulnerable communities, it was already difficult to make a living given socioeconomic instability, this disaster has made us realize the importance of forging ahead with our mission of uplifting the communities, improving their lives, and achieving lasting impact over poverty.

This quarter, our main focus was to provide relief and rehabilitation to the flood affectees. SAF remained on the ground, enabling them to gain access to food security through ready to eat food and dry ration packs, health care through medical camps, shelter through the provision of tents, safe water, and hygiene & sanitation kits to provide relief to families who have

lost all means of sustaining themselves.

As part of our efforts to reach out to the affected communities and rehabilitate them, SAF initiated multiple campaigns globally. As part of our Rehabilitating Dreams Fundraiser Tour, we organized 10 fundraisers where I and Adnan Siddiqui, advocated for the cause. Along with that, SAF Australia organized a live fundraising telethon to raise much-needed funds for the affected families. With notable personalities including Shaniera Akram, Dennis Freedman, Adnan Siddiqui, Jahangir Khan, and myself took part in the live telethon, advocated the urgency of the situation, and encouraged people to contribute to uplift the lives of those who need us the most.

I am very pleased by the generosity of our donors, supporters, partners, and friends who ensured Hope – Not Out for all. We are stronger when we work together.

THEMATIC PRIORITIES

SAF thematic areas are aligned with United Nations Sustainable Development Goals.

HEALTH

- 1 Primary Care Hospital | 1 Mother & Child Health Promotion Center | 1 Primary Care Hospital under construction – operational by December 2022
- 270K+ patients treated | 175K+ mother & children treated | 57K+ men treated | 20+ villages covered.

EDUCATION

- Network of 15 operational schools | 2 schools under construction | 5300+ students enrolled | 230 teachers hired.

ACCESS TO WATER

- Water tanks built: 50 | Hand pumps installed 350 | Filtration plants built: 20 | Pipeline laid 50 KM | Households benefitted: 125,200 | Villages hydrated: 100

SPORTS REHABILITATION

- 2500 individuals through Lala Ground | Kits & equipment distributed | Sport shoes distributed 500 | Children Benefitted through Cricket for Change 180 | Athletes trained through Summer Stumps 200

EMERGENCY RELIEF

- SAF has reached over 300,000+ households across the country | People Served with Itar: 80,900 | People Facilitated with Flood Relief Drives: 6000+ | Households catered with Ration: 170,600+

SAF GLOBAL CHAPTERS

UNITED STATES

REHABILITATING DREAMS

Days of heavy rain have led to rivers overtopping and put much of Pakistan under water. Although the affected areas are full of their own unique strengths and culture, they are also the most impoverished areas in the country. More than thousand people have lost their lives and the impact will be felt for years to come, if not decades.

Over 33 million people have been affected, with thousands left homeless and without access to food and healthcare. This humanitarian crisis of immense proportions required an urgent and coordinated response. Therefore, SAF initiated a campaign named Rehabilitating Dreams to raise funds and much-needed awareness to uplift communities affected by floods.

The campaign was led by Chairman Shahid Afridi who was joined by prominent actor Adnan Siddiqui. The team was part of 10 fundraisers;

Chicago | New York | St. Louis | Ridgemoore, Dallas | South Lake, Dallas | Maryland, D.C | Greatfalls, Virginia | Los Angeles | Seattle | San Francisco

The tour was a huge success as we reached our fundraising goals. We will now be able to expand our reach under Floods In Pakistan campaign and rehabilitate villages that were destroyed through the floods. With the support of our donors SAF aims to rehabilitate 5 villages across the country benefitting 500 members.

We would like to express gratitude to everyone who made the campaign a huge success and to our hosts and sponsors for being the backbone of the cause and for ensuring Hope – Not Out.

REHABILITATING
DREAMS

Constructive gesture by the Roy + Patricia Disney Family Foundation

SAF and Disney Foundation will work together to change lives towards our mission to strengthen families and communities while providing a path to a brighter future. The organizations partnered for the third phase of the Rehabilitation for our Floods in Pakistan campaign. They will be rehabilitating 10 households by providing them with shelter, livestock, and farming tools while directly benefitting 100+ individuals.

RREAF Holdings

We are extremely grateful to collaborate with RREAF Holdings, USA. This will help SAF Rehabilitate Dreams for the flood affectees. It also starts a meaningful journey that will ensure Hope Not Out for the underserved communities across Pakistan.

A meaningful meeting with US Senator Cory Booker

Chairman Shahid Afridi met US Senator Cory Booker. Both of them had a brief discussion regarding the impact of climate-induced floods in Pakistan and ways for refining strategies to reach more families and identified how strong alliances can help SAF efforts to Rehabilitate Dreams for the flood affectees.

A MEANINGFUL MEETING

Building Emergency Resilient Communities, Together

Chairman Shahid Afridi met US Senator Tim Kaine and shared how SAF is working to reach & uplift flood affected communities through its initiatives of Health, Water & Emergency Relief Response. We believe constructive partnerships will allow us to reach more underserved communities across Pakistan. US Senator appreciated the efforts SAF is putting in for the underserved communities in Pakistan.

Meeting with USAID to further our impact towards helping communities recover faster and stronger

Team SAF along with chairman Shahid Afridi met with USAID Flood Relief Team to share the impact we are creating through our Flood Relief Campaign & the positive affect our partnership can have to rehabilitate thousands of households across the country.

Najam Usmani advocating about Floods In Pakistan

Chair of the SAF US chapter, Najam Usmani was invited on Good Morning BT - a radio show based in the US to discuss the situation due to floods in Pakistan. He advocated the need for supporting underserved communities, with 1/3rd of the country underwater it is essential for all communities to come together and join hands to make a real difference. Mr. Usmani also highlighted how climate change is affecting third world countries the most given their contribution to harmful emissions is the lowest.

John Hopkins

We welcome 20 volunteers from John Hopkins Public Health to team SAF, as they join our cause we are hopeful to have our message reach various sectors and collaborate on projects that will help build a prosperous Pakistan.

PAKISTAN FLOOD RELIEF TELETHON

SAF Australia hosted a live telethon to raise much-needed funds to uplift the communities most affected by the floods in Pakistan. The telethon featured Chairman Shahid Afridi, Shaniera Akram, Dennis Freedman, Adnan Siddiqui, and Jahangir Khan. All the notable personalities raised awareness and advocated for the impact of the devastating flooding in the country. Extremely grateful to Consul General of Pakistan Mr. Muhammad Ashraf, Deputy High Commissioner Ms. Ayesha Saeed, Muhammad Wajahat of Rashay's Restaurant, Liverpool Councilor Mr. Nathan Haggarty, Ms. Robina Yasmin from GIM Foundation, and Mr. Roger Baylis of SMEC Foundation for joining us on the day to advocate SAF's cause and help us reach the affected families.

We are amazed and so much thankful at the outpouring of support from our donors and sponsors as due to them, we were able to reach the fundraising targets that would help us support 6,000 households in the second phase of our campaign that seeks to sustain lives by providing them with temporary shelter by setting up tents, ration and cooked food.

Celebrated Pakistan's 75th independence with a zeal

SAF Australia and Meri Pehchan Pakistan organized an event to encourage youth to learn about Pakistan and demonstrate their knowledge about their homeland. The event highlighted the importance of educating underserved communities and help uplift them to become contributing members of our society. As a result, proceeding from the event will help educate 14 students at SAF schools for a year.

SAF ENDEAVORS

EMERGENCY RELIEF RESPONSE

Floods in Pakistan

Never before has the country faced disasters and humanitarian crises of such frequency and intensity. Heavy monsoon rains and climate change combined to produce the most devastating floods in Pakistan. In the month of July alone, Pakistan was swamped by as much rain as it typically received in years.

Hundreds died from drowning during the initial phase of the floods in both Sindh and Balochistan, affecting 33 million as the country experienced more than 780% rain above average levels. Thousands of homes have been destroyed, livestock have died, while many public health facilities, water systems and schools are damaged.

Shahid Afridi Foundation was the first responder to the catastrophe. We reached the most vulnerable communities living in remote locations. Our efforts till date have reached over 7,000 households that is 38,000 direct beneficiaries. We are working on ground providing aid and relief to the communities at large. SAF has supported the affected in three phases to help them sustain, survive, and rehabilitate.

First Phase – Survival : Provide survival kits so that they can combat the floods and survive till sustainable help reaches them.

- Survival kits (Biscuits| Roasted Black Gram | Nuts & Dates | Dry Milk | ORS | Water| Mosquito Repellent | Women Hygiene items)

Second Phase – Sustaining : Set up tent villages and provide ration for a period of 30 days for 50 Households, in three vicinities and help them sustain till their lands are allocated.

- Ration Bag (Flour| Oil| Sugar| Water| Grains)
- Shelter Tents
- Medical camp with provision of free medicines

Third Phase – Rehabilitating : Help rebuild their homes, provide livestock and life essentials so that they can restart their lives and have a sustainable infrastructure to avoid future calamities.

- Reconstructing Homes
- Provision of kitchen utensils
- Solar Energization
- Clean drinking water & domestic water accessibility

Many celebrities of our country unified in these troubling times and contributed their part in reinforcing our message to become the hope for flood-affected communities across Pakistan. Cricketer Naseem Shah also joined hands with SAF and offered the bat he played with in the Pak vs Afg Asia Cup Match towards this pressing cause to help SAF reach out to hundreds of affectees of Floods In Pakistan.

OUR SUPPORTERS FOR THE FLOOD RELIEF CAMPAIGN

EDUCATION

SAF celebrates its first Graduation

The culmination of education for the high school students, the commencement graduation, is a major event and transition point for students, parents, and teachers. It is a time for them to celebrate their hard work and accomplishments. Students take pride in having met the graduation requirements; parents celebrate the accomplishments of their children; teachers and school administrators commemorate the fruits of their labors. Commencement exercises serve as a transition point for the individual members of the graduating class who will follow diverse paths into futures i.e., higher education or the world of work.

SAF held its first graduation ceremony to recognize the remarkable achievements and celebrate accomplishments, flexibility, and resilience of its 32 graduates. A nervous excitement filled the air as graduates in caps, tassels and gowns delighted on their accomplishments and shared the special occasion with fellow peers.

The event was attended by Chairman Shahid Afridi, SAF Board Members, SAF Education Corporate Donors and affiliates SAF students, parents, teachers, and corporates. The graduation ceremony highlighted the success of the students providing them with certificates to represent their academic success. The awarding of honorary certificates to the graduates was done by the chairman and numerous honorable guests.

It was a joy to see these students grow, persevere, and succeed. They are ready for their next steps in their ongoing education. We wholeheartedly congratulate them on this incredible achievement and will work to facilitate them through their rise to power and success.

LUMS Shahur Program

SAF has collaborated with LUMS Entrepreneurial Society to introduce the Shahur program in SAF schools that furthers education through mentorship and presents good role models for our future generations. SAF students are encouraged to learn activities and programs that will help prepare them for the challenges they are going to face in college, career, and beyond. The program was implemented successfully in Malikpur campus, Lahore and will be implemented in Rehri Goth campus, Karachi in the month of November with the support of LES students.

Empowering SAF school teachers

Teachers Training at SAF schools is an integral part of our education program. Teachers at the school were prepared for career growth through the professional development training program. We equipped teachers with more skills and introduced new methods to keep the curriculum updated and informative; with newer and more fun teaching methods so that children can grasp information better.

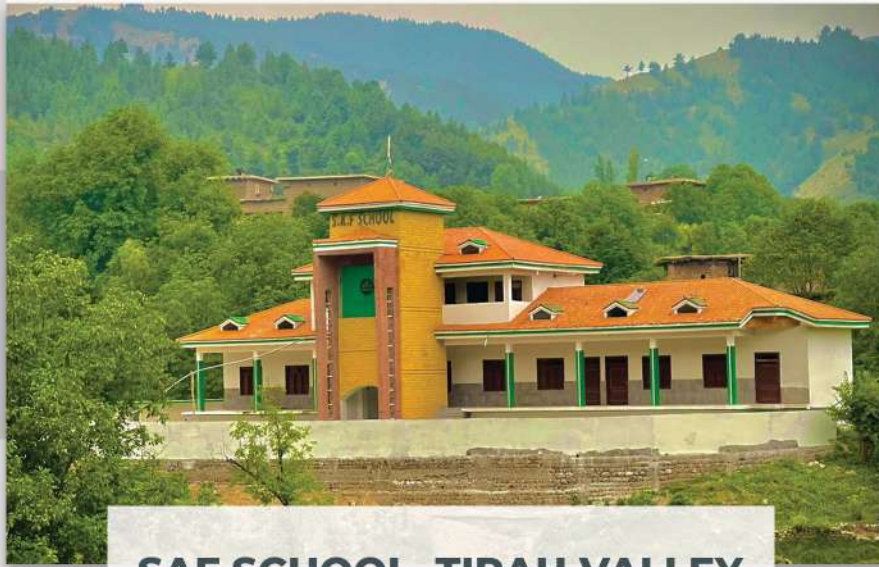

Cutting down barriers

Curricula is the most essential part of academic learning as it also contributes to one of the highest costs parents bear to ensure their child continues their education; SAF is cutting down barriers to education by providing students with curricula at the start of each academic year.

SAF distributed notebooks and curricula to SAF school students to provide opportunities that empower them build a better future for themselves.

Completed the construction of SAF school, Tirah Valley

Taking SAF education initiatives to new heights with our SAF school in Tirah Valley, KP. The school will initiate academic learning and capacity building opportunities for the residents and their children empowering them to become independent contributing members of the society. The school is first purpose-built campus by SAF and in the region ensuring Hope – Not Out for all the residents of the valley.

SAF SCHOOL, TIRAH VALLEY

WATER

Water Supply Scheme in Surkhab, Pishin

Grateful to our Building Dreams donors for making it possible to complete this water initiative in Balochistan that accommodates 800 households in Surkhab, District. Pishin. Clean drinking water has become a privilege given the current conditions and we are humbled to have installed this water scheme at a relevant time.

18th Filtration Plant

Access to clean drinking water is tantamount to controlling the spread of diseases that have come about due to the consumption of contaminated water.

Adding another feather in our cap as SAF team installed the 18th filtration plant for SAF water projects in Talhar, Badin that will facilitate 1800 households. The plant was installed on behalf of the Royal family of Bahrain and in the memory of her Highness Shaikha Mehtayelle Bint Ali Bin Isa Al Khalifa.

SPORTS

Summer Stumps' 22

SAF organized cricket summer camp for the kids between the ages of 13 to 19 under the supervision of quality coaching staff. The camp provided extensive practice, training while providing valuable exposure in a camp environment. Besides that, the camp also focused on grooming the players in various other life aspects that will be critical in their growth as cricketers. Our coaches worked with them through individualized trainings and help them curate their styles and techniques.

Participants were introduced to different batting techniques and were coached on how to maintain momentum on the field. They also got the opportunity to learn how to build stance, hold the bat, and stand in front of the stumps pointing non-dominant shoulder towards the bowler, how to keep the eyes on the ball and so much more, in order to help them polish their skills to carve their way into professional cricket. Summer Stumps was an outlet to harness physical potential and hone athletic skills while preparing them to compete on a professional level.

Notable cricket stars including Anwar Ali, Nomanullah, Dr. Nadeem Ahmed, and chairman Shahid Afridi himself graced the camp with their visit and enlightened the participants with their valuable lessons from their extensive cricketing career and shared their secrets of trade and scoring runs.

Furthering SAF Sports Initiatives with MSL

Successful sportsmen build stronger, healthier, and more unified societies. SAF along with the Mega Stars League is humbled to provide support to the Asian Light Weight Boxing Champion Shahir Afridi for his fight to defend his title against an Indian Boxer in Bangkok, and Mr. Pakistan & Olympia Fida Hussain to participate in the Asian Body Building Championship in Kyrgyzstan.

Along with that, SAF in collaboration with Mega Stars League reached out to our former international cricket stars Mr. Zulqarnain Haider and Mr. Nadeem Ghauri as both have been coping with some serious illness which negatively impacted their health and financial situation. We inquired about their health and provided support.

Our goal is to support every athlete with the means they need to compete on an international forum to make Pakistan proud. We look forward to furthering more SAF sports initiatives in the future.

HEALTH

Organized free eye camp at SFH

There is a desperate need to provide eye health services especially to those that can least afford them. Therefore, SAF health team organized a free eye camp at Sahibzada Fazal Rehman Hospital after assessing the medical needs of communities there.

The camp was set up to provide quality eye care services to the individuals. In addition to a free outpatient department (OPD) facility at the camp, medicines, eyesight checking and specialist consultation were provided free of cost. We proudly facilitated 1,023 individuals in the camp.
