

*Hope - Not Out!*

# ANNUAL REPORT

2021 - 2022

# HOPE NEEDS INSPIRATION

Hope is a powerful thing. It inspires us to do the impossible and helps us move on during difficult times. We often know what Hope is, and the answer is simple, Hope is us; the change we instill, the impact we create and the steps we take for a better tomorrow.

Hope ensures there is less darkness and more light. Less darkness of anger, revenge, retaliation, and more of the light of ideas, faith, courage, aspiration, joy, love and more.

There are many patients who would give anything for an opportunity for quality healthcare. Growing up underprivileged or in a single-parent household, there are millions of kids who are looking for opportunities or are struggling to keep their dream of educating themselves alive. There are families who have succumbed to the seemingly impossible obstacles in front of them to create food security for themselves and their children. Women who have to carry water on their backs for miles are struggling with health issues and giving up on basic life amenities to access drinking water.

We all need to come together and become an inspiration for them, become the change, the energy, the force for them to help uplift themselves out of difficult situations and empower them with the tools to become independent, contributing members of our society so that tomorrow they become Hope, inspiration and dream for others and work towards a prosperous Pakistan, ensuring its Hope - Not Out.

# INTRODUCTION

Shahid Afridi Foundation (SAF) is a non-Profit organization formed with an aim to improve the conditions of the most destitute segments of our society. We work diligently to create impact and change lives by focusing on initiatives related to Health, Education, Access to Water, Sports Rehabilitation and Emergency Relief Response.

SAF was founded on March 08, 2014, by former Pakistani Test Cricketer Shahid Afridi. It is registered in Pakistan with an international presence in ten countries and registered offices in United States of America, United Kingdom, Australia and South Africa.

It is a professionally managed organization working to uplift underprivileged communities across the globe with Pakistan as the central focus. The foundation is now becoming a beacon of Hope due to its five thematic initiatives.

## PROBLEM STATEMENT

The percentage of people living below the poverty line in Pakistan was 31.3% in 2018. According to the Business Recorder, this is predicted to go as high as 40%. In 2018, Pakistan suffered a macroeconomic crisis. The government had accrued a budget deficit of \$18 billion by the end of 2018, which caused them to limit spending, slowing down national economic growth. The recent COVID-19 pandemic has contributed to bringing the economy on the brink of a standstill, forcing the government of Pakistan to cut down on its spending even more. When the economy of a country shrinks, the government stops funding welfare programs. Consequently, the people at the margins of poverty suffer, further increasing the frequency of the cycle of poverty.

## OUR GOAL

We aspire to become the source for transforming lives of the underprivileged communities in Pakistan and across the globe. We aim to uplift communities and foster social change holistically. Our projects are in line with Sustainable Development Goals (SDGs) to empower future generations by bringing access to Healthcare services, Education, Water, Sports and Emergency Relief Response. Given the urgent crisis that has swept Pakistan, SAF has streamlined the 'Emergency Relief Response' thematic area to offer rapid support to areas that need it.

# CREATING IMPACT CHANGING LIVES

We work with underserved communities around the world with a special focus on communities in Pakistan. We are creating impact and changing lives through Emergency Relief Response, Healthcare Services, Education, Access to Water & Sports.

SAF is continuously striving to undertake projects that lead to the socio economic development of underserved communities, eventually leading to a prosperous Pakistan. With our thematic areas catering to different sectors of the society in various locations, we are creating impact where it is needed the most. SAF is among the few NGOs working in remote locations of the country; our efforts reach the most marginalized sectors of society.

In order to achieve our objective of cultivating a better tomorrow, we believe that along with financial resources, building technical assistance is vital. SAF is working in different domains, hence, has a wide range of technical capabilities. Capacity development helps to strengthen and sustain the Foundation, improving our capabilities of setting and meeting development goals created over time.

It is our 'how to achieve' approach that makes our implementation a success and is at the heart of SAF's mandate and functions. The SAF Strategic Plan positions technical capacity development as the organization's overarching service to its programs; bringing rigorous yet flexible practices that can be adapted to suit different contexts and needs.

Our practices are built on extensive case studies, methods and tools that SAF has developed over the years. It is also underpinned by an analysis of what works and what doesn't for capacity building, based on examples and evidence from previous programs that SAF has implemented across Pakistan.

ON A LIFELONG JOURNEY OF #HOPENOTOUT

# VISION

We aspire to become the source for transforming lives of the underprivileged communities in Pakistan and across the globe.

# MISSION

To spread education, healthcare services, and access to water across Pakistan in order to empower underprivileged communities for a better future.

# CORE VALUES

Our guiding principle of Hope Not Out is supplemented by a number of values that allow us to breathe life into SAF initiatives while establishing a level of sensitivity that must be felt to truly advocate for drastic social change.

## TRUST

We define 'trust' as a firm belief in reliability that guides the ability to deliver on the impact promised. At SAF, we seek to consistently build trust in every interaction by conducting ourselves in a professional, transparent and honest manner — one conversation, one action, one follow-through at a time.

## INTEGRITY

In our lives and our work, leading with integrity is a necessity that centers on the idea that our actions are open and transparent. From internal reports to our external endeavors, the SAF network is readily connected with integrity at every step of the social process to amplify our mission in a plethora of ways.

## COMMUNITY

Our process must always be co-developed with the communities. We are always persistent when it comes to involving the broader community in our endeavors through donations and partnerships, all our initiatives offer a ready opportunity for community involvement.

## ACCOUNTABILITY

SAF as an entity is formulated on the principle of complete transparency and credibility. We believe that in all our operations and work, we remain transparent and have a duty of accountability towards our donors, partners, and volunteers.

# STAKEHOLDER'S ENGAGEMENT

Our stakeholders have a vital impact on their spheres. SAF actively engages with each stakeholder, values their counsel, and takes decisive action based on their input while maintaining integrity at all times.

Stakeholder's	Description	Expectation	Frequency
<b>Legal Authorities</b>	Compliance with all law and regulations that are applicable. These include filing of tax returns, regulatory registrations & certifications and performance reports publications. They are also engaged in detailing and summarization of funds against the grants that are allocated.	Compliance with all legal requirements and full disclosure. Ensuring transparent and fair presentation of the financial condition of the company and ensuring that the utilization of donations and grants is appropriate.	As per statutory timelines
<b>Donors</b>	An entity- individual, partnership, company, or other welfare or institutions/agencies with operational or capital needs for sustainability.	Effective and timely communication of information regarding updates on future and ongoing projects. Appropriate receipts and utilization of funds.	Continuous
<b>Banks</b>	Effectively utilize funds and ensure the sustainability of operations. To have a diversified portfolio and risk mitigation strategy by working with the finest financial institutions in the country.	Communicate the changes in organizational structure promptly. Updates on ongoing prospects and updates on the utilization of funds as and when appropriate.	Continuous

<b>External Auditors</b>	Reasonably assure fair and true representation of the financial statements of the organization	To present the data fairly and ensure adequate disclosure. Adherence to organizational policies and compliance with local and federal legal regulations. Updates of structural changes and major developments during the year as required.	Yearly
<b>Beneficiaries</b>	Ensure the best possible use of resources to provide quality and timely care to underserved communities across the country. Beneficiaries' testimonies are considered when formulating strategy.	A complete analysis and feasibility are prepared before implementation to ensure impact creates is deep and reaches out to the public in various folds.	Continuous
<b>Vendors</b>	Vendors are suppliers and service providers they are vetted through market visits and making viable agreements. Continuous feedback on product quality and service is provided. Three quotations are collected, where required.	Strategic planning of organization's needs based on detailed description of requirements of quantities as well as qualities. This is achieved through regular meet-ups.	Continuous

<p><b>Social/Print Media</b></p>	<p>The organization collaborates with all institutions involved in disseminating news and events, with particular importance given to all SAF thematic areas, The marketing team updates its website and social media pages to keep all stakeholders apprised to the latest happenings.</p>	<p>Communicate the changes particularly in organization structure promptly. Updates on the projects &amp; programs in the most effective manner so that the donor is well aware of SAF's endeavors.</p>	<p>Continuous</p>
<p><b>Pakistan Centre of Philanthropy (PCP)</b></p>	<p>PCP is designated Certification Agency by the Federal Board of Revenue (FBR), Government of Pakistan. PCP conducts performance evaluation of Non-Profit Organizations on behalf of FBR and certifies that NPOs meet with the desired requirements of certification standards (notified by FBR) in the areas of; Legal &amp; Regulatory Compliance, Financial Management, General Public Utility Compliance, Organizational Policies, Institutional Mechanisms of Oversight, Program Deliver, and Compliance with Tax Laws.</p>	<p>PCP Certification is based on an examination and performance during the last three years. Moreover, the evaluation process examines the operations of the organization in the light of objectives as stated in the governing document of the organization that meets the stringent requirements as per the set standards agreed with the FBR.</p>	<p>3 years</p>

# BOARD COMMITTEES

The board committee is responsible for overseeing and assessing the programs implemented and ensuring checks and balances are in place. The committee monitors all measures to identify any discrepancies that might destabilize the foundation's integrity and credibility.

## COMPLIANCE COMMITTEE

The compliance committee is established to review the principles, policies, and practices adopted in the preparation of the financial statements of the organization. It aims at ensuring that the Annual Report of the Foundation and any other announcement relating to financial performance comply with the statutory requirements.

The terms of reference include:

- To determine compliance with relevant statutory requirements;
- To review annual and financial statements, providing information to the board on the organization's assets, its cash flows, any changes in accounting policies and practices, and significantly related party transactions;
- To review external auditor's audit reports;
- To facilitate the external audit and discuss with external auditors' major observations arising from external audits and any matter that the auditors may deem necessary to highlight (in the absence of management where necessary)
- To ascertain that the internal control systems including financial and operational controls, accounting systems for timely and appropriate recording for purchase, receipts and payments, assets and liabilities and the reporting structure are adequate and effective; and
- To institute special projects, value for money studies or other investigations on any matter specified by the board of Trustees, in consultation with the executive and to consider major findings of activities characterized by fraud, abuse of power and management's response thereto.

**Sustainable change, after all, depends not upon compliance with external mandates or blind adherence to regulation, but rather upon the pursuit of the greater good.**

**- Douglas B. Reeves**

## MONITORING & EVALUATION

- This year, the audit fieldwork across all SAF Schools was undertaken by the monitoring & evaluation department.
- Audit reports of all the water schemes have been generated by monitoring & evaluation department
- For improvement as well as for better control in SAF schools and SAF health initiatives, several trainings and meetings were held with the staff throughout the year.
- The M&E team was able to confirm that all expected key controls for operational compliance, financial reporting, and safeguarding the assets of the foundation were in place.

## EXTERNAL AUDIT FUNCTION

- Statutory auditors of the Foundation, M/S Grant Thornton Anjum Rahman - Auditors - Financial Services have completed their audit engagement of the "SAF's Financial Statements" for the year ended June 30, 2022.
- The Audit Committee has reviewed and discussed the auditors' report.
- The Audit Firm has been given a satisfactory rating under the Quality Control Review Programme of the ICAP and the Firm is fully compliant with the IFAC Guidelines to the Code of Ethics. As adopted by the ICAP.
- SAF and Grant Thornton Anjum Rahman - Auditor - Financial Services have safeguards in place to avoid the possibility that the external auditor's objectivity and independence be compromised.

## ENSURING TRANSPARENCY

## **HUMAN RESOURCES & REMUNERATION COMMITTEE**

The HR & Remuneration committee assists the Board in fulfilling its obligations relating to human resources matters and recommending Human Resource Policies to the Board. It has an overall responsibility, including but not limited to recommendation, selection, evaluation, compensation and succession policy of Directors, Chief Operating Officer and senior Management. It shall support strong organizational performance and people's risk management.

The terms of reference include:

- To review and recommend Human Resources Management (HRM) policies to the board (including recruitment, retention, training performance, compensation, termination, misconduct, appeals and complaints);
- To ensure that the HRM policies are in compliance with applicable laws;
- To review and recommend the board selection, evaluation, compensation (including retirement benefits);
- To consider major changes in the organization structure;
- To review the annual salary plan including appraisals;
- To ensure leadership continuity in the event of an unexpected departure or emergency leave of the Chief Operating Officer or any senior staff member;
- The committee shall ensure to establish fair work rules and policies
- The committee shall annually review its character and recommend proposed changes to the board;
- The committee may form and delegate responsibilities to sub-committee as and when appropriate;
- The committee shall design a succession policy for key executives;
- The committee shall make annual reports for the board.

## **SHARIAH COMMITTEE**

The purpose of the Shariah Advisory Committee is to oversee the Foundation's zakat administration and its protocol. Some of the responsibilities of the shariah committee are as follows:

- To review the foundation's zakat utilization policies and administration processes
- To review the performance of the welfare department.
- To review the percentage allocation for operating expenses according to the interviews and forms of eligible beneficiaries.
- To review the operating expenses on zakat and non-zakat distribution.
- Two meetings of the committee were held during the year.

**SHAHID AFRIDI  
FOUNDATION**

*Hope - Not Out!*

# OUR TEAM

## SHAHID AFRIDI

Commonly known as Boom - Boom throughout his cricketing years stunned the world of cricket with his outstanding performance at the age of 16. He set unbeatable records in his long career. It was during his cricketing career that he began his mission to improve the lives of the underprivileged and founded Shahid Afridi Foundation where he also serves as the Chairman. Mr. Afridi channelized all his vigor and passion into bringing forth a transparent organization that sincerely seeks to uplift lives by creating opportunities in different spheres of our socio-economic structure.

## JAHANGIR KHAN

Former World No. 1 and professional Pakistani squash player; He won the World Open six times, and the British Open ten times. Jahangir Khan is widely regarded as the greatest Squash Player of all time. The great legend is now serving as the Trustee of Shahid Afridi Foundation bringing his network and world-class experience to create impact and bring required change in the society.

## ALI RAZA

Better known as a visionary with an ambition to uplift destitute segments of society, Ali is a pragmatic and skillful executioner who has tremendously helped SAF reach great heights. His extensive background in business contributes to his persuasive decision-making ability in making strategic routes for the holistic success of the organization. Along with serving on the Board of Trustees for SAF, Ali trails a legacy of two successful business ventures - all with a focus on individual well-being and the equality of opportunity.

## MOMINA AHMED

A certified therapist with deep knowledge in academic counseling and added skills in corporate training that enriches SAF endeavors to uplift underserved communities and revamp mindsets to positive invention across the country. Ms. Ahmed brings together her psychological counseling practice and knowledge, and her academic skills to enrich her psychiatric work, as well as both school and corporate training. She also regularly writes articles for the newspaper on social and psychological themes.

# ORGANOGRAM

# CHAIRMAN'S MESSAGE

In FY2022, we remain true to our mission, to enrich the lives of people, create opportunities for prosperity, development, growth and create change to uplift under-served communities across Pakistan and the globe.

We focused towards meeting Sustainable Development Goals 2030 and built our own goals and objectives to meet the targets set out. I am so proud that we could meet the goals set out in the five thematic areas SAF is working on. Turning more of our attention to the global environment and people's lives, we renewed our commitment to be an essential part of the society, specifically as an organization that saves lives and uplift communities. We met SDG#2 Zero Hunger through our various campaigns across the Globe, reaching out to over 100,000 households in Pakistan, 800 refugees in Australia and over 1,000 homeless people in the United Kingdom.

The world now is in turmoil. The pandemic, divisions among people with conflicting beliefs, and global-scale environmental issues are increasing in severity day by day. The myth of perpetual economic growth has collapsed, and the number of people who worry about what their lives will be like tomorrow continues to grow. We have contributed to society through different spheres, building bridges between donors and the beneficiaries through our various campaigns and fundraisers across the globe and by creating much needed impact in the remotest regions of our country.

Our fundraising campaign, Building Dreams focused towards creating access to water in arid- dry regions of Balochistan and by promoting education for females through SAF schools across the Country. Fundraisers in UK; Hope for Health raised funds for SAF health initiatives and UK Tour 2021 raised funds and awareness to create food security across the country. Through Night of Hope in Australia, we advocated the importance of provision of digital and vocational skills to students enrolled in our schools.

This year, with all the challenges, also brought Hope with the completion of our milestone projects under the thematic areas of Water, Education and Health. As you read through the report you will come to know about the impact SAF is creating and how your support is aiding us to ensure that 'Hope' stays 'Not Out' always.

As we move towards 2023, our vision is focused towards Sustainability as the Only Path through which we aim to empower our projects to include more employment opportunities and build sustainable solutions. The goal is to serve humanity in a professional, efficient, and effective manner. We always welcome feedback on our social media channels so make sure to partake in our mission by subscribing to our channels. Finally, my trustees and I thank you for your continuous support and generosity with prayers that you stay safe in these testing times and remember us in your wishes.

-Shahid Afridi.

# JAHANGIR KHAN - TRUSTEE

May peace and blessings be upon you all,

The past few years have been full of challenges, trials and uncertainty with the Coronavirus pandemic which has affected the whole world. We are all facing unprecedented situations that are impacting all of us personally and professionally.

Shahid Afridi Foundation was established with one vision; to help mankind and make a lasting difference. Since our inception, we have actively been assisting humanity with projects such as empowerment, education, emergency aid, water & sanitation, COVID support, scholarships, and mother and child health promotion programs supporting struggling families across Pakistan. A special thanks to support from our dedicated volunteers, sponsors and generous donors for making all of this possible.

We have initiated projects such as Drinking Water Schemes, Mother and Child Mobile Health Unit, Computer Labs and Libraries across SAF schools and a sports program Summer Stumps to enable the youth to experience first hand cricket training and help open doors for them to choose sports as a viable career option. SAF teams reached out to distressed households of Dadu during the bushfire and Cholistan during the drought creating pathways to bring them necessary facilities and ensure the sustainability of the projects implemented.

During 2021-22, we have reached over 1 Million of direct beneficiaries across the country with your generous support. We have reached over 1,000 beneficiaries outside of Pakistan. This shows the growth of SAF and shows the impact we have, providing more self-sustainable projects and education as our primary focus.

During 2022, we have developed strategic partnerships locally and internationally representing the work SAF is doing to create impact and change lives. I urge you all to keep supporting our endeavors and follow our projects through our website, so that we may increase our capacities in reaching out to the poor and needy and aid many emergencies that have now become a norm in present times.

I would like to express our heartfelt gratitude to all our supporters and partners for their continued assistance and encouragement in these challenging times. Despite the difficult situation we find ourselves in right now, we remain optimistic that 2023 will be a year of renewed opportunities and Hope, with much to be achieved. We continue to strive towards our commitment to bring clean water, safe healthcare, and break barriers to education for people who need it the most.

Thank you,  
Jahangir Khan.

# SAF SUSTAINABLE DEVELOPMENT GOALS

The Sustainable Development Goals are the blueprint to achieve a better and more sustainable future for all. They address the global challenges faced, including poverty, inequality, climate change, environmental degradation, peace and justice.

A nation's development is based entirely on economic growth and presents a holistic view of progress. Eradicating poverty and promoting prosperity in a changing world after the pandemic, it is imperative to take prerequisites for sustainable peace and prosperity into account. These aims will not be possible unless the structural and systemic barriers to achievement and root causes of exploitation and degradation of the environment - are addressed.

Last year, SAF initiated the campaign to promote and follow Sustainable Development Goals, using the targets set out by the United Nations. In the span of one year, SAF was able to meet various objectives set out under the targets and cut down barriers to prosperity through its interventions,

## Goal 2:

To end hunger and all forms of malnutrition, we reached out to over 10,000 households through Food Security campaigns across the country and internationally.

## Goal 3:

Our efforts to achieve health-related targets prioritized mothers and children with a special focus towards the female child. The full spectrum of SAF services shifted from brick and mortar to mobile units ensuring provision of health care services from promotion, prevention, treatment, rehabilitation, and palliation.

## Goal 4:

Enabling upward socioeconomic mobility; with continuous professional development, capacity building, training programs and building conducive learning environments. We have successfully initiated the construction of 3 IT labs and 2 libraries. Over the past year, major progress was made towards increasing access to education and school enrollment rates at all levels, particularly for girls.

## Goal 6:

Access to Water, Sanitation and Hygiene (WASH) services ensure substantial progress has been made in increasing access to clean drinking water with the installation of filtration plants in Balochistan.

This year SAF calls for a new development paradigm which furthers the cause of education, to uplift communities and holistically preserve nature through actions taken against climate change as its ultimate aim - the achievement of equity and justice, to "leave no one behind."

# SUSTAINABLE DEVELOPMENT GOALS

# EMERGENCY RELIEF RESPONSE

# EMERGENCY RELIEF RESPONSE

**GOAL: PROVISION OF ESSENTIAL, APPROPRIATE AND TIMELY HUMANITARIAN ASSISTANCE BY CREATING FOOD SECURITY FOR IMPROVED NUTRITION AND VIABLE LIVING.**

SAF introduced the thematic area ‘Emergency Relief Response’ formally in 2020 to reach out to the families struggling due to the COVID-19 Pandemic. The objective of the initiative is to reach out to households across the globe struggling due to any form of calamity without any discrimination or percipience.

“Providing relief after a disaster not only sustains life, but it also maintains hope for the future and the potential for full economic recovery. SAF’s role in providing relief is becoming important as the number of natural disasters increased due to climate change”.

- Shahid Afridi.

Natural disasters are becoming more and more common. According to Pakistan Center for Research the number of climate-related disasters are increasing, so are the number of people affected overall on an economic level – meaning injuries, disruption of livelihoods, especially in agriculture, and the associated economic damage is increasing.

The increased number of disasters and overlapping events i.e. poverty, climate change, air pollution, population growth, loss of biodiversity, means the number of people who suffer from these disasters is much higher. Today, more people than ever are economically devastated by repeated disasters and are unable to recover on their own.

And with the increase in extreme weather events, governments cannot be there to fully support the recovery process. This is why Shahid Afridi Foundation has taken a step forward to share the burden and reach struggling families across the country in both short-term and long-term disaster recovery. We have opportunities to help where governments simply fall short. We keep people alive in the immediate aftermath and work to provide long-term recovery and hope for the future.

“Disasters can change victim’s attitudes in ways that will potentially haunt individuals, communities and local economies for decades to come,” Said Jahangir Khan Trustee, SAF, “this is why Hope is important; the value of hope cannot be underestimated. A shoulder of support goes a long way. Of course, there is physical damage and loss of life that comes with any disaster, but the long-term damage to survivors and communities can be much more damaging.”

## HOW DO WE REACH THE AFFECTED?

Our approach is tailored to the needs of affected populations, and our aid is undertaken according to internationally recognized standards, as well as a strict principle of neutrality and independence from political, religious or ethnic considerations.

Every disaster is a unique event that requires careful assessment. And because relief and recovery may take a long time, it is important to create a strategic plan of response to identify and help the most vulnerable and severely affected people. During emergencies, we take advantage of opportunities to consult with local populations to find out what their needs are, discuss their ideas for rebuilding their communities, and make plans for the future. On the basis of this need analysis and in partnership with locals, we develop plans for creating food security, improvement of water supplies and sanitation, the reconstruction of houses or provisions of tents, and the restoration of lives and livelihoods.

## WAYS SAF EMERGENCY PREPAREDNESS REDUCES CATASTROPHIC IMPACT INCLUDE:

With reaching out to struggling families SAF is working diligently to meet the Sustainable Development Goals and Millennium Development Goals set out by the United Nations to ensure a sustainable change is made and communities are lifted holistically.

Our campaign Food Security made a Global impact where we reached out to struggling families across the globe, providing healthy nutritious food packs, relief kits and household items to ensure families can restart and rebuild their lives.

SAF campaign stretched from Sindh to Khyber Pakhtunkhwa to Australia and the United Kingdom.

## TARGET AND IMPACT FOR GOAL 2: ZERO HUNGER

### TARGETS:

- Control hunger and ensure access by all people, in particular people in vulnerable situations, including infants.
- Access to safe, nutritious and sufficient food all year-round so that families can invest in income generating opportunities to improve their living standards.
- End all forms of malnutrition, meeting internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons.
- Provide assistance to households facing natural calamity, accidents and shortage of food supply due to lockdowns in the community.
- Ensuring consistency in the supply of healthy dietary items all-year round and not just incrementally rising to the occasion.
- Extending food supplies to far-reaching areas that are otherwise deprived of basic provisions and face frequent shortages due to socioeconomic barriers.
- Powering industrial development based around the distribution and handling of safe food in these areas where it is just procured and not produced.

## FOOD SECURITY

Food insecurity can have detrimental effects on those who experience it and more people around the country are going hungry now than before the pandemic hit. Therefore, SAF had to pivot from providing other essential services to offering the most essential service of all: giving food. It has been at the forefront in combating the problem of hunger through its ration drives reaching impoverished communities. Under our Food Security Campaign, SAF reached out to families across the country through various Ration drives providing families with a month of ration inclusive of healthy nutritional meals.

## HOUSEHOLDS FACILITATED WITH RATION DRIVE 2021 -2022

## DROUGHT IN CHOLISTAN

The inhabitants of Cholistan experienced the worst conditions of drought and water scarcity as the desert region did not receive rainfall for a long time. Over 50 livestock were reported dead due to dehydration and extreme heat, children were getting malnourished and families were moving to less-affected areas where they were not welcomed.

In order to ease the severe water scarcity in Cholistan, the SAF Emergency Relief Response team toured affected areas with rescue 1122 in-charge Mr. Baqar Ali and DC Bahawalpur Mr. Irfan Ali, additional DC Mr. Umer Farooq. SAF provided the people with access to 18,000 liters of drinking water and 20,000 of domestic use water along with first aid equipment and medicines. The SAF team is also working on devising drinking schemes to provide the people with continuous access to water.

## RATION DRIVE TO STRENGTHEN THE COMMUNITY OF DADU AFFECTED BY FIRE

Shaken by the devastating fire at Dadu where various families lost their children and loved ones, SAF provided the affectees of Dadu fire with first aid, ration and water to help them overcome the harsh adversity.

## WHEELCHAIRS OF HOPE

The wheelchair is one of the most commonly used assistive devices for enhancing the personal mobility of people with disabilities and special needs. Providing wheelchairs that are appropriate, well-designed and fitted not only enhances mobility, but also opens up a world of education, work and social life for those in need of such support. To improve mobility, health, and the educational and economic opportunities for people with physical disabilities in Gilgit Baltistan SAF volunteers joined hands with local organizations in the province and gathered information about families who are in need of wheelchairs. SAF provided 55 manual wheelchairs that are appropriate to children needs in the region to help ease their mobility and ensure they can access education, build their self-esteem and create a better future.

## FOOD BANK UK

Envisioning a future without food insecurity, SAF UK is successfully running a Food Bank to reach out to the homeless and most vulnerable households living in Croydon, South London. Under the drive, SAF's team of volunteers deliver free food for the homeless in collaboration with Night Watch and Royal Spice. The food bank was initiated after Covid -19 and has been consistently providing home-made packed foods to the homeless; the bank has completed 35 drives and provided over a 1000 meals in the past one year.

## RAMADAN FOOD DRIVE IN SYDNEY AND MELBOURNE

Shahid Afridi Foundation Australia Chapter conducted its Ramadan Food Drive in Sydney & Melbourne. Food packs were distributed to underserved communities including sick, elderly, special needs persons, refugees, single mothers and struggling families. The drive facilitated over 200 families in both the cities respectively.

# HEALTH

# HEALTH

**GOAL: TO EXPAND AND CREATE OPPORTUNITIES, TO ACCESS QUALITY HEALTHCARE AND PROMOTE WELL-BEING FOR ALL AT ALL AGES.**

The most far-reaching areas of Pakistan are often left out when it comes to providing ready and fully-fledged healthcare services for community members. At SAF, we have taken it upon ourselves to further medical assistance, dispensaries, and Mother & Child Health care services for vulnerable communities to target common illnesses and diseases that have become widespread due to contaminated water and food supplies.

**3 GOOD HEALTH AND WELL-BEING**

“

The level of women’s health in Pakistan is among the lowest in the world. In Pakistan, one in every 38 women dies from pregnancy-related causes out of every 230 women.

- World Bank

“Women lead the progress of family health or economic progress; women’s poor health not only seriously reduces family well-being and productive capacity in Pakistan, but also the development potential of tomorrow.”

A good healthcare system is important to reduce the burden on families and contribute to national growth. According to OECD Observer, a good healthcare system ensures a strong economy; in fact, their study showed that a mere 10% increase in life expectancy ensures an economic growth of around 0.4% per year.

A peaceful and inclusive society is the foundation of sustainable development. We must work together to reduce, deliver, and combat. Pakistan health care system leaves many people without access to treatments and medicines; through SAF health we focus on ways to strengthen the healthcare system to better meet the needs of women living in rural underserved areas of Pakistan. We build awareness campaigns, advocate the importance of accessing health and ensure provision of advice in a coordinated effort through partnerships to reach the most affected.

## HOW SAF HEALTH IS IMPROVING HEALTHCARE ACCESS

- Expanding community-based family care services,
- Training and supporting female health providers, in remote & rural areas
- Supporting expansion of private sector services, such as social marketing programs and outreach through Telemedicine.
- Initiating mobile healthcare to bring healthcare to remotest regions of the country.

## SAF HEALTH TARGET & IMPACT FOR GOAL 3: PROVISION OF HEALTH

### TARGETS

- Reduce the global maternal mortality ratio to less than 70 per 100,000 live births.
- End preventable deaths of newborns and children under 5 years of age.
- Reduce neonatal mortality to at least as low as 12 per 1,000 live births and under-5 mortality to at least as low as 25 per 1,000 live births.
- Reduce mortality from non-communicable diseases through prevention and treatment
- Advocate for family planning and reproductive health care.
- Promote health through access to vaccines and medicines for the communicable and noncommunicable diseases.

# IMPACT

## SAHIBZADA FAZAL REHMAN HOSPITAL

Shahid Afridi Foundation health initiatives have made an impact in the most remote areas of Pakistan where medical resources are rampant and access to healthcare is restricted. Since 2014, the initiation of our health objectives has been set in motion.

Through the provision of free and quality services, we equip locales with doctors and personnel to cater to the specific health needs of that region.

Health is one of the primary sectors that Shahid Afridi Foundation envisions to make a positive difference with. SAF Health is working with the vision to make quality healthcare available to anyone and everyone without bias.

SFH marks the monumental birth of all SAF Health initiatives, and paved the way for us to expand our efforts in a variety of avenues. It was created to both, raise awareness about important healthcare issues, and provide ready health services to the residents of the area. Expert doctors and practitioners at the hospital have taken it upon themselves to provide free of cost consultations and conduct awareness sessions for the locals, who are continually directed to medical dispensaries to fulfil their health-related needs. We are humbled that it is making a mark as the only healthcare service provider in the region.

# SFH MEDICAL CAMPS

Free medical camps were set up to bring awareness and inform communities about health issues among the population, who had absolutely no access to basic health-care services and knowledge about diseases they were suffering from. SFH medical camps provide free medical advices, medicines to vulnerable people, and doctors' consultations for the required treatments and surgeries. 8 camps have treated over 4200 patients free of cost up till now. The camps are placed every quarter in nearby villages to ensure community members who can not access the hospital can get themselves treated. The medical camps welcome old women, young mothers and infants who are vulnerable to travel to get themselves treated. SFH camps include screening facilities for diabetes, specialized doctors for PEADS, Gynea and General physicians.

## SFH SUCCESS STORY

SFH was initiated with a dream to provide quality care for women and children for the surrounding communities, the dream was to enable community enough to get treated for common communicable diseases and women may be able to access pre-natal and postnatal care.

The journey of the hospital from a small dispensary to a maternity 16-bed primary care hospital says it all. Today, not only patients from the surrounding communities come to get themselves treated at the hospital but residents of Kohat city travel to the village of Tangi Banda to access healthcare provided at the hospital. Aside from providing care to women and children, the hospital also extends maternity care from start to end leading to expert PEAD care.

The hospital is now offering expert doctors services every week where specialists visit the hospital as part of the giving back to the community program and provide treatment to the incoming patients free of cost. The staff assesses incoming patients eligibility for Zakat who are provided medicines free of cost also.

## TEAM USA VISITING SFH

As our SAF USA Team was visiting Pakistan, Dr Attique Samdani Treasurer SAF USA visited the hospital. Dr. Samadani shared his valued experience with the doctors and the management. During the visit he went through all the departments and shared different health care strategies being practiced globally and can be part of SFH to create sustainability and uplift the surrounding community.

# MOTHER & CHILD HEALTH PROMOTION CENTER

The early years of a child's life lay the foundation for future physical, cognitive, emotional, and social development. Children's health and well-being is influenced by a variety of factors, including family characteristics, community dynamics, and other social determinants of health. These include systems, policies, and environmental conditions in which children are born and grow up. With this aim Mother & Child Health Promotion Center in Malikpur Lahore was established in April 2019 with the collaboration of PAHCHAAN, a Lahore based organization working in different thematical precincts.

## GOAL

Improve the health and well-being of women, infants, children, and families.

## AIM

Improving the well-being of mothers, infants, and children is an important SAF health goal. Their well-being determines the health of the next generation and can help predict future challenges for families and communities. Through this program our objective is to address Maternal, Infant, and Child Health and address issues and indicators that affect the health, wellness, and quality of life of women, children, and families.

Services provided under the program include:

- Hypertension and heart disease
- Diabetes
- Depression
- Domestic abuse
- Tobacco, alcohol, and substance use
- Inadequate nutrition
- Unhealthy weight
- Children vaccinations & immunizations programs

The risk of maternal and infant mortality and pregnancy-related complications can be reduced by increasing access to quality preconception (before pregnancy), prenatal (during pregnancy), and interconception (between pregnancies) care. Healthy birth outcomes and early identification and treatment of developmental delays and disabilities and other health conditions among infants can prevent death or disability and enable children to reach their full potential.

# MCHPC IS DILIGENTLY WORKING TO IMPROVE HEALTH BY:

## COVID 19 VACCINATION:

Under SAF health initiative, we have initiated the process of COVID 19 vaccination through our Mother Child Health Promotion Center, our collaborating partner PAH-CHAAN with the support of Government of Pakistan ensured COVID 19 vaccination is available for underserved community of Malikpur, Lahore where SAF interventions through SAF School and a maternal clinic is making an impact at large.

## IMMUNIZATION DRIVE AT MCHPC:

Fulfilling our responsibility to protect communities, SAF conducted three immunization drives at the Mother Child Health Promotion Center in Malikpur, Lahore:

- 250 children were vaccinated against Hepatitis, the drive was initiated through SAF school and carried out throughout the community where Lady Health Worker associated with SAF clinic and MCHPC went door to door to create awareness and vaccinate the students.
- To meet the health targets set out by WHO, UNICEF, and Gavi, The Vaccine Alliance, Measles and Rubella vaccine campaign for the community was organized and 335 children were immunized.

**IMMUNIZATION CAMP**

## DENGUE AWARENESS SESSION

With rising cases of Dengue Fever, SAF health took the initiative to spread awareness about prevention of the virus at MCPHC for the community with the support of Pahchaan. The session included details on draining out standing water, the regular use of mosquito repellent and other daily household precautions.

## ULTRASOUND FACILITY AT MCHPC

Medical supervision for women is an essential but unfortunately exclusive provision in today's world. Adding to our initiatives of maternal care to strengthen the community at Malikpur, SAF has introduced an ultrasound facility at MCHPC for expecting mothers in the region. In the last quarter of the year Mother Child Health Promotion Center facilitated 50 women with free ultrasound services and health guidelines for expecting women.

With addition of the ultrasound facility there was a significant increase in the number of visits made by expecting mothers and supervised facility delivery after introduction of ultrasound services. Such is the vital role ultrasound is playing in the facility that now mothers are more aware of how this will help them in the early detection of high-risk pregnancies and potentially life-threatening complications like breech presentation, multiple gestations, ectopic pregnancies, placenta previa among others can be identified in a preliminary stage and appropriate management can be instituted. Mothers feel more secure with the care and have timely reports to present to their doctors at the time of delivery.

## HEATWAVE SAFETY

Much like other natural disasters, heat waves can be very dangerous. With rising temperatures, the SAF team with PAHCHAAN at MCHPC took it upon itself to raise awareness about necessary precautions to stay protected from the heat. Women and girls of Malikpur community, Lahore, were briefed on how to stay safe during a heat wave and how to treat heat-related illnesses.

STEP  
01

*Empowering women through advocating & awareness on health issues*

STEP  
02

*Provide access to family planning information*

*Child health development programs*

STEP  
04

*Recruit local staff*

STEP  
03

# MOTHER & CHILD MOBILE HEALTH UNIT

## AIM

To provide medical screening facilities to the women and children of at their door-steps. SAF has set up a mobile health clinic.

*The level of women's health in Pakistan is among the lowest in the world and compares unfavorably to that of women in neighboring South Asian countries. In Pakistan, one in every 38 women dies from pregnancy-related causes while in Sri Lanka, it is one in 230. Improving Women's Health in Pakistan*

- World Bank Report

If action is not taken swiftly, Pakistan will fall further behind its Asian neighbors in human capital development and jeopardize future opportunities for economic growth, as high fertility and women's poor health not only seriously reduce family well-being and productive capacity in Pakistan, but also the development potential of tomorrow.

To run, operate and maintain the SAF Mobile Mother & Child Clinic from Chakwal to Balkasar, covering approx. 300 villages to facilitate where poor communities reside, and healthcare facilities are not available.

## OBJECTIVES:

- To reduce the incidents of maternal and new-born mortality and morbidity in the selected areas.
- Facilitate communities to access quality skilled maternity care.
- To provide postnatal and antenatal support to women including awareness regarding nutritional needs.
- To create awareness regarding family planning and the importance of planned parenthood.

## FEATURE OF THE UNIT:

The Mobile clinic focal point is Balkasar, Chakwal District, Punjab. The mobile unit covers 50 KM area from Chakwal to Balkasar. Covering approx. 300 villages in the radius, on the preselected days of the week in coordination with Local District Health Department.

- The Mobile Unit only examines women and children and refers complicated cases to the main/general hospital at Balkasar.
- Mobile clinic is fully equipped with all the basic level screening, treatment facilities and equipment.
- Maintenance of the vehicle is done on a periodical basis to ensure sustainability.
- To record and maintain a complete database of the patients attended and treated in the manner that transparency is not compromised at any time.

## PROVISION OF HEALTH SERVICES

- General checkup
- Ultrasonography
- General Pathological Test
- General Eye Checkup
- Dispensation of medicines to general patients
- Antenatal care

## FACILITATION

- Proper routine checkup of women particularly during the time of pregnancy.
- Routine antenatal Examination.
- Laboratory tests
- Health Counseling
- Informing rural women about personal hygiene
- Availability of medicines and supplements to both mother and infants.
- Free of cost treatment & medicines

## AREAS COVERED

The mobile unit cover 50 KM area from Chakwal to Balkasar. Covering approx. 300 villages in the radius, on the preselected days of the week in coordination with Local District Health Department.

- Chakwal
- Talagang
- Choa Saidan Shah
- Lawa
- Kallar Kahar

## MOBILE UNIT COLLABORATIONS

### MASTER GROUP

This medical health care services unit was donated by Master Group Pvt. (Ltd.) in partnership with Foton Motors and under Master Molty Foam Corporate Social Responsibility.

### REDO MEDICAL COMPLEX

The Mobile unit is managed and operated by REDO, a Rawalpindi based social welfare organization providing healthcare services, to reach every mother and child of rural areas of District Chakwal to provide basic medical health services at its best and free of cost.

The country is rapidly moving from being classified as water “stressed” to water “scarce”—and with its annual water availability fall below 1,000 cubic metres per person, it may in fact have already crossed this threshold.

# SAF HEALTH PARTNERSHIPS

## FREE CONSULTATIONS FOR UNDERSERVED COMMUNITIES

SAF joined hands with Hello Doctor and Nazir Awan Foundation to provide 1 million free consultations for underserved communities in Pakistan. SAF issued a medical card to the communities which allowed them to access telehealth services and break barriers in the form of affordability to provide free healthcare access. The card allowed them to avail free health services with SAF health. The cards were shared with SAF school students, SAF ration drive beneficiaries and patients coming in at SFH, MCHPC and our Mobile Unit. SAF reached over 25,000 individuals with free quality consultations.

# EDUCATION

# EDUCATION

**GOAL: TO ENHANCE EDUCATIONAL MODEL BY CREATING EQUAL OPPORTUNITIES, CONDUCIVE LEARNING & PROFESSIONAL DEVELOPMENT FOR EDUCATORS**

Education is critical for children as it provides youth with opportunities for development and growth and will point them in the direction of long-term success, which will help with breaking the poverty cycle.

“

“Education is the tool that breaks down all barriers; it is the foundation of all progress and growth, both as an individual and as a society. - All things are possible because anything can be learned.”

-Shahid Afridi

Education is a leading determinant of economic growth, employment, and earnings. Ignoring the economic dimension of education would endanger the prosperity of future generations, with widespread repercussions for poverty, social exclusion, and sustainability of social security systems (Woessman 2015). For every US\$1 spent on education, as much as US\$10 to US\$15 can be generated in economic growth (UNESCO 2012). If 75% more 15-year-olds in forty-six of the world’s poorest countries were to reach the lowest OECD benchmark for mathematics, economic growth could improve by 2.1% from its baseline and 104 million people could be lifted out of extreme poverty (UNESCO 2012).

Education refers to the development of the learning and thinking process. It goes beyond the four walls of the classroom. Shahid Afridi Foundation education initiative focuses on empowerment through education; our program is an organized set of learning activities designed to enable students to develop knowledge, understanding, skills and attitudes relevant to the student’s individual needs. The educational program at SAF works with the objective to empower and uplift youth to become independent contributing members of the society.

SAF education is catering to the outskirts of cities where most of the marginalized communities reside, including numerous out-of-school children, especially girls, who are not enrolled in schools due to socio-economic setbacks. SAF is working tirelessly to develop a system that not only enables quality education for all but also caters to communities by empowering and uplifting their lives.

# HOW IS SAF EDUCATION MEETING SUSTAINABLE DEVELOPMENT GOALS

- Paying special attention to achieving Gender Equality in Pakistan through SAF education for out-of-school girls;
- Promote lifelong learning opportunities for all with a focus on Quality Education.
- Promoting Decent work and Economic Growth by powering a plethora of SAF education initiatives to create better prospects for students enrolled at the school and associated communities by facilitating entrepreneurship and professional development training for teachers.
- Paying special attention to skill development by introducing IT based learnings and vocational training programs.

## SAF EDUCATION TARGETS

Education liberates the intellect, unlocks the imagination and is fundamental for self-respect. It is the key to prosperity and opens a world of opportunities, making it possible for each of us to contribute to a progressive, healthy society. Learning benefits every human being and should be available to all. - UN SDG

- Create opportunities to ensure that all girls and boys have access to quality early childhood development and primary education to achieve literacy and numeracy.
- Create opportunities for equal access for all women and men to affordable and quality technical, vocational and tertiary education by providing them with skills got employment and entrepreneurship.
- Eliminate gender disparities in education and ensure equal access to all levels of education and vocational training.
- Build and upgrade education facilities that are inclusive and have effective learning environments for all.
- Expand the number of scholarships for enrollment in higher education, including ICT, technical, engineering and scientific programmes.

## SAF SCHOOLS CHARACTERISTICS

- Based on the community schooling system,
- Focus on academic and non-academic development,
- Creating awareness in the communities through family counseling sessions and co-curricular activities for students,
- Medical camps, professional development, & capacity-building exercises for teachers.

# SAF EDUCATION IMPACT THROUGH 15 SCHOOLS ACROSS THE COUNTRY

## CELEBRATION OF YOUNG MINDS

SAF arranged academic ceremonies to honor all hardworking students across a network of 15 schools as they got promoted to the next grade, to further encourage the students to improve their performance and continue their journey to success; because happier students = happier teacher = happier school.

The events are organized annually in order to honor the remarkable achievements made by SAF students during the academic year and to recognize the efforts made by SAF teachers. The events highlight success stories and motivates students to show more resilience and hard to achieve goals and create better prospects in life. The events kicked off with mini talent show put up by our amazing SAF students highlighting their educational journey.

## INDEPENDENCE DAY CELEBRATIONS

The 74th Independence Day was celebrated with great zeal and enthusiasm across 15 SAF schools, the students learned the importance of freedom and how our forefathers worked to ensure we have an independent state and how we should work together to protect the sovereignty of the country. The young stars of our schools had the time of their lives in their patriotic gear as they learned about the significance of Independence, sacrifices made by our founding fathers and the true spirit of being a Pakistani.

## 15TH SAF SCHOOL

Pakistan continues to face an education emergency. Statistics suggest almost 44% (22.6 million) children between the age of 5 and 16 are out of school. To bring access to quality education across the country SAF is continuously expanding its services by adopting underprivileged, struggling schools as we believe in not investing highly precious capital in constructing new buildings instead adopt schools which are struggling to impart education. SAF adopts schools and help facilitate the management impart education at par with international standards initiating community and teacher's capacity building programs simultaneously.

SAF Education has expanded its network of schools by adopting a school in Samundri, Faisalabad. The school is located in a small village and hosts over 200 students coming from low income households. The school was adopted and inauguration was done by Chairman SAF Mr. Afridi, during his visit to the school he met with the students enrolled at the campus, teachers and management staff.

***“Millions of children in Pakistan remain out of school. This brings a huge responsibility on every one of us to ensure access to education for our children. A well-educated population is important to boost the economy, broaden their outlook, and to ensure a bright future for our country.” - Chairman SAF***

With the adoption of the school SAF is providing students with uniforms, curricula, notebooks, stationery, bags, shoes and socks. We have initiated capacity building trainings at the school and will be engaging the community through our Mini MBA program in the academic year 2022. A computer lab, and a library will also be constructed at the school to equip students with the right tools to become independent contributing members of the society.

## IMPARTING ENTREPRENEURIAL SKILLS

SAF education does not only focus on academic development of our students but also towards their professional growth. We aspire our students to become role models within their community and pave way for economic growth.

### SHAHUR

SAF has collaborated with LUMS Entrepreneurial Society (LES) towards equipping youth with the tools to secure brighter prospects for their communities to impart instrumental professional skills to the students of SAF schools. The program was implemented through online tools following COVID protocols. Students interacted with LUMS students through emails and shared their queries for lessons imparted. The Shahur program focused on self esteem building activities, setting goals and objectives, time and team management and developing healthy life habits.

## MINI MBA

SAF in collaboration with Peace Through Prosperity, conducted 4 Mini MBA sessions this year at 4 SAF schools. Rehri Goth, Bhangoria Goth, Ramzan Goth and Arkanabad campuses were selected to impart the workshop. The workshops held this year had the highest number of female entrepreneurs. The sessions were attended by community members, SAF school teachers and SAF school alumni. Learning ways to grow their businesses and improve financial skills to promote entrepreneurial development in enterprising women from the local communities were the highlights of the Mini MBA sessions. A cohort of 45 women participated in the session learning how to grow their home-based businesses. The participants shared their experiences, challenges, and opportunities for expanding their business as well as how they plan to work towards establishing sustainable plans to grow their current business. The Mini MBA syllabus and its sessions helped acquire the participants new business tactics that will shape them as a successful business professional.

# SAF ARKANABAD CAMPUS ADOPTED BY SAF AUSTRALIA

SAF Arkanabad School Campus has been adopted by SAF Australia where 236 students are getting their education. SAF Australia has become the beacon of hope for the students enrolled in the school. SAF Australia Country Director and Vice Chair and donors visited the school and interacted with the students to learn first-hand how SAF is creating impact and how we can work together to improve the quality of education at the school.

Our donors are ensuring every child is prepared to learn and succeed in the classroom by providing them school supplies including uniforms and curricula free of cost. The interventions in the school also include construction of a library and an IT Lab. We are grateful to our valued donors Ms. Huma Ali & family and Mr. Shah & family for sponsoring the Library & IT Lab respectively.

## TECHNOLOGY-ENHANCED LEARNING

Motivated by the prospect of greater economic, social, educational and technological gains, SAF education initiative is working towards bringing education reform, with a clear focus on ICT integration. The accessibility of modern computer technologies, presence of a well-equipped and functional computer lab facility in all SAF schools provides the opportunity not only to modernize educational methods but also to augment students and teachers' interest towards the efficient use of computer technology along with access to quality education.

Integrating information technology into the teaching and learning process is being carried out across SAF Schools. This year we have established three computer labs to empower students with current technologies.

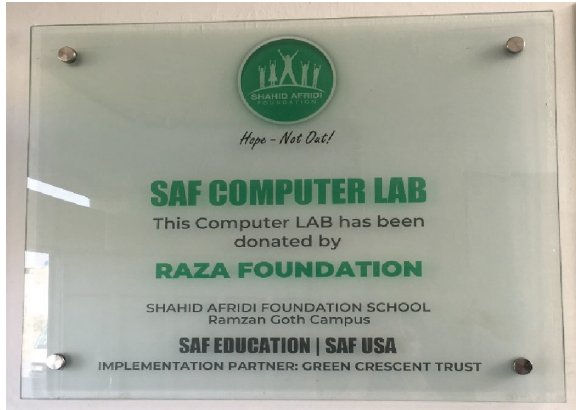

SAF Education recognised not only the positive effects of technology in education, but also the pivotal role that it plays in securing jobs in the competitive job market of the 21st century this is why we are introducing STEM education, coding programming through the IT labs constructed at SAF schools.

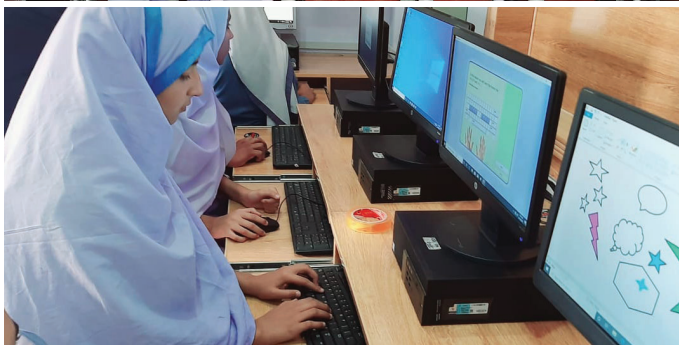

## SAF FIRST IT LAB

Shahid Afridi Foundation school's first IT lab was constructed and initiated at Ramazan Goth campus, thanks to the generous contribution of Raza Foundation and SAF USA chapter. The lab will give students a fresh opportunity to broaden their horizons and access globalization at their fingertips. The lab is currently facilitating 310 students enrolled at the school. We are equipping students with microsoft skills and tools to help them secure IT skills to have diversified knowledge and will assist in shaping their careers after completing their education at SAF schools.

## SECOND IT LAB

Shahid Afridi Foundation school's second IT lab at Nowshera campus, KP has been successfully completed, inaugurated and fully operational with the support of SMEC Australia and SAF Australia. The lab will give SAF students a fresh opportunity to broaden their horizons, helping them gain the skills they need to participate in the digital world.

### THIRD IT LAB

Shahid Afridi Foundation third IT lab is under construction at Arkanabad campus, Karachi with the support of SAF Australia chapter donors and staunch advocate Dania Syed. The IT lab will be completed by Aug 2022 and will be made operational by September 2022 so the students can start learning the digital skills as they start their new academic year.

## IT LAB FUTURE PLANS

Beginning digital literacy programs in younger grades is essential; introduction to digital media prepares young children and teenagers for the skills they need to engage in technology both safely and responsibly. It empowers and educates children by providing them with the tools they need to thrive in an ever-changing digital world. SAF Education is partnering with leading organizations like EDVON & Digi Skills to impart education to students and continue building IT Labs in more schools to make IT technology more accessible for the students.

## DIGITAL LITERACY FOR TEACHERS

It is the educator who inspires the student to be creative and prompt deep thinking and logical analysis among students, therefore it is essential for the teachers and trainers to be equipped with the latest tools and techniques to impart education. SAF is working with the teachers through its professional development programs and is equipping teachers with tools to help impart quality education. Along with this teacher who are not digital literate are learning IT skills and techniques to come at par with everyone and introduce latest teaching methods.

## WHEN IN DOUBT GO TO THE LIBRARY

A library is an important source of knowledge to young minds in schools. It develops the important habit of reading among the students. School libraries have a positive impact on student achievement.

SAF is constructing libraries across its 15 schools, this year two libraries were completed and made functional. Through the libraries built in the schools our goal is to:

- Improved reading test scores.
- Achieve higher academic learning
- Positive attitudes towards learning

School libraries are not just for studying but also for students to meet with the teaching staff to have meaningful discussions. It gives students a chance to voice their thoughts and feelings appropriately and in a conducive environment.

## SAF FIRST LIBRARY - THE SAJIDA KHATOON LIBRARY

Shahid Afridi Foundation school's first ever library - The Sajida Khatoon Library is now functional at Arkanabad campus, Karachi. The Sajida Khatoon Library was inaugurated by SAF Australia team led by Country Director Syed Atif Faheem & their donors. The libraries contain books from fiction to biographies to reading and research material for students to have the freedom to explore. The library was designed with the theme of the ocean to give students a space they can relate to and be comfortable, a quiet space for tutoring, studying, and working on projects.

*“Providing a comfortable learning space is part of the importance of a school library for students. It gives a student and tutor an opportunity for one-on-one interaction and open conversation. Additionally, it allows for study groups to find a place to meet up and study complex material. Over time, this quiet and relaxing environment can help students with their overall grades and improve their self-studying skills.”*

- Syed Atif Faheem  
- Country Director Australia

### **SAF SECOND LIBRARY - SHAMEEM SAEED LIBRARY**

Access to knowledge encourages exercise of rights, inclusion in society and freedom for all. With this goal SAF inaugurated its second Library in Malikpur, Lahore to bring knowledge to those who are in need. The library was made possible through SAF Australia donors, the books in the library were donated by Beacon House students who generously shared their books with our students.

Mr. Sunail Khan Husnain joined us in our mission of working with students to enhance motor and cognitive skills acquired from reading. Shamim Saeed Library was inaugurated by him in SAF school Malikpur campus, Lahore, providing SAF students with access to over 500 books imparting instruments of education, culture, and digital information equipping the students to comprehend and grasp the world.

اب ہمیں آگے بڑھنے

سے کوئی نہیں روک سکتا

# INTERVENTIONS AT REHRI GOTH CAMPUS WITH THE SUPPORT OF LUCKY CEMENT

We completed first year of partnership with Lucky Cement, we are thankful and delighted at the same time to have them as our education partner. Their support has enabled our journey of Hope to reach new heights. With the support of Lucky Cement, we were able to become a beacon of hope for the community of Rehri Goth through various interventions.

## BRINGING ACCESS TO EDUCATION

Continuing to support SAF's mission to build the future, curriculum books, uniforms, shoes and stationery were provided to the students of Lucky Cement Campus Rehri Goth as they started their new academic year.

## MINI MBA PROGRAM TO PROMOTE ENTREPRENEURIAL DEVELOPMENT

Third Mini MBA program at SAF Lucky Cement Campus was initiated this year to promote entrepreneurial development to stimulate the national economy. The participants were given a 4-day workshop on how to tackle challenges, and opportunities for expanding their businesses. At the end of the workshop participants shared their business plans on how they plan to work towards establishing sustainable ventures and grow.

## ACADEMIC CEREMONY AT LUCKY CEMENT CAMPUS – REHRI GOTH

Lucky Cement CSR team visited SAF Lucky Cement Campus at Rehri Goth for an engaging academic ceremony. Students being promoted to the next grade were given certificates and medals along with the encouragement to continue their journey of seeking knowledge. The CSR team representatives engaged with the students motivating them how education can help them move forward, sharing their own life stories.

## 23RD MARCH CELEBRATIONS

Pakistan Day was celebrated with national zeal and patriotic spirit at SAF schools. Our students gave performances on national songs and delivered speeches highlighting the historic struggle for the creation of Pakistan. We were delighted to instill values of patriotism and faith in our students to make them a part of our mission to ensure Hope – Not Out for all of Pakistan.

## IMPARTING READING AND WRITING SKILLS WITH JOLLY PHONICS

SAF is always looking to improve teaching and communication skills in the SAF education network so we can offer our students uncompromising, quality education. For that, SAF partnered with Mrs. Tahira Sheikh, a Jolly Phonics Professional trainer to provide a teacher training program at SAF schools. The goal was to polish reading and writing skills of pre-nursery, nursery, and prep students.

## CUTTING DOWN BARRIERS

Curricula and uniforms are the most essential part of academic learning; it also contributes to one of the highest costs parents bear to ensure their child continues their education; SAF is cutting down barriers to education by providing students with curricula at the start of each academic year. SAF distributed notebooks, curricula, uniform, stationery and shoes to students to decrease barriers to education.

## CHILLER INSTALLATION AGAINST RISING HEATWAVE IN SAF SCHOOLS

Safe water and sanitation which give rise to appropriate hygiene are fundamental determinants of individual and social health and well-being. As children spend most of their day at school and in childcare, ensuring that safe, portable drinking water is available in these settings as a fundamental health measure.

Provision of safe drinking water could prevent infectious diseases. Following UN SDG and WASH targets, SAF has expanded beyond the prevention of infectious disease to provide healthy and safe access to water. With the establishment of filtration plants across the country, SAF has ensured provision of water in the schools.

Given the extremely hot weather in the country, SAF education has installed filtered water chillers across 15 SAF schools, to provide access to cold, clean drinking water for the students and teachers during the school time meeting WASH targets.

## PROVISION OF LUNCH

More than 300 students attending SAF school Wadoodia Muhallah campus receive a healthy meal every school day through SAF UK supported Provision of Lunch program. Lunchboxes offered by SAF include meals that are high in nutritional value to promote better dietary habits and reduce burden from parents in the community who must provide lunch to their children daily. The activity is wholeheartedly supported by SAF UK chapter and its generous donor Regal Foods.

## SPONSORING COMPUTERS FOR GIRLS STEM EDUCATION

STEM (Science, Technology, Engineering & Mathematics) learning is important for students in their everyday life in this contemporary world, with the rise of new technologies in biomedicine, microfabrication, robotics and artificial intelligence.

SAF Australia Youth Ambassador, Daniya Syed raised funds to support STEM Education for underprivileged girls at SAF School Arkanabad, Karachi to provide access to technologies by setting up an IT lab for the students. This will enable the integration of digital learning which allows SAF School students to come at par with the world.

## SAF SCHOLARSHIP PROGRAM

Scholarships can be immensely beneficial for students as they gradually progress through their academic lives and gradually transit into professional careers. Besides handling a portion of the academic expenses, scholarships are excellent credentials for their resume and portfolio that can leave an amazing impression on admission committees and employers. Being a recipient of any scholarship is a testimony to a student's academic capabilities and their commitment towards the pursuit of excellence in their field of interest.

SAF Scholarship program focuses on cutting down financial barriers for anyone who is seeking to pursue education; SAF scholarship supports students from grade five to undergraduate degree anywhere in Pakistan. Currently over 25 students across the country are pursuing their education without the worry of financial burdens with a focus towards achieving their goals. We are delighted to be part of their journey of Hope and help them open doors of opportunities for them, their communities and Pakistan.

## **SAF SCHOOL IN TIRAH VALLEY**

### **TIRAH SCHOOL**

The first purpose-built school in Tirah Valley's construction began in 2018 is now completed. The school will be functional in December 2023. Under SAF Education initiative, we aim to make this an educational hub for the community of Tirah where students can develop vocational skills, teachers can go through professional development and the community is involved through capacity building and social development projects.

## DG KHAN SCHOOL

SAF is working towards constructing its second purpose-built building and first educational vocational training center. The school will be a purpose-built school in Moza Khaakhi – DG Khan, South Punjab that will enable 600 out of school children to access quality education free of cost. The land for the school was donated to SAF by a generous donor who wanted to give back to his community and chose SAF as a trusted partner.

### SAF DG KHAN SCHOOL

- **A Model Purpose Built School**  
Primary level School
- **Facilities**  
Science Labs | IT Lab | Libraries  
Teacher trainings  
Sports facilitation
- **Student Learning opportunities**  
Enrollment of 600 OOSC  
Vocational & IT Trainings

## SAF AUSTRALIA VISITING SAF SCHOOLS

SAF Australia country director Mr. Atif Faheem and Ms. Erum Malik visited SAF Schools; the team members visited Ramzan Goth campus to inspect the IT Lab installed at the campus and to observe the curricula implemented through the IT Lab. During the visit, they met with the team to learn first hand about the experience of students introduced to digital technology.

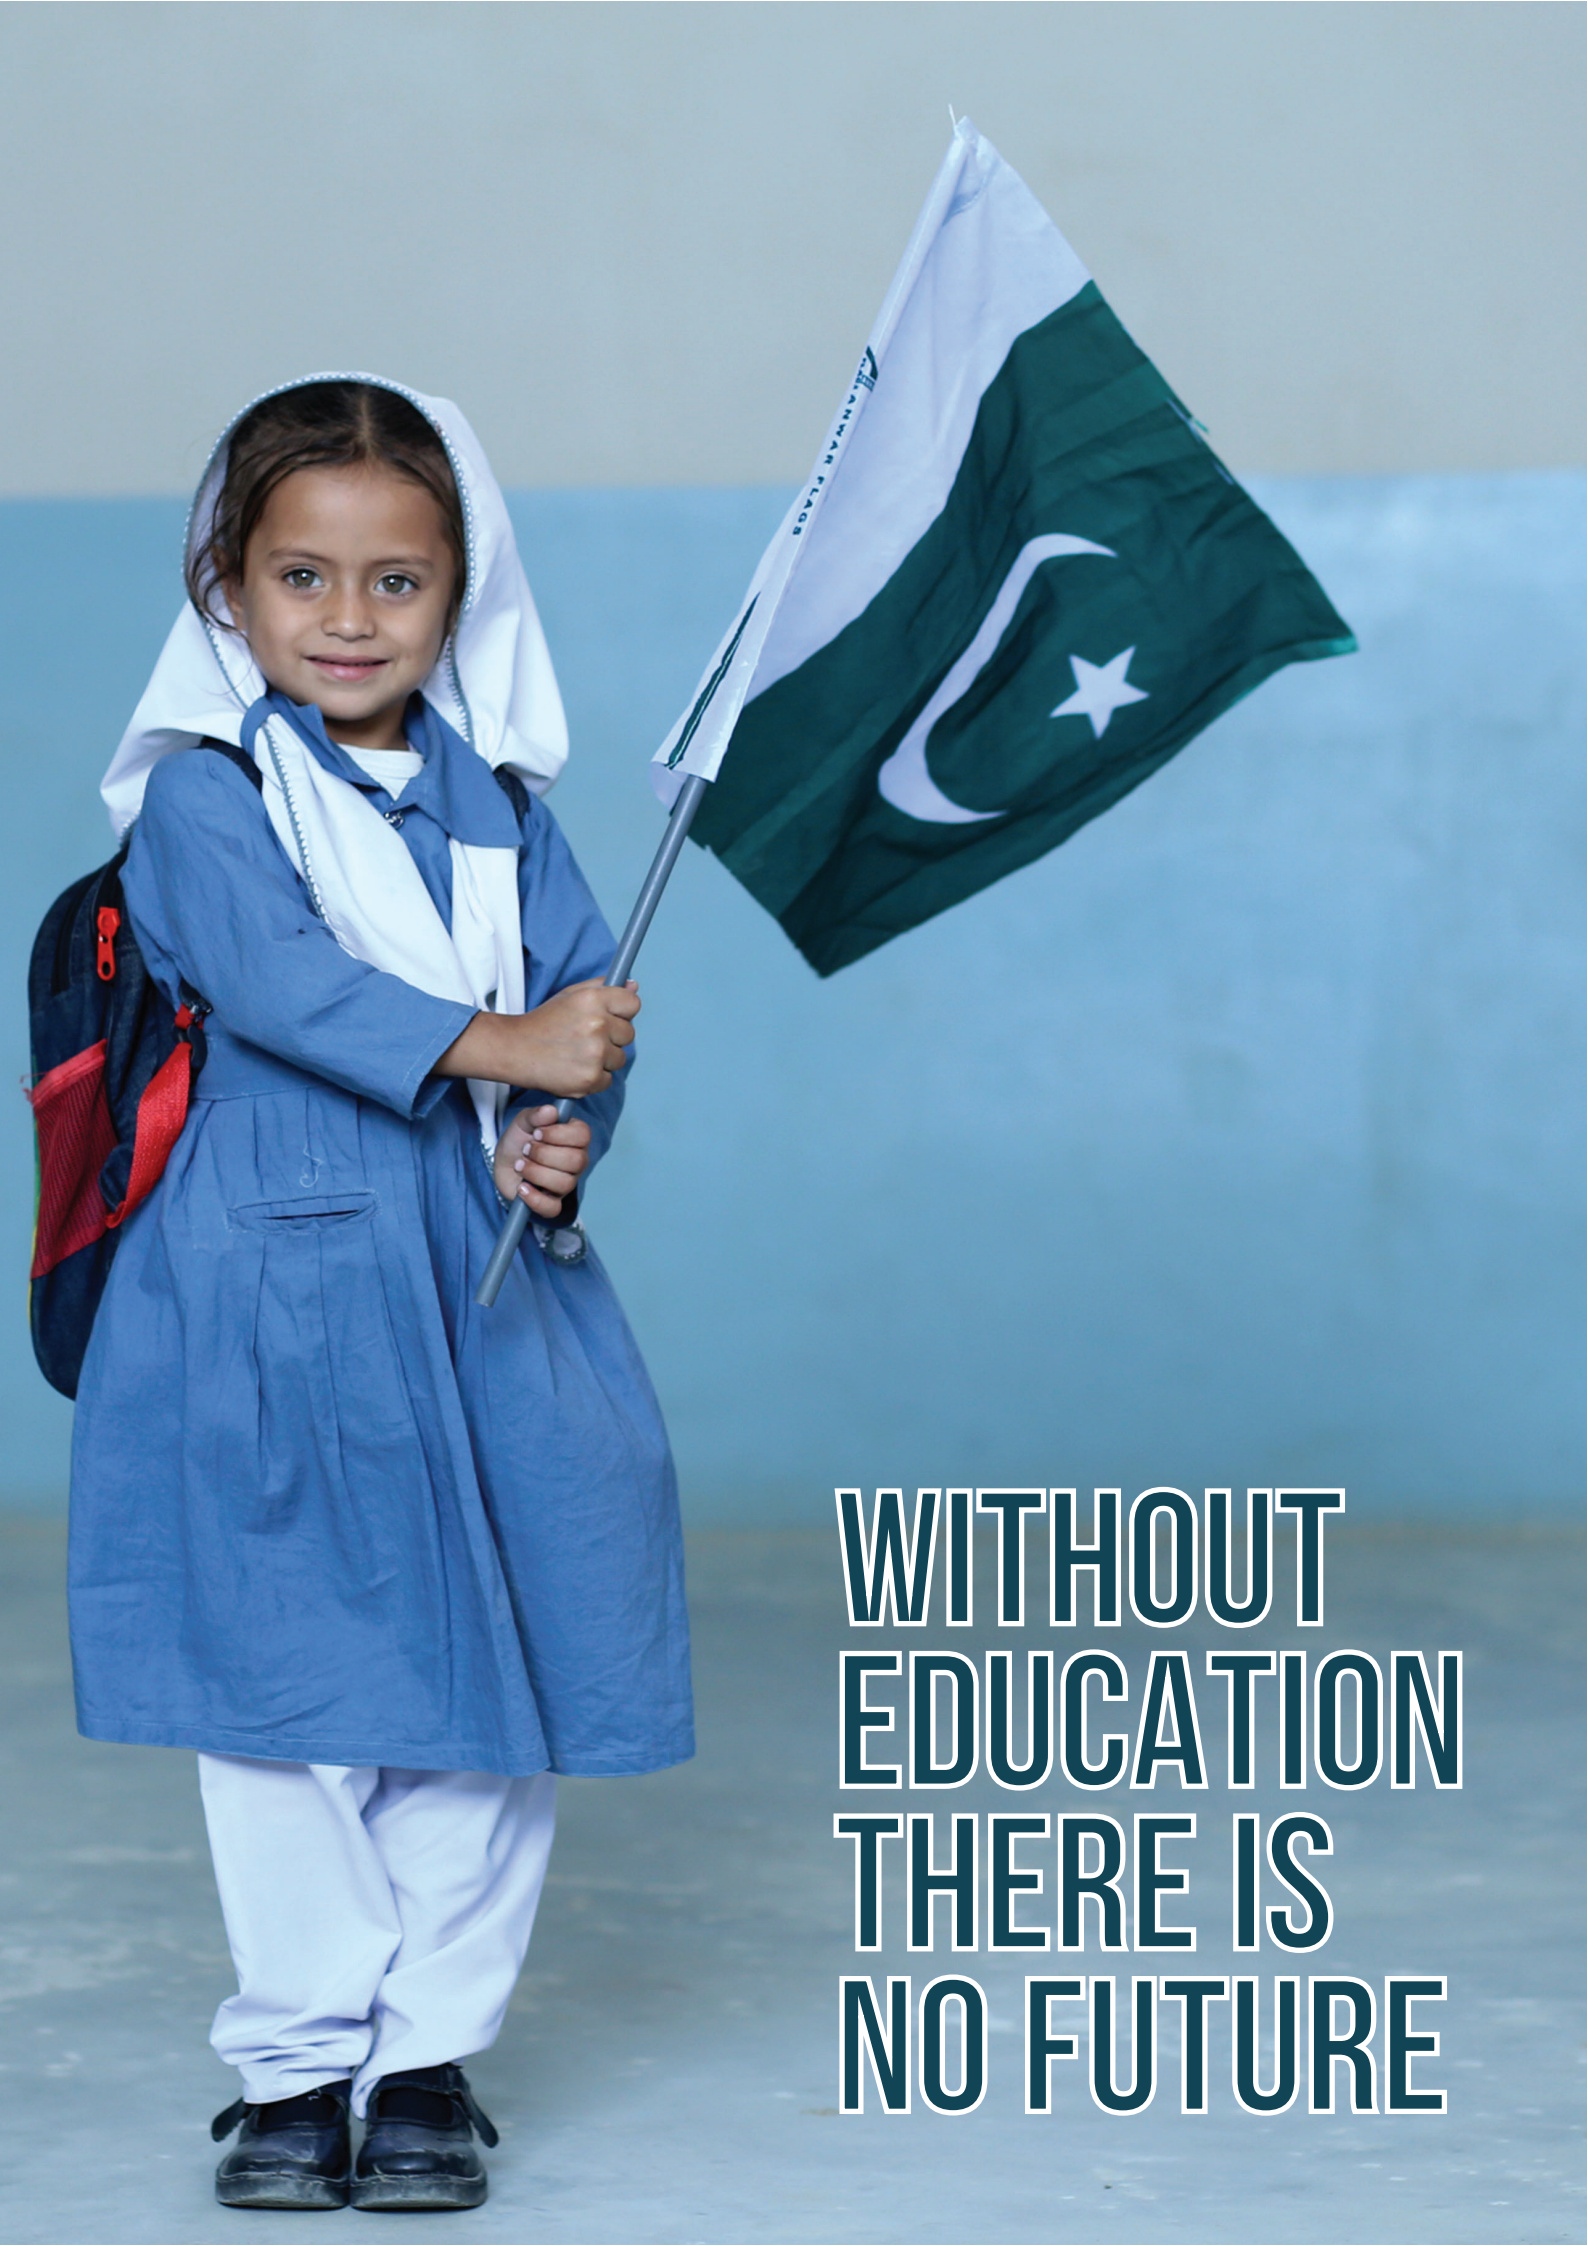

The visit was made to inspire their donors in Australia how digital learning is being made part of SAF academic program, and steps SAF is taking to make the provision of IT literacy more common through its network of schools across the country.

The IT curriculum starts with basic knowledge of making students aware of computer software to develop microsoft skills and then move towards STEM education.

The visit made by the team allowed them to pitch the idea better to their donors and now an IT lab is under construction in Arkanabad campus sponsored by SAF Australia.

**WITHOUT  
EDUCATION  
THERE IS  
NO FUTURE**

# WATER

# WATER

## GOAL: ENSURING ADEQUATE & SUSTAINABLE (RENEWABLE ENERGY BASED) WATER SUPPLY MANAGEMENT & SANITATION.

Access to water and sanitation is a human right and not a privilege; according to UNICEF, 2.2 billion people still lack access to safe drinking water, and more than half the global population does not have access to safe sanitation.

Water access is also intrinsically linked to equity, as responsibility of collecting water mostly falls on women and girls, they have to walk several kilometers per day to collect potable water.

“

"No person in Pakistan, whether from the north with its more than 5,000 glaciers, or from the south with its 'hyper deserts,' will be immune to this [scarcity],"

-Neil Buhne, UN humanitarian coordinator for Pakistan.

While WASH access is a challenge across the globe, water systems are implemented on a local level. That means each place experiences unique vulnerabilities, and therefore requires tailored solutions based on local conditions.

Pakistan is facing a serious water crisis. The country is rapidly moving from being classified as water “stressed” to water “scarce”—and with its annual water availability falling below 1,000 cubic meters per person, it may in fact have already crossed this threshold. For comparison, that means that the annual water available for each person in Pakistan would not even fill half of an Olympic swimming pool.

According to a recent report by the International Monetary Fund (IMF), Pakistan ranks third in the world among countries facing acute water shortage. Reports by the United Nations Development Programme (UNDP) and the Pakistan Council of Research in Water Resources (PCRWR) also warn the authorities that the South Asian country will reach absolute water scarcity by 2025.

1 in 9 – lack access to water, according to water aid, over 22 million people in Pakistan do not have easy access to water for drinking, cooking, washing or bathing.

The scope of the crisis can be demonstrated by a few key facts:

- About 92 per cent of Pakistan is classified as semi-arid to arid, and most Pakistanis are dependent on surface and groundwater sources from a single source—the Indus River basin.
- About 90 per cent of the country's agricultural production comes from land irrigated by the Indus Basin Irrigation System (Qureshi, 2011), firmly linking national food security to water levels in the Indus River basin.
- Pakistan's water storage capacity is limited to a maximum 30-day supply, far below the 1,000-day storage capacity recommended for a country with its climatic characteristics.

With water availability per person declining year by year, and demand for food production continuously increasing, Pakistan faces not only a water crisis but also serious concerns regarding its future food security.

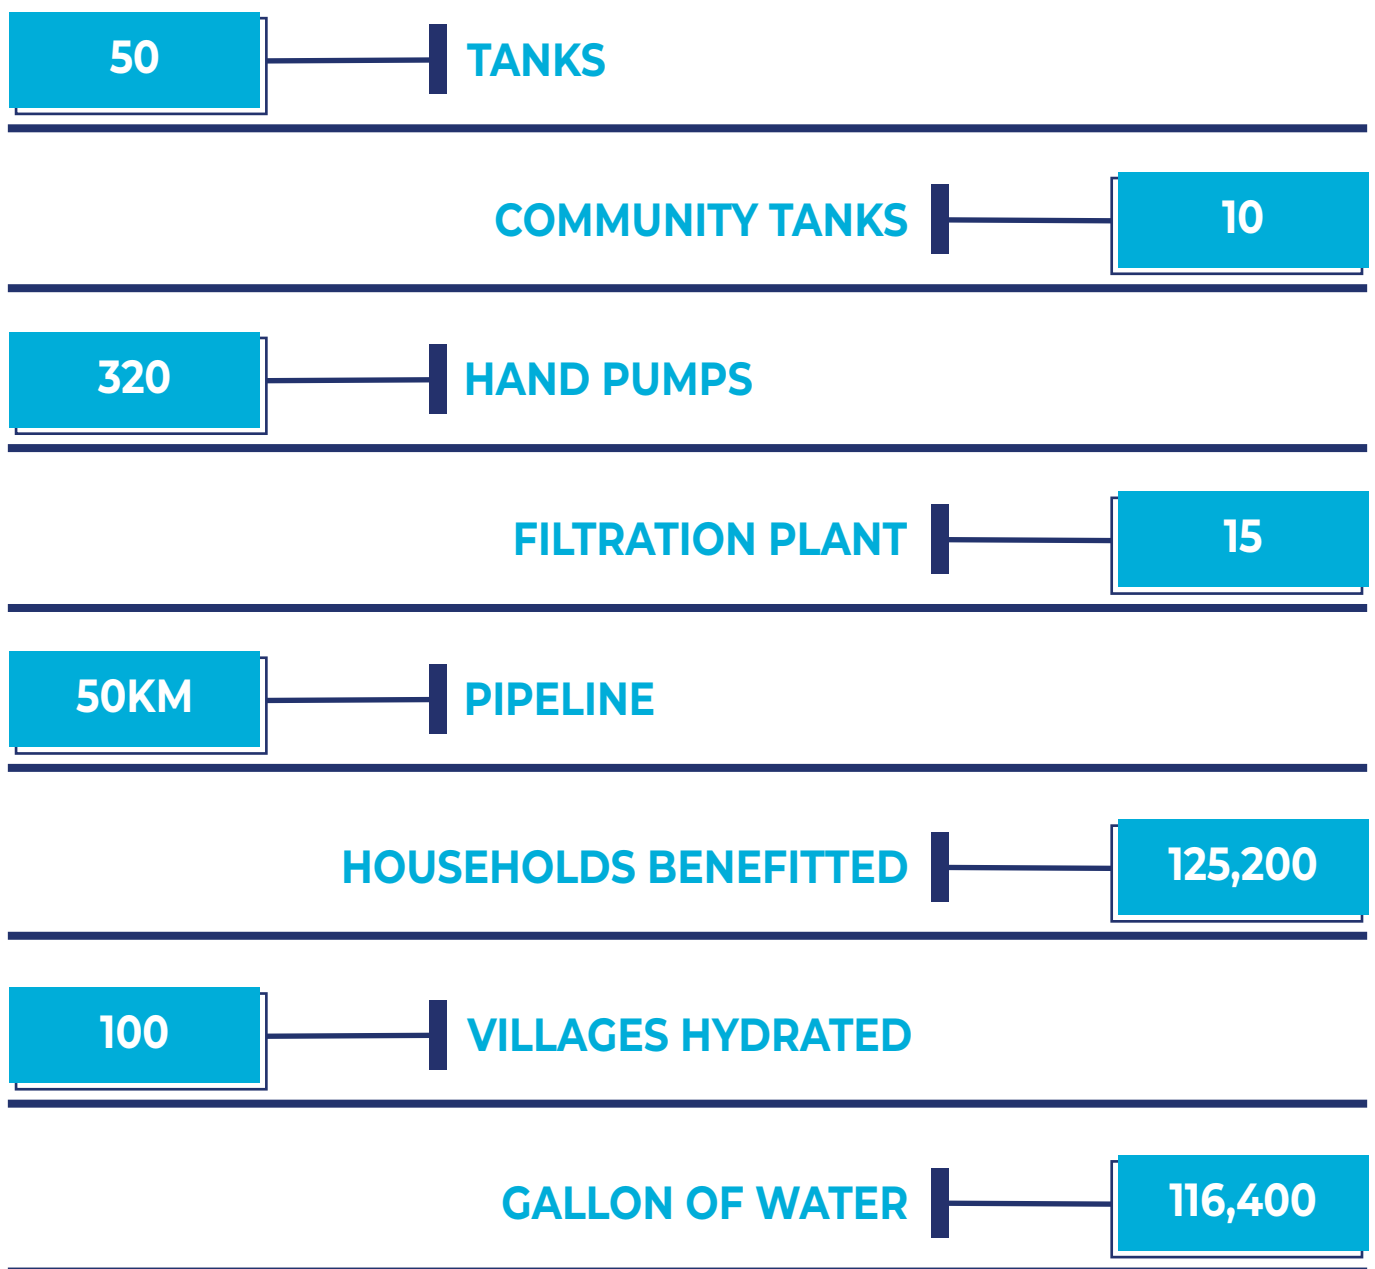

# IMPACT

SAF Water focuses towards creating access to safe and readily available water for drinking, domestic use, food production or recreational purposes. Improved water supply and sanitation, allows us to contribute greatly towards poverty reduction. It is one of our goals to help procure and provide water facilities to people in need across Pakistan. SAF has made water accessible to communities through Water Tanks, Wells, Hand Pumps, and Water Filtration Plants and has so far benefited 100,000+ Households so far.

## HOW IS SAF SOLVING THE ISSUE

## REMOTE & VULNERABLE AREA

Safe & readily available water boosts economic growth & contributes towards poverty reduction.

## WASH

Access to improved sanitation and adherence to good hygiene practices.

## SUSTAINABILITY OF WATER RESOURCES

Creating awareness to meet current, ecological, social, & economic needs without compromising the ability to meet those needs in the future.

## SAF WATER REACHES BALOCHISTAN

### WHY BALOCHISTAN NEEDS US

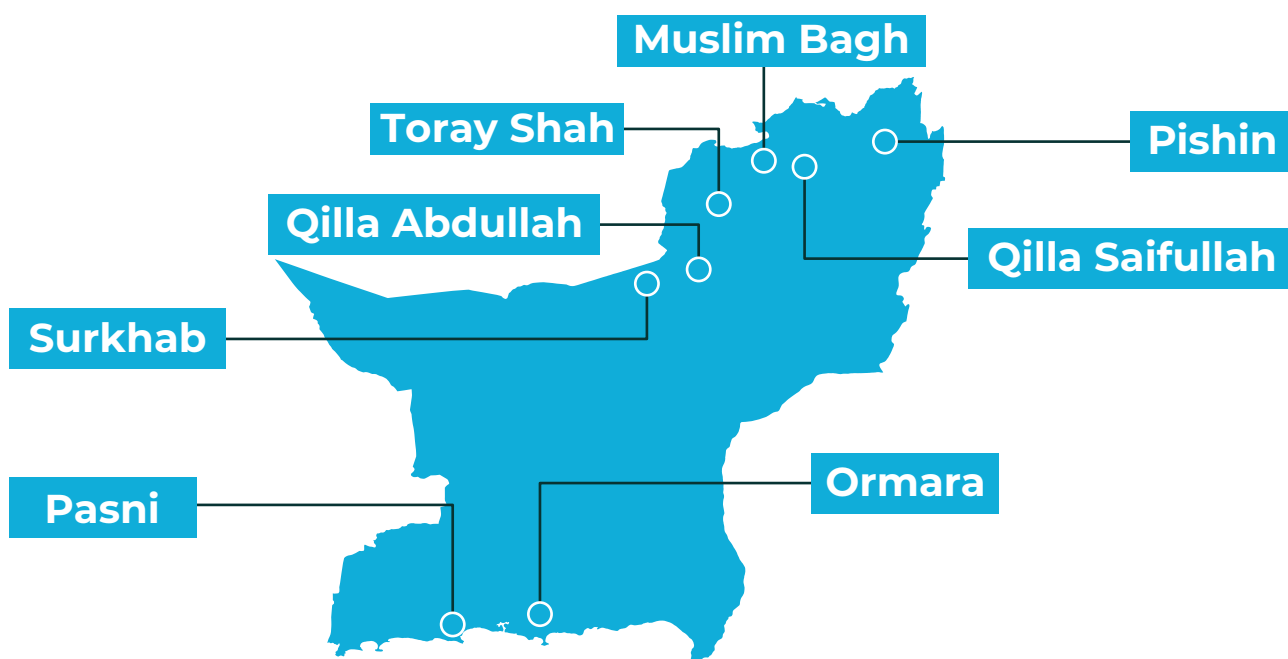

The lack of access to clean water is not just a problem faced by a single division or district in Balochistan but all the districts. Women and children typically shoulder the burden of water collection, facing long treks to often contaminated water sources. The time-consuming and hazardous journey jeopardizes their health and ability to earn money or go to school, and the polluted water makes families vulnerable to disease.

Over the last two decades, the arid region has been particularly prone to drought. This is undermining how local people can earn a living – as they struggle to raise livestock and grow crops. In many districts drought has forced families to migrate in order to access water for livestock – a major source of income.

***According to government sources, out of the 12.3 million population of Balochistan, 85% does not have access to clean water.***

### OUR IMPACT IN BALOCHISTAN

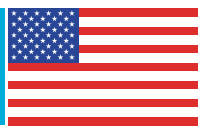

SAF is creating access to water in the region with the support of our sponsors in USA under the Building Dream campaign by installing filtration plants and constructing community tanks in the region. We have installed over 7 filtration plants in the province and along with 6 community water tank schemes under construction.

# SAF IMPACT IN WATER WITH THE SUPPORT OF OUR LOCAL & INTERNATIONAL DONORS

## USA DONORS

## Building Dreams

### ORMARA, PASNI & LAMRAN

As part of our **Building Dreams Campaign** we have installed two drinking water schemes in Ormara and Pasni; and one water scheme in Lamran, Khanzai through the community of **Virginia** and SAF USA Board Member **Dr. Attique Samdani**. The filtration plant was installed with the support of Pak Navy and Sahil Welfare Association. To make this initiative sustainable and successful, SAF has joined hands with Pakistan Navy and Sahil Welfare Association to support the endeavor of reaching the unserved communities of the region. The two water filtration plants will provide 30,000 gallons of water daily to both the communities respectively.

### QILLA SAIF ULLAH & MUSLIM BAGH

With the generous support of the **community of Delaware** and our volunteer **Mr. Vaqar Sharief** we have installed two filtration plants for the Community of Qilla Saif Ullah and Muslim Bagh - bandat musazai is facilitated with the installation of a drinking water scheme. The scheme is constructed at the Degree College, providing 10,000 Gallons of water daily to the community along with the students coming to the school. The second plant is constructed in **Muslim Bagh** benefiting **10,000 households** in the community. The

Local community and administration are trusted with the filtration plant security and sustainability to ensure the access to clean drinking water is never halted.

### QILLA SAIF ULLAH

Community of **Qilla Saif Ullah** is facilitated with the installation of **RO/filtration plants** to provide 20,000 Gallons of water daily benefiting 20,000 households in the community. This endeavor was made possible through the generous donations of our Orlando Donors with the support of **APPNA Orlando** and **Dr. Sajjid Chaudhary, Dr. Maliha Shaikh, and Dr. Farhan Zaidi**.

## SURKHAB & PISHIN CITY

Our volunteers Dr. Ali Usmani and Dr Himmad Khattak made it possible for us to raise much needed funds to implement two water schemes for the communities of Surkhaab & Pishin City. The plant will provide 5,000 gallons of water per day. These endeavors were made possible due to the support of the community of Cincinnati and APNA GC.

## KIKIRI NAKHEL SURKHAB

The community of Florida has generously donated a water scheme for the community Kikri Nakhel, Surkhab. The community had to travel miles to access water for domestic and drinking purposes, this water scheme is benefiting the community as it has provided access to water for both the purposes. The community was made aware of the importance of boiling water and taking necessary precautions under the WASH initiative for utilizing water.

## SAMUNDRI FAISALABAD

A small community resides at the outskirts of Faisalabad city, the community is being facilitated through various SAF initiatives. SAF has adopted a school in the vicinity and is providing free of cost education to 250 students. A drinking water scheme has been installed at the school vicinity to benefit the community and SAF school students simultaneously. The water plant and the school are solar energized under the Building Dreams campaign with the support of the community of Greenville and generous support of Dr. Wajih Malik.

## SARANAN CAMP & HABIB ZAI

The Community of Tampa raised funds for two water schemes through two fundraisers held under the Building Dreams campaign. The water schemes are installed in Saranan Camp & Habib Zai, Qila Abdullah, Balochistan. The schemes are solar powered and provide 5,000 gallons of water each to the associated communities. These water facilities are donated by the generous community of Tampa with the support of Dr. & Mrs. Ghazanfar Khadim and Dr. & Mrs. Syed Umair.

# UK DONORS

- Access to safe water for the residents of Jhol city facilitating 5000 HHS and Village Yasin Mehar facilitating to 2000 HHS in Disst. Sanghar, Sindh by installing a RO Plant in the region to ensure easy access of drinking water and solidify long-lasting solutions to ensure water supply is easily accessible in these underserved communities in remote and rural areas over the long term.
- With the support of Muslim In Need SAF installed two filtration plants in the district of Sanghar – one in Jhol, the second one in Yasin Mehar Goth, and one water tank has been constructed in Tando Allah Yar. The plants are supplying clean water to the communities that have been suffering with Hepatitis due to the consumption of contaminated water.
- Promoting safe water consumption, a water tank has also been installed in Kathore which facilitates 200 households in the region.

# AUSTRALIA DONORS

- Creating access to safe water to Jhuluri village, Belaro village, Kot Ghulam village, and Manor Kot Ghulam Mohammad village, Sindh by building 2 community water tanks powered by solar energy, and 03 hand pumps for the community.
- A solar powered water tank was constructed in Talhar, Badin to make clean water more accessible for families and households across the region. The tank is providing 1800 gallons of water per day to 500 households in the region.
- Installed 4 handpumps in Umerkot District to provide the community with easy access to water with the support of our individual donors. The hand pumps are providing access to 200 households in 4 different communities.

## ACCESS TO SAFE WATER AT PARTAK UPPER DIR

Over 16 million suffer each day from scarce and contaminated water in Pakistan. SAF has been moving the needle on the issue, while its campaigns are shedding light on the need for clean water and restore hope throughout the country. To bring access to clean water, SAF is constructing a hydro power plant for the communities of Partak, Upper Dir, to enrich the lives of locals in the area who have limited or no ready access to water.

## ACCESS TO WATER IN MIRPUR KHAS AND THAR

With the support of our local donors 5 hand pumps were installed in Mirpur Khas, Thar and Umer respectively. The handpumps in each community are serving 200 households and ensuring there is continuous access to clean domestic use water. The water accessed through the handpumps is cleaned and boiled for drinking purposes.

# SPORTS

# SPORTS

**GOAL: SPORTS AS A TOOL TO PROMOTE PEACE, TOLERANCE AND UNDERSTANDING, BRINGING PEOPLE TOGETHER ACROSS BOUNDARIES, CULTURES AND RELIGIONS.**

In keeping up with the UN SDG on Health and Well-being, we are placing particular focus on promoting wellness activities by creating opportunities for athletic development. SAF Sports meet SDG 16 for building peace and SDG 3 for establishing norms for adopting healthy lifestyles and practicing self well - Being.

**16** PEACE, JUSTICE  
AND STRONG  
INSTITUTIONS

“

“I am convinced that sport is one of the most forceful elements of peace and plays a vital role in youth development through life skills and economic reinforcement.”

- Sports Director SAF

Sports can be used as a tool in economically depressed communities to develop social skills, positive self-esteem, behavior skills, and improve their life skills and habit patterns. These skills will help children and the youth lead a healthy life and become successful individuals.

## SAF SPORTS TARGET

- To use sport as a meaningful tool for the prevention of conflict and the promotion of long-lasting peace
- To provide safe environments at the grassroots and community levels, to bring participants together in the pursuit of common goals and interests
- To impart values of respect, tolerance and fair play; and develop social competencies

# IMPACT

## PROMOTING SPORTS AS A VIABLE CAREER OPTION

Sports is one of the most valuable components in a child's life for developing his/her physical and mental toughness. Children who actively compete in sports do considerably well in their academics and daily lives. With that, SAF is working extensively advocating the importance of sports as a viable career.

Sports teach children to recognise and distinguish between winning and striving for excellence; the latter is harder to achieve comparatively. Sports helps them handle failure in the best way possible and then try to get up once again to achieve their goals. Also, sports can shape their body while making them stronger and more physically active. That's why a child needs to participate in sports to empower themselves in life and become a better human being. SAF is creating awareness and promoting sports so that youth can:

- **Attain better fitness:** Sports is a physical activity that stimulates growth and brings about better fitness for children. It helps to strengthen their bodies, reduces their stress, helps anxiety, bolsters their heart rate, and enhances their self-esteem.
- **Lead a healthy lifestyle:** A child taking part in sports tends to develop a positive emotional experience and to be physically active at the same time.
- **Develop self-confidence:** Participation in sports benefits them in attaining self-confidence and brings about a sense of their own identity.
- **Forge friendships:** Sports have proven to be a great way to develop children's social skills in an optimum manner. It helps them to accomplish interpersonal qualities and develop social skills.
- **Being disciplined:** Sports often throw those complex challenges towards the children to overcome, whether obeying the rules or responding to criticism ensuing a discipline that helps them lead a successful life.
- **Sportsmanship:** There are two aspects to a competitive sport, winning and losing. Sports teach children to deal with a win calmly and loss as a learning experience in a competitive environment.

# SUMMER STUMPS' 2022

## PITCH | HIT | CRICK-IT

SAF initiated Summer Stumps, a cricket summer camp organized for the kids between the ages of 13 – 19 under the supervision of national level coaching staff. The camp provided extensive practice, training while providing valuable exposure advises, tips, tricks and experience by international players from the Pakistan team in a professional camp environment at TMC Ground Karachi.

Besides cricket and fitness drills, the camp focused on grooming the players in various other life aspects that will be critical in their growth as cricketers and as potential Pakistan stars of the future.

The trials were attended by 900+ young stars looking for opportunities to develop polish and improve their skills. 200 players were selected from the 900+ based on their performances and potential. The one month camp provided an ideal opportunity for them to showcase their talent and mettle and learn as much as they can about the needs and requirements for becoming an exceptional cricketer.

Selected trainees from the camp will be introduced to professional cricket academies and PCB camps to help them polish their skills and help them groom to be ready for international level cricket.

## HOPE – NOT OUT WITH PCB

For the second term running PCB joined hands with SAF as its official charity partner to work collectively to uplift underserved communities across the country by representing SAF logo on Pakistan national team kit. The collaboration will help raise awareness about SAF initiatives and to move forward from good to great. The partnership represents the Sustainable Development Goal 16 by the United Nations promoting social development and peace through sports.

## SAF AND RAWALAKOT HAWKS JOIN HANDS TO BECOME SOCIAL WELFARE PARTNERS

With great zeal, SAF is proud to be the social welfare partner of Rawalakot Hawks in the first edition of Kashmir premier league. The logo on the team kit represents how SAF is working to uplift underserved communities and ensuring the journey of hope continues.

## PISHIN CRICKET ACADEMY PARTNERS WITH SAF IN ITS SPORTS MISSION

Taking SAF sports mission a step forward, SAF joined hands with Pishin Cricket Academy and distributed sports gear to promote athletic development and motivate aspiring cricket stars to spread Hope in the area as a tribute to our Nation and celebrate Independence Day with young athletes.

## FUTSAL IN QUETTA JAIL, BALOCHISTAN

SAF developed a futsal sports facility in Quetta Jail to encourage physical activities that promote healthy competition in inmates. The idea is to create safer conditions in the prison and provide a source of rehabilitation for inmates as everyone has a right to healthy lifestyles. This will also play a vital role in reinvigorating positivity in their lives to be better human for the community and themselves too.

## SAF PAKISTAN DISABLED CRICKET NATIONAL CHAMPIONSHIP

SAF sponsored Pakistan Disabled Cricket Association, to organize the Pakistan Disabled Cricket National Championship to encourage special needs persons to participate & stimulate healthy competition and athletic development. The championship served as an exciting way to stimulate activity and enthusiasm for the physically challenged. Team Bahawalpur won the final match and became SAF Pakistan Disabled Cricket National Championship winner for the year 2021 -2022

## PROVISION OF SCHOOL SHOES

SAF, with the support of Pakistan Rangers, distributed new school shoes to the children in Thar. SAF provided them with these essential items, equipment and along with shoes as part of its SAF sports initiative to encourage athletic development and healthy lifestyles in children.

**“OVERPOWER.  
OVERTAKE.  
OVERCOME.”**

# PARTNERSHIPS

# PARTNERSHIPS

## PCB

For the second term PCB joined hands with SAF to work collectively to uplift underserved communities across the country by representing SAF logo on Pakistan team kit. The collaboration will help raise awareness about SAF initiatives and to move forward from good to great. The partnership represents the sustainable development goal 16 given with the United Nations promoting social development and peace through sports.

## SMEC FOUNDATION

SAF partnered with SMEC Foundation for the second time. The first round ensured the construction and implementation of an IT lab imparting essential IT skills at SAF School in Nowshera.

The IT Lab will impart skills from basic Microsoft skills to Coding and Stem education, the lab will cater to 30 students during one session and 300 students enrolled at the school. For the first year the session was initiated from grade 6 and next academic year we will include grade 5 and add more classes each year to initiate the learning process from primary classes.

The partnership this year will empower the population of 2,000 households of Lora Miana, Mulagori, Khyber Agency through a drinking water scheme powered with solar energy. The project is being initiated as the surrounding area water is infected by marble industry and TDS level of the water was high and showcased prevalence of waterborne diseases in the area therefore the intervention is extremely important. The project implementation will be initiated in September 2022 and will be completed by Jan 2023.

## ASA PAKISTAN LTD.

SAF collaborated with ASA Pakistan Ltd. to provide easy access to clean drinking water to 35,000 households residing in the community of Malikpur associated with SAF School. The filtration plant is an addition to our initiatives of the school and clinic already supporting the community; this drinking water scheme is a continuation of our goal to uplift the community holistically and ensure a better quality of life for the families residing there. The filtration plant was inaugurated by ASA team in June and made operational for the community, the plant provides 10,000 gallons of filtered water daily to the residents.

## BESTWAY CEMENT

To construct SAF's second purpose built school and a first vocational training center, SAF has joined hands with Bestway Cement to develop the campus in DG Khan, Punjab. The collaboration will support SAF in its mission to enroll at least 600 out-of-school children from the community to make educational opportunities more widely available for the children of Pakistan.

The school will impart academic learning and vocational training to students preparing them for the world outside to be part of a prosperous Pakistan.

## LUCKY CEMENT PVT. LTD

SAF and Lucky Cement joined hands for the second time to support the education of 300 students enrolled at SAF Rehri Goth Campus. The campus has been adopted by Lucky Cement where students are offered free of cost education, curricula, notebooks, shoes, socks, and uniform. Entering into our second year of partnership with Lucky Cement who have collaborated with us for the SAF school in Rehri Goth. Commencing this partnership with newfound optimism and a refreshed perspective on educational development under SAF education initiatives.

## EDVON

SAF joined hands with EDVON to skill and upskill the youth through digital learning programs. An MoU on June 30th was signed to advocate the importance of making Robotics and STEM education as part of national curricula, as this is the future. SAF will empower over 300 students enrolled at SAF school in Karachi & Nowshera with EDVON by bringing access to free of cost STEM education. The goal is to provide equitable educational opportunities to students. Learning robotics will develop logical and creative thinking skills, which are important in many disciplines and help them secure lucrative jobs in the future. Mr. Afridi will be joined the EDTech Conference to promote digital coding skill to be part of the national curricula and every child should get the opportunity to learn and upgrade their skills to secure better employment opportunities.

## BASKIN ROBBINS

Girls' education goes beyond getting girls into school. It is also about ensuring that girls learn and feel safe while in school; have the opportunity to complete all levels of education, acquiring the knowledge and skills to compete in the labor market; gain socio-emotional and life skills necessary to navigate and adapt to a changing world; make decisions about their own lives; and contribute to their communities and the world.

Aligning with the goal to promote girls education and create more opportunities, SAF and Baskin Robbins Pakistan joined forces for the third time to make our SAF education initiatives bigger and better.

The MOU to promote girls education was signed under Baskin Robbins Bantien Kushiyan campaign and SAF campaign to promote education under Taleem Hogi Aam, Her Beti Kay Naam.

The partnership will enable 150 girls enrolled at SAF Pepri Naseerabad Campus to continue their education, cutting down barriers to education caused by poverty, cultural norms and practices, poor infrastructure, violence and fragility.

## MASTER GROUP AND FOTON

Women's health has been severely affected during the pandemic and it has exposed the shortcomings of our healthcare and public infrastructure. Currently, a lot of women in remote vulnerable areas struggle to access even the most basic information

FOTON

about health and family planning and their access to health services, in many cases, has been cut off, and recovery efforts have been actively deprioritised. With increased and sustained effort, SAF is at the forefront to reduce the high maternal and child mortality levels and improve women's health status because healthy

women improve health outcomes for their families and communities.

An MOU was signed between SAF, Master Group and Foton to strengthen the cooperation on health, initiating the First SAF Mobile Health Clinic. Through this initiative, SAF empowers women by addressing the issues related to family planning, maternal health, neonatal care and reducing the rate of morbidity in women and children. The organizations have partnered to strengthen the facility that has been taken to bring free of cost quality health care services to the doorsteps for mothers living in remote vulnerable areas where they are unable to access healthcare services.

## REDO

Women in the remote areas often struggle to access the essential care due to costs, including transportation to a health facility, and medications & supplies for which patients are obliged to pay. When they can obtain care, it is often of poor quality. Distance remains a problem for a significant proportion of the population.

ریڈو میڈیکل کمپلیکس II

SAF signed an MOU with REDO as part of its efforts to benefit the mothers and residents of Chakwal and adjoining areas of Balkasar, Punjab. The unit covers a radius of 30 km to cater to the expecting mothers and children of Chakwal and adjoining areas of Balkasar with support of REDO Foundation. Our experts cater, assist, listen, and understand the plight of their patients while providing families with health care, maternal care, and neonatal care.

This Mobile clinic marks the next step of SAF health initiatives in expanding its scale to include communities that have restraints in terms of cost and transport. Thankful to REDO for supporting us power the first SAF Mobile Health Unit.

## IMKAAN

Bengali and Burmese women, in the outskirts of Karachi, experience a high maternal mortality rate, and compared to others, this group also has a low proportion of receiving antenatal care and of births assisted by the skilled health personnel. One of the prime factors for this situation is the lack of the poor mothers' access to maternal health care services. We partnered with Imkaan Welfare to provide maternal care to expecting mothers. Partnership will allow stateless, Bengali and Burmese women with no identification living in Machar Colony to access health care & give birth in a secured & healthy environment.

i m k a a n

## QUETTA GLADIATORS

Using cricket to promote peace, prosperity and as our mission; SAF joined the purple force and became the official charity partner for Quetta Gladiators the HBL PSL 7. SAF logo was placed on the Quetta Gladiator kit to showcase the partnership.

Quetta Gladiator team advocated for SAF causes and promoted endeavors undertaken by SAF. SAF is diligently working to promote its mission of Change & Hope to cater to more underserved communities and to bring the voices of beneficiaries to our supporters who are enabling us to take on the journey of Hope.

### RAWALAKOT HAWKS

With great zeal, SAF is proud to be the social welfare partner of Rawalakot Hawks in the first edition of Kashmir premier league. The logo on the team kit represented how SAF has been working to uplift underserved communities and ensuring the journey of hope continues to benefit communities at large across the country.

### IDRF CANADA

IDRF and SAF have a long term partnership of three years where SAF & IDRF together have reached over 10 underserved communities, benefitting over 3699 + households, and 20,000 direct beneficiaries. SAF & IDRF partnership works to achieve UN SDG 2 of Zero Hunger through SAF Food Security campaign and IDRF Share a Meal campaign, the campaign providing a month of ration to a family of 7-10 members ensuring malnutrition, stunting in young children is prevented and food security is catered too. The campaigns were successfully completed during COVID 19 era and other calamities Pakistan is faced. To highlight the efforts made by SAF for the success of the campaign, IDRF Canada paid a visit to SAF head office to make the bond stronger and credit the impact this partnership is creating in the communities in need.

### BANK AL BARAKA

Bank Al Baraka joined hands with SAF to empower youth and accelerate progress by supporting SAF educational program that works with the objective to empower and uplift youth to become independent, contributing members of the society.

The partnership symbolizes the importance of educating young minds, providing them the right tools and opportunities to become entrepreneurs of tomorrow. The partnership also focused on working together through various programs where Bank Al Baraka team members would directly work with the students to help boost their self esteem confidence and by helping them gain first hand experience from the experts of the corporate sector.

Together we are building a strong, skilled workforce to better communities.

# FUNDRAISERS

# SAF FUNDRAISERS

## USA TOUR 2021

We believe in making a difference by creating value in a sustainable and socially responsible manner – Creating Impact and Changing Lives.

*Building Dreams*

At Shahid Afridi Foundation, we remain steadfast in our commitment to remain a constant source of support for the underprivileged. Continuing our endeavor to reach the most destitute families, Building Dreams USA Tour 2021 was planned. The tour was led by the Chairman Shahid Afridi, he was joined by Jahangir Khan SAF Trustee and actor Adnan Siddiqui.

The team visited 11 states through a 12 day tour to raise awareness and funds to help enroll out of school children back to school and to bring access to water for struggling families in Balochistan.

<b>NEW YORK</b>	<b>NEW JERSEY</b>	<b>DELAWARE</b>
<b>CINCINNATI</b>	<b>VIRGINIA</b>	<b>HOUSTON</b>
<b>WASHINGTON DC</b>	<b>NORTH CAROLINA</b>	<b>GREENVILLE</b>
<b>TAMPA</b>	<b>ORLANDO</b>	

The tour was an absolute success with the team reaching their fundraising targets, with the support of our friends and our generous donors. SAF supported the education of 3,880 students enrolled across 15 schools. The funds raised will support the education of 2020 girls and 1860 boys enrolled at the school, along with that we have enrolled another 150 out of school children at Faisalabad campus in April 2022 and will support their academic journey from 2022 - 2023. The funds raised also supported the implementation of 12 water schemes across the Balochistan province bringing access to water to over 10,000 households.

The Impact we created through the fundraiser is following

## FARAH HAIDER

### NEW YORK

We are extremely grateful to our Host Ms. Farah Haider for hosting the dinner at her home on September 01, 2021, inviting her friends, families and colleagues to join the cause of SAF education.

The fundraiser has supported the education of 100 students enrolled at SAF Kundal Shahi Campus in Azad Kashmir. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023.

## AZEEM SUBHANI

### NEW YORK

We are humbled to have had the support of our Host Mr. Azeem Subhani for our second fundraiser in New York on September 02, 2021. The fundraiser was organized at Mr. Subhani's residence where he invited his friends, families and colleagues to join the cause of SAF Education.

The fundraiser has supported the education of 42 students enrolled at SAF Kundal Shahi Campus in Azad Kashmir. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023.

## ARSHAD AFRIDI

### NEW YORK

We are thankful to our staunch supporter Mr. Arshad Afridi for hosting our third fundraiser in New York on September 02, 2021. The fundraiser was organized to support the mission of SAF Education. The guests at the fundraiser opened their hearts to support the education of 68 students enrolled at SAF Kundal Shahi Campus in Azad Kashmir.

With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023. This support also includes provision of cold and clean drinking water through filter chillers installed at the schools.

## NICK SALEEM

### NEW JERSEY

We are extremely grateful to our staunch supporter Mr. Nick Saleem for hosting Building Dreams fourth fundraiser at his residence in New Jersey on September 03, 2021. The fundraiser hosted an audience of 60 like minded people who joined forces with SAF to ensure out of school children can access quality education and clean drinking water at their schools. At the fundraiser we were able to raise funds for the education of 88 students enrolled at SAF Kundal Shahi Campus in Azad Kashmir. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023.

## VAQAR SHARIEF

### DELAWARE

We welcome Mr. Vaqar Sharief to our pool of supporters and thank him for lending us his support for hosting Building Dreams fifth fundraiser on September 03, 2021. The fundraiser hosted an audience of 50 like-minded people who joined forces with SAF to ensure out of school children can have access to quality education and people of Balochistan have access to clean drinking water.

At the fundraiser we were able to raise funds for the education of 150 students enrolled at SAF Halmat Campus in Azad Kashmir. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023.

The funds raised for the initiative of water will allow us to install two filtration plants in Baluchistan Qilla Saif ullah and Muslim Bagh.

## APPNA GC

### CINCINNATI

We are extremely grateful to APPNA GC and the team, especially Mr. Ali Usmani, president APPNA GC, Dr. Tahir Latif and our long-standing supporter Dr. Hamid Khattak for introducing us to the APPNA team.

A fundraiser was planned by APPNA GC to support the SAF initiative of water and

education. The event was attended by 250 like-minded people who believed in SAF's mission of Hope.

The fundraiser created awareness on the importance of bringing access to water and opening doors to education for out of school children, especially girls. With the funds raised, SAF implemented two water schemes for the communities of Surkhaab & Pishin City. The plant will provide 5,000 gallons of water per day.

Funds for the education will enable 142 students enrolled at Adamzai Campus in Nowshera, KP to continue their education. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023. The fund-raised will also ensure the school is solar energized and has access to cold and clean drinking water.

## DR. ATTIQUE SAMDHANI

### VIRGINIA

We are immensely grateful to Dr, Attique Samdani, our SAF USA board member, a staunch volunteer and supporter for extending his support to SAF once again. Dr. Samdani organized the biggest fundraiser of Building Dreams and invited the community of Virginia to join the mission of Hope.

The support extended by the community is immense and everyone at SAF is grateful for the never-ending support extended by the community.

The fundraiser allowed SAF to ensure 850 students continue their education. 430 students at SAF Malikpur campus in Lahore and 421 students at SAF Ibrahim Khamiso campuses in Karachi were facilitated for the academic year 2022 – 2023. The support will provide for students' tuition fee, curricula, uniform, sweater, shoes, bag and stationery. The fund-raised will also ensure the school is solar energized and has access to cold and clean drinking water.

The fundraiser is also extending the support for bringing access to clean water by initiating Drinking Water schemes. Two drinking water schemes in Pasni and Ormara, Baluchistan are functional providing 30,000 Gallons of water daily to the respective communities. Third water scheme has been implemented in Larman Dist. Khanazai to bring access to clean drinking water schemes.

## DR. IMRAN SHARIEF

### HOUSTON

We are grateful to Dr. Imran Sharief our patron and SAF USA Board Member, for arranging Building Dreams tenth fundraiser in Houston on September 06, 2021. The fundraiser attracted an audience of 200 members from the community of Houston.

At the fundraiser we were able to raise funds for the education of 221 students enrolled at Pepri Naseerabad campus situated at the outskirts of Karachi. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023. The fund-raised will also ensure the school is solar energized and has access to cold and clean drinking water.

The Generous donations made during the event will support the SAF initiative of water also; with the support of the community of Houston we will install a Drinking Water Scheme in Mastung.

## KASHIF ANSARI

### HOUSTON

We are grateful to Mr. Kashif Ansari for joining forces with us and organizing the eleventh Building Dream fundraiser on September 06, 2021, and inviting his friends, colleagues and stakeholders of the community to the fundraiser.

The fundraiser successfully raised funds for 350 students enrolled at SAF Ashkot campus in Azad Kashmir. With the support of the funds raised SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023. The fund-raised will also ensure the school is solar energized and has access to cold and clean drinking water.

## IMRAN RAJA BALTIMORE

### DC

We welcome Mr. Imran Raja to our pool of supporters and thank him for lending us his support and arranging Building Dreams 9th fundraiser on September 07, 2021. The fundraiser hosted an audience of like-minded people who joined forces with SAF to

ensure out of school children can access education and have access to drinking water.

At the fundraiser we were able to raise funds for the education of 312 students currently enrolled in SAF Gharoo campus in Nowshera, KP. The fund-raised will also ensure the school is solar energized and has access to cold and clean drinking water. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023.

## NAQASH CHAUDHARY

### SOUTH CAROLINA

We welcome Mr. Naqash Chaudhary as our patron and appreciate the efforts he made to connect us with the community of South Carolina through Building Dreams fourteenth fundraiser organized on September 09, 2021. The fundraiser was dedicated to SAF education and SAF water. The fundraiser hosted an audience of like-minded people who joined forces with SAF to ensure out of school children can access education and people living in remote areas of Balochistan have access to clean drinking water .

At the fundraiser we raised funds for the education of students currently enrolled at SAF Adamzai Campus in Nowshera, KP. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023. The fund-raised will also ensure the school is solar energized and has access to cold and clean drinking water. SAF is setting up two drinking water schemes in Khuzdar one in Noorani Shah, Baluchistan with the funds raised. The Drinking Water Scheme will provide 5,000 gallons of water to the community of 1000 HHs. The filtration plant will be branded as Drinking Water Scheme dedicated to the people of Baluchistan from the community of Charlotte.

## DR. WAJIH MALIK

### GREENVILLE

We appreciate the efforts made by our patrons Dr. Wajih Malik and Dr. Shazia Siddiqui for coming forward and joining hands with us once again to organize a fundraiser to support SAF endeavors. Building Dreams fifteenth fundraiser was planned on September 09, 2021, to raise funds for SAF education and SAF water. The fundraiser hosted an audience of 150 like-minded people who joined forces with SAF to

ensure out of school children can access education and people living in remote areas of Baluchistan have access to clean drinking water.

At the fundraiser we raised funds for the education of 300 students currently enrolled in SAF Bhangoria Goth Campus situated at the outskirts of Karachi. The fund-raised will also ensure the school is solar energized and has access to cold and clean drinking water.

With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023.

SAF has set up a in Samandari Faisalabad, Punjab. The Water Scheme provides 5000 gallons of water to the community of 1000 HHs.

## DR. SYED UMAIR & DR. GHAZANFAR KHADIM

### TAMPA

We are extremely grateful to our benefactors Mr. & Mrs. Umair Syed Sajid and Mr. & Mrs. Ghazanfar Khadim for hosting two fundraisers in Tampa.

The Building Dreams Sixteenth fundraiser was hosted by Mr. Ghazanfar Khadim at his residence and the seventeenth fundraiser was co-hosted by Mr. & Umair Syed Sajid and Mr. & Mrs. Ghazanfar at Hyatt place Tampa/Wesley Chapel on September 10, 2021.

Both the fundraisers were dedicated to raise funds for SAF education to ensure out of school children can access education. and SAF water to facilitate people living in remote areas of Baluchistan with clean drinking water .

Both the fundraisers hosted an audience of 150 like-minded people, respectively; who joined forces with SAF and raised for the education of 420 students currently enrolled in SAF Ramzan Goth campus situated at the outskirts of Karachi. The Community of Tampa raised funds for two water schemes through two fundraisers held under the Building Dreams campaign. The water schemes are installed in Saranan Camp & Habib Zai, Qila Abdullah, Balochistan. The schemes are solar powered and provide 5,000 gallons of water each to the associated communities. The school is solar energized and has access to cold and clean drinking water.

## DR. SHAZIA SHARIEF

### FLORIDA

We welcome Dr. Shazia Sharief & Mr. Nasir Sharif as SAF supporters and are grateful to them for opening their doors for SAF. The Sharief family welcomed our team to their home and introduced SAF initiatives to their friends and family and helped raise much needed funds for SAF Education and SAF Water on September 11, 2021.

The fundraiser raised awareness for the education of 120 students currently enrolled in SAF school Pepri Naseerabad Campus situated at the outskirts of Karachi. The fund-raised will also ensure the school is solar energized and has access to cold and clean drinking water. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023.

SAF has set up a water scheme in Qlla Nakail to facilitate 200 households in the community with access to 1000 gallons of water daily.

## DR. SAJID CHAUHARY

### FLORIDA

We are extremely grateful to Dr. Samdani SAF USA Board Member for introducing us to APPNA & APA Team Florida. We are grateful to both the organizations for coming forward and joining our cause of Hope. A special shout out to Dr. Maliha Shaikh, Dr. Sajid Chaudhary and Dr, Farhan Zaidi for organizing a terrific fundraiser and helping us raise much needed funds for SAF initiative of Education and Water on September 11, 2021.

The fundraiser raised for the education of 120 students currently enrolled in SAF school Ramzan Goth Campus situated at the outskirts of Karachi. The fund-raised will also ensure the school is solar energized and has access to cold and clean drinking water. With the support of the funds raised, SAF has provided the students with Tuition fee, Uniforms, Shoes, Sweater, Curricula, Stationery and Bag for the academic year of 2022- 2023. Community of Qilla Saif Ullah is facilitated with the installation of 2 Drinking Water Schemes to provide 20,000 Gallons of water daily benefiting 20,000 households in the community. This endeavor was made possible through the generous donations of our Orlando Donors.

# FOOD SECURITY UK TOUR 2021

SAF has always worked to make a difference by creating value in a sustainable and socially responsible manner to create lasting change. SAF is on a mission to meet SDG Sustainable development Goal 3 to end hunger and poverty, ensuring families have the resources and opportunities needed to not just survive, but thrive.

To accelerate the path to living incomes and improve our impact towards ending hunger and malnutrition, SAF organized Food Security UK Tour 2021 across 3 major cities of the UK; London, Manchester, and Bradford. The campaign was led by esteemed Pakistani actor, Imran Abbas who raised much needed awareness and advocated the importance of creating food security in the country.

The tour was an absolute success as we were able to reach our fundraising targets. We are grateful to our donors, supporters, stakeholders, partners and friends who ensured Hope – Not Out for all. We are stronger when we work together.

## BRINGING ACCESS TO WATER WITH MUSLIMS IN NEED

With the funds raised through Food Security fundraiser SAF installed:

- 2 filtration plants in the district of Sanghar to facilitate 1000 households in the respective communities
- 1 Community tank is constructed in Jhol
- 1 Community tank is constructed in Yasin Mehar Goth,
- 1 water tank has been constructed in Tando Allah Yar to facilitate 200 Households
- 1 water tank has also been installed in Kathore which facilitates 200 households in the region

The plants are supplying clean water to the communities that have been suffering with Hepatitis due to the consumption of contaminated water.

Promoting safe water consumption.

## HOPE FOR HEALTH 2022

The differences in access to quality healthcare between the poorer and more affluent members of society demonstrates the deep inequality in Pakistan. To provide the underserved with better health and well-being, SAF initiated Hope For Health 2022 across 4 major cities of the UK, London, Birmingham, Bradford, and Manchester. The campaign was led by the Chairman Shahid Afridi, joined by veteran actor Adnan Siddiqui.

HOPE for Health 2022 fundraiser was an invitation for a healthier Pakistan so the most vulnerable can have access to quality & affordable healthcare and prevention services. We would like to express gratitude to everyone who made the event a huge success and to our sponsors for being the backbone for the cause. We reached our fundraising goal and were able to raise enough funds to benefit the people in need in our community.

Our Hope for Health Fundraiser in Birmingham was supported by Nazir Awan Foundation, where they invited stakeholders, and like minded people from the community to come forward and join hands with Shahid Afridi Foundation to ensure access to healthcare is prevalent and accessible to the most underserved societies of the country.

## STUDENTS OF FOSSDENE PRIMARY SCHOOL BECAME THE BEACON OF HOPE

One role of education is to help children develop empathy for others and the ability to help people who are less fortunate than themselves. For that, Fossdene Primary School in the UK hosted a cultural day and encouraged giving to the disadvantaged. The students had a great zeal dressed in their ethnic clothes and helped raise funds for SAF initiatives. We are highly impressed and appreciative of their enthusiasm for helping others.

## CELEBRATING PAKISTAN WEEK WITH A PASSION

SAF UK partnered with universities across the UK to invite our next generation in joining forces with SAF endeavors and raising awareness for SAF initiatives by appealing to the youth of today. Students of London South Bank University and Kings College London celebrated Pakistan week at their respective institutions to promote a positive image of the country and help raise funds for SAF initiatives.

## TEA FOR A CAUSE

An afternoon tea was hosted by SAF UK at Rafael Hotel in London to raise funds for all five SAF initiatives of health, education, water, emergency relief, and sports and to raise awareness on how SAF initiatives are creating an impact to uplift underserved communities locally and globally with its efforts.

## THE ANNUAL BOAT RACE FUNDRAISER

Boat races are an amazing way to unite both competitors and communities together behind a common cause. The SAF UK team participated in the Al-Noor dragon boat race. The teams successfully competed and raised funds to benefit the people in need ensuring Hope stays Not Out. It was a great day out but also a brilliant way to get really active and raise funds at the same time.

# AUSTRALIA FUNDRAISERS

## NIGHT OF HOPE FUNDRAISING DINNER

Shahid Afridi Foundation Australia organized two fundraisers to advocate the cause and highlight the thematic areas SAF is working to raise funds to reach vulnerable communities living in remote and underserved areas of the country. The Fundraisers were planned in Sydney and Melbourne to reach a diverse audience with SAF's mission.

## NIGHT OF HOPE FUNDRAISING DINNER SYDNEY

Night of Hope Fundraising Dinner in Sydney at Liverpool Catholic Club on 26th Mar 2022. The purpose of the event was to share the efforts that #SAF has made throughout the last year and how contributions from our donors have made a difference in the lives of under served communities.

Country Director Australia, Shahid Afridi Foundation, Mr. Syed Atif Faheem highlighted the 4 most critical issues which people in Pakistan are facing i.e. access to water, illiteracy, food insecurity & access to basic health facilities. He briefed the audience about how Shahid Afridi Foundation through its Water, Education, Food & Health projects is helping resolve these issues in Pakistan and people living in Australia can contribute to these causes. The event was attended by Chairman Shahid Afridi, squash legend & SAF Trustee Jahangir Khan and High Commissioner of Pakistan to Australia Mr. Zahid Hafeez Chaudhri via video-link while Member of Parliament Ms. Anne Stanley MP, Councillors of Liverpool Mr. Councillor Nathan Hagarty while Mr. Charishma Kaliyanda joined event in person in Sydney.

Signed sports items were auctioned to raise the funds in the event such as Jersey signed by Quetta Gladiators PSL7 Team, Cricket Bats & Balls signed by Shahid Afridi and also the Squash Racket signed by Jahangir Khan which were very well received by the audience. Shahid Afridi and Jahangir Khan also addressed and answered questions of the enlightened audience. #SAFAustralia presented Letter of Thanks personally signed by Shahid Afridi to the donors and supporters of the cause.

## NIGHT OF HOPE FUNDRAISER - MELBOURNE

Shahid Afridi Foundation Australia organised first-ever fundraising event Night of Hope in Melbourne on 16th Apr 2022. The purpose of the event was to share the efforts that SAF has made throughout the last year and how contributions from our donors have made difference in the lives of underprivileged people.

Country Director Australia, Shahid Afridi Foundation, Mr. Syed Atif Faheem highlighted the 4 most critical issues which people in Pakistan are facing i.e. access to water, illiteracy, food insecurity & access to basic health facilities. He briefed the audience about how Shahid Afridi Foundation through its Water, Education, Food & Health projects is helping resolve these issues in Pakistan and people living in Australia can contribute to these causes. The event was attended by Chairman Shahid Afridi and squash legend & SAF Trustee Jahangir Khan via video-link while Council General of Pakistan in Melbourne Mr. Moazzam M. Shah & Member of Parliament Mr. Frank McGuire MP joined event in person in Melbourne.

Signed sports items were auctioned to raise the funds in the event such as Jersey & Cricket Bat signed by Quetta Gladiators PSL7 Team, Cricket Bats & Balls signed by Shahid Afridi and also the Squash Racket signed by Jahangir Khan which was very well received by the audience.

Shahid Afridi and Jahangir Khan also addressed and answered questions of the enlightened audience. #SAFAustralia presented Letter of Thanks personally signed by Shahid Afridi to the donors and supporters of the cause.

# BAHRAIN FUNDRAISER 2022

## THE JOURNEY OF HOPE

SAF Bahrain Chapter organized a private fundraiser to support SAF initiatives being implemented across Pakistan. The fundraiser paid special attention to the causes of women and children, along with why it is important to cut down socio economic barriers for them to succeed in their lives. The fundraiser was attended by the reputed and affluent Pakistani community, who came forward with open hearts to support SAF causes. The fundraiser was attended by Chairman Shahid Afridi in person who briefed the attendees about SAF initiatives and how each initiative is creating impact to uplift underserved communities.

We are extremely grateful to all our donors who came forward and joined hands with SAF to ensure the journey of Hope continues and that more underserved communities are empowered through SAF initiatives. The support extended will play an important role towards improving healthcare facilities for women and children and help us enroll out of school children, especially girls, with creating access to water for families residing in remote and vulnerable areas of the country.

Building ties with neighboring Islamic states who have a strong foundation is instrumental as it will help increase the impact of Hope Not Out even further. When forces will be multiplied, philanthropic efforts by #SAF will be able to benefit many more individuals residing in underserved areas that have no access to basic provisions of life.

# PAKISTAN

## IGNITING A BRIGHTER FUTURE 2022

At present, Pakistan stands second across the globe and has the highest number of out-of-school children with an estimated 22.8 million children not attending school. That is, for these children, the right to education remains a distant dream.

Shahid Afridi Foundation joined hands with Green Crescent Trust to raise funds and much needed awareness for out of school children across Pakistan. The fundraiser 'Igniting a Brighter Future' was organized in Lahore and Karachi on January 13th and March 18th, 2022, to raise funds to bring 10,000 out-of-school children back to school after dropout rates increased due to COVID 19. We thank our sponsors for their assistance in raising funds for the cause and to ensure a brighter future for the children in Pakistan. With the support of our generous donors, we will be able to enroll deserving students through the network of 15 schools across the country.

# DIRECTORS REPORT

## DIRECTOR HEALTH

We live in an increasingly interconnected world where no community is immune from global risks. COVID-19 has shown us that international pandemics can sweep across all parts of the globe to devastating effect. What has become more apparent is that low-income communities that often lack investment in social services are suffering the most. This is not the first time a global threat has disproportionately impacted low-income communities. Our Health initiative focuses on providing quality health care services to women. This year we initiated an initiative with Master Moly Foam, Master Motors & Foton Motors to reach vulnerable women who can not access healthcare by bringing them healthcare to their doorsteps with our Mobile Health Care Unit. The unit is serving in chakwal and adjoining areas within a radius of 30KM. The mobile unit has served over 1,000 mothers and children since its inception in March.

The climate crisis is causing harmful and dramatically irregular weather patterns that are taking a toll across the country; coastal lines are becoming polluted, and key rivers used for millions of livelihoods are either flooding or drying up.

The community must play its part with the necessary investment and attention to support vulnerable and low-income communities of the world as they strengthen their resiliency against devastating threats. A small summary of the endeavors SAF has taken to support these communities against risks of pandemics, climate change, and many more threats.

## EMERGENCY RELIEF

### CHOLISTAN RELIEF

SAF was one of the first responders to the crisis as it was highlighted, "SAF partnered with Deputy commissioner Bahawalpur and his team along with it Bahawalpur Rescue 1122 to reach the affected areas. SAF is equipping the communities with long term sustainable solutions to tackle climate change. We are building storage tanks and laying down pipelines and creating awareness for practicing environmentally friendly agriculture, conserving water and taking steps to reduce global warming.

### FOOD SECURITY

SAF is working diligently to meet SDG 2 Ending Hunger and improving malnutrition rate across the country, this year we have served over 16,000 households bringing them ease to access food and improve health. Our food security programs were extended globally where our teams in Australia and UK reached refugees and homeless people with cooked food, packed ready to eat items, warm blankets and clothes to help them survive harsh circumstances.

## **WATER**

Drinking water quality is being deteriorated day by day in Pakistan and 1 in 4 people do not have a safe, reliable water source. Other than that, climate change, population growth and poor management are bringing the water crisis to a breaking point.

With your support, we are changing this by working on water, sanitation and hygiene projects while restoring hope throughout the country. SAF under its water initiative continues to work in the areas where people are in dire need of water programs in accordance with UN SDG on Clean Water and Sanitation by building clean drinking water schemes for the underserved communities.

This year we moved from provision of water to access to clean drinking water by installing drinking water schemes across Balochistan, Punjab and Sindh. SAF has installed over 12 filtration plants to access drinking water.

We are also focused on replacing hand pumps with small community tanks and solar energized water tanks to cut down arduous labor for women and children of pumping water while incorporating sustainable solutions to create livelihood opportunities for local farmers. 6 community tanks across south punjab is catering to over 1200 households.

## **DIRECTOR EDUCATION**

A smart and effective investment that leads to low-income communities' increased resilience is an investment in education.

By supporting children's education and learning in low-income communities, we have ensured the next generation is ready to lead as the doctors, engineers, and first responders during a crisis. Local people with local knowledge, harnessing the power of education to solve problems, is one of the greatest defenses we can employ, this is why SAF education has launched programs like, Mini MBA, SHAHUR, STEM and is introducing Digital skills and enhancing literacy instructions through libraries and reading programs.

Furthermore, investing in education will allow low-income communities to thrive at last; we could break a generational cycle of poverty across the world.

*"Hope can be a powerful force. Maybe there's no actual magic in it, but when you know what you hope for most and hold it like a light within you, you can make things happen, almost like magic."*

— *Laini Taylor*

## **DIRECTOR SPORTS**

Enriching the lives of youth through the power of sport

It goes without saying that the landscape of the world dramatically shifted in 2020, bringing many changes to our lives. Yet, the need for service and connection to others remained stronger than ever. Sport has the power to influence and create social change.

Our sports initiatives are aimed at leveraging the power to advance equality, enrich lives and to make the world a better place. SAF sports have provided diverse opportunities to the communities through initiatives like Summer Stumps, Pakistan Disabled Cricket National Championship, provision of school shoes, and Shahid Afridi Foundation Cricket Academy.

Through sport, we have united youth from diverse cultures and economic backgrounds as well as helped them build self-esteem and mutual respect. We will continue to fight against social injustice for the most vulnerable youth and implement sports and educational development programs that create long-lasting and sustainable change for youth across Pakistan.

## **BOARD OF DIRECTOR'S REPORT**

The board of trustees of Shahid Afridi Foundation is pleased to present the Annual Report along with the audited financial statements for the year ended June 30, 2022. SAF continued to be committed to enhancing its impact through stronger partnerships and a bigger footprint. This year proved particularly busy for us as SAF continued to expand its reach to help strengthen communities and set them up to withstand challenges such as Food insecurity, Healthcare, Education, Water Supply, and Sports as a spectrum of development with equal opportunities to achieve sustainability.

Shahid Afridi Foundation is committed to maintain high standards of transparency and corporate governance without any exception. SAF regularly shares all its interventions' information through, annual reports, quarterly donor reports, brochures, booklets, media releases and through our social media posts on multiple platforms.

We worked to distribute aid in an effective, efficient, transparent and a sustainable manner and to make a lasting difference to the communities so they can thrive, achieve their dreams, and create a healthier future for their children.

Without a doubt the highlight of this year was the inauguration of our Mother and Child Mobile Health Unit. This is part of a drive towards the provision of Sustainable Healthcare to the most vulnerable communities especially for the mothers and children at their door steps.

We continued to respond to disasters. We facilitated the affectees of fire in Dadu and Drought in Cholistan with first aid, ration and water to help them overcome the harsh adversity. Our teams are dedicated to reducing malnutrition under our food security initiative. SAF food security programs have assisted over 150K households through ration drives and lunch provision programs.

We put people and their needs at the heart of what we do. Our mission is to aid communities to be able to fight against hunger.

The purpose of SAF's front end' annual report is to provide clear and coherent information to readers about SAF's activities, performance and position - including information on what we do, why we do it and, crucially, the impact we create as a result of those activities. This annual report, which covers the period from July 1, 2021, to June 30, 2022, has been prepared by the Executive Directors of SAF pakistan and with the alliance of SAF international chapters collectively and in accordance with the respective bylaws of each country. Rizwan Ahmed, Chief Operating Officer, has submitted this report, together with the accompanying administrative budgets and audited financial statements, to the Board of Governors.

## **DIRECTORS' REPORT - 2022**

The Shahid Afridi Foundation's (SAF) Board of Trustees is delighted to offer its report on the fiscal year that ended on June 30, 2022. SAF made an effort to continue its endeavors to focus on its core thematic areas during the period under review, including Emergency Relief Response, access to quality Healthcare, Education, Water and Sports in Pakistan, particularly in some of the remotest locations, to strengthen its strive to provide aid to the underprivileged and deserving while attempting to keep hope alive for everyone.

Sustainability is a key objective of socially responsible association management; The 2030 Sustainable Development Goals (SDGs) – the blueprint for global development – represent a fundamental shift in thinking, explicitly acknowledging the interconnectedness of prosperous business, a thriving society and a healthy environment.

SAF has aligned its strategies and vision with UN Sustainable Development Goals (SDGs) and targets. We analyzed all 17 SDGs and relevant 169 sub-targets and KPIs that relate to our business model and core activities to monitor its progress against the goals' aims and outcomes. The aligned goals are as follows:

**“Emergency Relief Response – SDG 2: Zero Hunger & SDG 8: Decent Work & Economic Growth”**

**“Health – SDG 3: Good Health & Well-Being”**

**“Education – SDG 4: Quality Education”**

**“Water – SDG 6: Clean Water & Sanitation”**

**“Sports – SDG 16: Peace, Justice & Strong Institutions”**

The SDGs provide a strategic framework for businesses to track performance, set goals, and communicate with various stakeholders. We took the following steps to align the UN SGD with our mission to ensure most effective implementation to meet the required targets:

The SDGs provide a strategic framework for businesses to track performance, set goals, and communicate with various stakeholders. We took the following steps to align the UN SGD with our mission to ensure most effective implementation to meet the required targets:

- **Analyzing, mapping, & goalsetting:** Assessing which SDGs directly or indirectly related to SAF using key performance indicators:
  - Considering global threats such as resource scarcity, population growth, inequality, and climate change, all of which can be translated into tangible risks and opportunities
  - Consider potential to achieve the most progress, impact and success. Defining and mapping the areas of greatest potential impact while exploring realistic and sustainable priorities to provide a guidepost for benchmarking goals.
- **Strategic integration & collaboration:** identifying new opportunities for impacting growth and pinpointing existing targets and actions. To integrate existing strategies while considering new developmental models, company processes, procurement into account.
- **Reporting & communication:** Communicating tangible actions and actual results taken towards the SDGs publicly strengthens trust in SAF. Ensuring transparency and accessibility of information to various internal and external stakeholders is critical to our future growth and success.

To satisfy its donors, partners, and well-wishers and to fulfil the mission of this very foundation, the Shahid Afridi Foundation and all of its stakeholders, including trustees, management, and workers, have been working continuously to develop new strategies. Through regular reporting mechanisms, SAF carries out and always fulfils the task of informing its stakeholders of its endeavors and efforts on all social media platforms. SAF has consistently worked to improve the lives of those who are less fortunate in our community and around the world.

The Shahid Afridi Foundation's management hereby submits its report and the financial statements for the fiscal year concluded on June 30, 2022.

## **FINANCIAL & OPERATIONAL REVIEW**

The world's covid crisis was stretched out last year, and Pakistan's political and economic uncertainty contributed to this. In addition to its political unpredictability, Pakistan has also been plagued by economic turbulence brought on by global commodity prices that are always rising. Russia's invasion of Ukraine, which caused the price of oil to rise and had a severe impact on the countries that import oil, is largely to blame for pushing the world into an almost recession-like state.

Through its thematic endeavors, the SAF has been able to bring much-needed help to remote villages throughout the year. Starting with fundraising initiatives, SAF have mobilized the US market to support its work on projects connected to water and education through the Building Dreams USA Tour 2021. The donors vowed to continue to aggressively support the causes and serve as a beacon of hope for the worthy communities. The foundation increased its efforts to provide the most vulnerable populations with food security and the desperately needed healthcare facilities. The UK chapter has consistently provided SAF with excellent chances for fundraising and made significant long-term contributions to the causes of emergency relief through food drives, water, health, and education campaigns.

With regards to Covid relief efforts, the Cholistan draught, and unprecedented rains, SAF has been at the forefront of all disaster-like circumstances that have hit the nation. The SAF chapters in the UK and Australia are actively engaged in food drives in their respective communities to help the underprivileged feed nutritively during these trying times. The world has not seen an economic burnout like this in a very long time, and Pakistan is no exception. In fact, Pakistan is one of the most vulnerable nations, facing a number of challenges including dangerously low levels of foreign exchange reserves denting businesses hence economy, significant budgetary & current account deficits, terrorism, political unpredictability, rising interest rates, continuously rising energy prices, and skyrocketing inflation.

The public, and those who are below the poverty line in particular, are going through some of the hardest periods of their lives as a result of the inflation, which is seriously hampering their ability to survive. Their well-being, education, and development are negatively impacted by the food inflation, which also eats up a significant percentage of their household incomes. The current economic slump is so severely affecting businesses in Pakistan and around the world, which has slowed down household growth and disposable incomes. Most of the poor people were truly battling to support their families. In a time of rising living expenses, it is quite difficult and quite a challenge to survive.

Your foundation has been actively playing its part in reaching out to struggling households on pan Pakistan basis so that they may receive some relief and change in their lives.

SAF's Emergency Relief Response program is impacting millions of people experiencing hunger and those affected during emergencies by providing access to food, health, water and shelter across the country. Last year, we reached out to the drought hit families of Cholistan and supported them with food and water supply. We helped the communities affected by fire in Dadu by providing them with food items, water and other relief supplies to help move them from ruin to recovery. Along with that, we catered to over 161,100 households through our Ration Drives under our Food Security Campaign.

The best of our initiatives this year was the first Mother and Child Mobile Health Unit that we launched to improve access to healthcare services to low-income and hard

-to-reach residents in coordination with Local District Health Department. The unit is staffed by a combination of physicians and nurses delivering access to free, quality healthcare for the communities residing in Chakwal and adjoining areas of Balkasar covering 50 KM with the support of REDO Foundation. The women and children living in remote vulnerable areas are being provided with free of cost quality health-care services, maternal care and neonatal care at their doorsteps. Master Group and Foton partnered with us to strengthen the facility and help us power the first SAF Mobile Health Unit. During the period under review, the unit has catered to over 2,000 patients.

Another of our health initiatives is Sahibzada Fazal Rehman Hospital which has been the flagship project of SAF in Kohat and Mother & Child Health Promotion Center in Lahore. The projects are dedicated to save lives and relieve suffering through the provision of free of cost and quality healthcare and development programs under the SDG 3 “Good Health and Well Being” for all at all ages. SFH has been offering healthcare and medical assistance to the poor local community with the flexibility to responding rapidly to emergency situations since 2014. Other interventions at the facility include community awareness programs in addition to regular medical and consultancy camps in and outside the facility. MCHPC in partnership with PAH-CHAAN is focused on improving maternal and infant healthcare through different health, wellness and awareness programs while providing free medical care to the community residing in Malikpur and its adjoining areas. Immunization drives are also conducted in the facility to protect children and mothers from different life-threatening diseases. Our focus areas have been; Hepatitis, Measles and Rubella.

SAF believes education is the foundation upon which a happy, healthy life is built, and that is why our work is to facilitate greater access to educational opportunities for the communities across Pakistan. Our education initiative focuses on catering to the outskirts of cities where most of the marginalized communities reside, including numerous out-of-school children, especially girls, who are not enrolled in schools due to socio-economic setbacks. Our education initiative is aligned with SGD 4, 5 and 10 with quality education being our priority with a special focus on girls’ education which would reduce inequalities in the times to come. Through our initiatives, we meet SDG 8 as the by-product creating opportunities for economic development and decent work. We work with wider society covering students, their parents, and communities through different community development programs including Mini MBA in collaboration with Peace Through Prosperity (PTP) and Shahur Program in collaboration with LUMS Entrepreneurial Society (LES) to empower them with entrepreneurship skills, leadership skills, and help them learn various financial processes. Not only that, teachers training at SAF schools is also an integral part of our education program. SAF teachers are prepared for career growth through professional development training programs through which they are equipped with more skills and introduced to new methods to keep the curriculum updated and informative; with newer and more fun teaching methods so that children can grasp information better. Along with that, SAF also partnered with Jolly Phonics to improve teaching and communication skills to polish reading and writing skills of pre-nursery, nursery, and prep students.

Over 5,300 students are getting free of cost quality education at SAF schools along with all other extra-curricular and exposure-based learning and activities. We are building libraries and IT labs in our campuses in partnership with our supporters including SMEC to ensure students are provided with vibrant and supportive opportunities that promote and nurture their learning. We have completed the construction of two IT labs and two libraries in SAF schools where students are gaining personal development skills, digital skills, literacy skills, creativity and freedom they need to grasp the world. Besides that, SAF students are provided with notebooks, curricula, tuition fee, stationary and complete uniform as they start their new academic year in order to cut down barriers to education and to provide relief to the parents who have to bear the cost to ensure their child continues their education.

Our school in Tirah Valley Maidan area (formerly under FATA) of Khyber Pakhtunkhwa, is the first purpose-built school in the community which is now all set to start its operations and transform lives by equipping the children of the valley with universal access to inclusive, quality education. Through the facility, we aim to promote community development through vocational and professional development programs working directly with parents and teachers to ensure children in the community have access to the resources they need to learn and grow while setting them up to thrive in all areas.

SAF has been at the forefront of tackling water poverty by providing easy access to safe water to the communities so that the lives of women and children improve, more children go to school and more women get the opportunity to work. SAF water initiative is focused on installing filtration plants, community tanks and handpumps across Pakistan to equip communities with lasting access to safe water and sanitation services operating at the nexus of Goal 6 of UNSDG of “Clean Water and Sanitation.” Expanding our reach in Balochistan, we are constructing filtration plants supported by our Building Dream donors in the areas of Ormara, Pasni, Qilla Saifullah, Muslim Bagh, and Mastung. Along with that we installed 3 filtration plants, 4 community tanks and 12 handpumps this year through the support of our donors from UK, Australia and Pakistan. We also work to provide safe water when needed most in the wake of emergencies and natural disasters.

Two of our grand initiatives this year under SAF sports were Summer Stumps and SAF Pakistan Disabled Cricket National Championship. Summer Stumps was organized for the kids who are determined to go places with their cricket. The camp provided extensive training and professional coaching from experienced coaching staff. The participants were able to work on core skills such as batting, fielding, field positioning, bowling, cricket awareness and fitness. They were provided with the grooming skills in various other life aspects that will be critical in their growth as cricketers and as potential Pakistan stars of the future. On the other hand, we partnered with Pakistan Disabled Cricket Association and conducted the Pakistan Disabled Cricket National Championship as part of our endeavors to promote and support the talent, competition and create viable career opportunities for the special need persons.

SAF's total assets increased to Rs. 266.174 Million as of June 30, 2022 by 4.5%, compared to Rs. 254.661 Million from last year mainly on the back of significant increase in Fixed Assets while a decrease by Rs. 26 Million was witnessed current assets mainly in Cash in Hand held in bank accounts. The growth in non-current assets was in lieu of the investment made by the foundation in different projects particularly in education interventions by way of investing in SAF Schools network so that education facilities are available in far-flung areas. The accumulated funds position is improved by just over Rs. 5 Million from the last year. The long-term liabilities increased by Rs. 6.215 Million on account of leased vehicles for senior employees of the foundation.

The operating results for the period under review ended June 30, 2022, shows significant improvement from the last year in view of fundraising numbers and its utilization towards the causes SAF is striving for. The donation income side has witnessed a growth of over 12% from the last year i.e. by around Rs. 29 Million. This was attributed to increase in all components of the income. The growth was in lieu of great efforts and resources put together by all SAF business centers including foreign chapters to have a coordinated effort towards betterment for the society.

The expenditures side increase is evident of the great efforts SAF team is putting in the cause. The project expenditures have seen a significant increase from Rs. 170 Million in the financial year ended June 30, 2021 to Rs. 230 Million in the last year ended June 30, 2022 i.e. by over 35% to Rs. 60 Million. This has shown that SAF is sticking to its mission of utilizing maximum funding in its interventions and moving towards ever increasing the spending in percentile terms.

The Administrative Expenses have witnessed a meagre increase by Rs. 2 Million from the expenses of the last year i.e. by 6% only. But reflected a decrease in percentile to total income from 2021 which was 12.8% and came down to 12.2% of the total income in FY 2022. This has been attributed to a great commitment maintained by the management and Board of Trustees of SAF towards its donors and supporters of controlling admin expenses and utilizing major portion in relief to the poor communities. SAF's management has been putting all its efforts to manage and minimize its admin expenses to a level allowed under the law plus allocating maximum funds towards welfare of the underprivileged society. This also shows that funding for the year under review ended June 30, 2022, was largely utilized in the very financial year and allocating maximum chunk of 86% in the interventions vis welfare of the society.

The Cash flows were managed to the utmost commitment by the management with a major chunk utilized in the Investing activities for the acquisition of properties and equipment. Working capital requirement was also increased and somehow witnessed a negative net cash flow from the last year but in a manageable manner.

The last financial year concluded on June 30, 2022, was a very challenging and depressing for the Pakistan in terms of its economy and political stability. Inflation was skyrocketing triggered by global events lead by the Russian invasion of Ukraine and increasing commodity prices.

Pakistan has been facing huge Current Account Deficit “CAD” as the imports are on constant increase which resultantly widening the CAD and impacting the economy severely. The middle and poor segments of our society are hugely impacted by such factors. Having said that, your foundation is expanding its outreach to more and more vulnerable communities who are in dire need of help with the support of its donors and supporters locally and internationally too. Your organization is on a continuous course of expanding and, at the same time, looking to maintain and improve quality standards of its services to the society so that it creates required impact and change in the lives of the people living under poverty line. The trust and confidence of donors and supporters are SAF's top priorities, and it is therefore extremely important to keep them informed and to always maintain SAF's transparency for all stakeholders. Especially, the Zakat matters which needed to be dealt with extreme sincerity and carefully, therefore, prominent, and acclaimed Shariah scholars namely M/s Al Hamd Shariah Advisory Services (Pvt.) Ltd. are engaged by SAF for the same. The Shariah Compliance certificate for the period under review is included in this report on Page No. 147.

SAF has one of the leading law firms of Pakistan, KMPG Bawaney & Partners, as its legal advisors which ensure that all legal & regulatory compliances are in check and balance.

SAF is also certified as an approved charitable organization by Pakistan Center of Philanthropy (“PCP”) and have been registered with Ministry for Economic Affairs (formerly Economics Affairs Division “EAD”), Govt. of Pakistan, as an approved NPO to receive funding from International Donors in the year under review. SAF is one of the few organizations to have registered under Sindh Trust Act 2020 with Directorate of Industries, Govt. of Sindh and have also completed submission for registration with Sindh Charity Commission under Sindh Charity Act 2019.

The SAF is extremely lucky to have such a steady stream of contributors and supporters who have been advancing Shahid Afridi's goals for a very long time. To name a few; Al Baraka Bank Pakistan, Careem, Baskin Robbins, Lucky Cement (YB Group), MACPAC Films, Volka Foods, Bestway Cement, Master Group, HBL Foundation, Ismail Industries (Candyland), Global Brand Marketing (MEIJI), EFU Life, & others, and on global front; SMEC Foundation, AusRelief, GIM Foundation, Regal Foods, Nazir Awan Foundation, Janan, Kaspas, IDRF Canada, APPNA US were the main contributors towards SAF's efforts for humanity.

The SAF's worldwide offices have consistently provided encouragement and support for its initiatives and made a substantial contribution to the causes. All the registered chapters have been giving it their all to support the SAF's efforts to elevate Pakistan's underprivileged communities. Under the auspices of SAF, they are also advancing social causes in their own nations.

SAF's income is exempted from income tax under sub-clause (c) of clause (36) of section 2 of the Income Tax Ordinance, 2001 read with Rule 214 and Rule 220 of the

Income Tax Rules, 2002 under which SAF has been listed as a Non-Profit Organization. All SAF donors are entitled to tax credit in their deemed assessments order u/s 120(1)(a) in terms of section 61 of the Income Tax Ordinance, 2001.

### **FINANCIAL SUSTAINABILITY**

SAF has maintained a steady upward trajectory and has been successful in forging warm bonds with its contributors and supporters based on trust, credibility, and honest commitment to the community. This has offered SAF an advantage by bringing continuity to its services through long-term, strong recognition from its local and international donors. The donors are making ongoing contributions to SAF's causes, adding to the sustainability of SAF's social services. Donors are also being engaged with specific projects/programs on long term basis to sustain such programs for a longer run.

In order to keep its donors informed and in touch with them frequently, SAF has also been working to establish methods and resources. To this end, a full CRM solution is currently being developed and will greatly increase connectivity with its donor base.

Donor organizations are a source of ongoing funding for specialized projects, and they now include SAF as their preferred partner, which greatly supports the goal of developing long-lasting projects for the neighborhood.

SAF has been applying Accounting Standards emphasized by ICAP for NPOs and also recommended by our auditors which gives fair position of our operations in financial terms and comply with developing complete transparency for the donors & regulatory authorities particularly and public in general.

### **STATEMENT ON CORPORATE AND FINANCIAL REPORTING FRAMEWORK**

- These financial statements, prepared by the management of SAF, present fairly its state of affairs, the operating results, cash flows and changes in the statement of fund.
- Proper books of accounts have been maintained by the Foundation in accordance with guidelines and policies.
- Financial statements and accounting estimates are based on reasonable and prudent judgement by reliably applying appropriate accounting policies.
- These financial statements have been prepared in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. The audit has been conducted by Grant Thornton Anjum Rahman who are independent of the SAF in accordance with the International Ethics Standards Boards for Chartered Accountants of Pakistan (the Code).
- The internal control systems and procedures are in place and designed & implemented effectively.

- There are no significant doubts upon the Foundation's ability to continue as a going concern.
- Key operating and financial data for the last four years in summarized form is included in this Annual Report on Page No. 129.
- Message from Chairman is shared on Page No. 19.
- The profiles of Board of Trustees, Global Offices and management of SAF are also included in the Report.

### **COUNTRY DIRECTOR'S PERFORMANCE EVALUATION**

During the year under review, the Board of Trustees evaluated the performance of the country director considering the developed performance-based evaluation system. The performance was evaluated on the below criteria:

- Leadership
- Financial Performance
- Policy and Strategy
- Scheduling & Delivery of Programs
- HR Management
- Transparency, Systems & Procedures
- Governance and Compliance

### **RELATED PARTY INFORMATION**

There were no related parties transaction during the year under review. The remuneration to the key management personnel are comprised of:

- Rs. 4.2 Million (2021: Rs. 5.02 Million) paid as remuneration / compensation to the key management personnel.

### **FINANCIAL STATEMENTS**

The financial statements of the Shahid Afridi Foundation have been approved and duly audited without qualification by the auditors of the Foundation namely M/s Grant Thornton Anjum Rahman and their report is attached with the financial statements.

### **AUDITORS**

The audit firm M/s Grant Thornton Anjum Rahman have been given satisfactory rating under the Quality Control Review (QCR) Programme of Institute of Chartered Accountants of Pakistan (ICAP) and they are considered one of the top 10 audit firms internationally. They are completely compliant with the International Ethics Standards Board for Accounts' Code of Ethics for Professional Accountants as adopted by the ICAP.

1st & 3rd Floor,  
Modern Motors House,  
Beaumont Road,  
Karachi, Pakistan.

21 December 2022

**T** +92 21 35672951-56

The Trustees  
Shahid Afridi Foundation (the Foundation)  
Karachi.

Dear Trustees

**AUDIT OF FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 30 JUNE 2022**

We are pleased to enclose two copies of the draft financial statements of the Foundation for the above year, together with our draft audit report thereon initialed by us only for identification purposes. We shall be pleased to sign and issue our report after:

- a) the Trustees have approved the financial statements and these have been signed by the Chairman and a Trustee of the Foundation;
- b) we have received representation letter duly signed by the Trustees,
- c) we have seen the Trustees' resolution approving the following items:

	<b>Rupees</b>
- additions to property and equipment	47,187,370
- sales proceeds from disposal of property and equipment	6,012,000
- disbursement of hospital salaries from zakat	11,190,178
- donations received	187,329,176
- zakat received	60,716,135
- donations / zakat paid	15,366,675

**2 RESPONSIBILITIES OF THE TRUSTEES AND AUDITORS IN RELATION TO THE FINANCIAL STATEMENTS**

**2.1** The responsibilities of the independent auditors in an audit of financial statements are provided under the International Standards on Auditing as applicable in Pakistan.

2.2 While the auditors are responsible for forming and expressing their opinion on the financial statements, trustees are responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, and for such internal controls as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, trustees are responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless trustees either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

### 3 **TRANSACTIONS WITH RELATED PARTIES**

We have been informed by the management that there were no transactions with related parties during the year other than those disclosed in financial statements.

### 4 **CONTINGENCIES AND COMMITMENTS**

We have been informed by the management that there were no contingencies and commitments at the reporting date.

### 5 **FRAUD AND ERROR**

We have been informed by the management that to the best of their knowledge there have been no instances of fraud or irregularities during the year that could have a material effect on the financial statements.

We place on record our appreciation for the co-operation and courtesy extended to us by management during the course of the audit.

Yours faithfully

## INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES OF THE FOUNDATION

### Opinion

We have audited the annexed financial statements of **SHAHID AFRIDI FOUNDATION (the Foundation)**, which comprise the statement of financial position as at 30 June 2022, the statement of income and expenditure, the statement of changes in funds, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion, the accompanying financial statement present fairly, in all material aspects the financial position of the Foundation as at 30 June 2022, its financial performance for the year then ended in accordance with the approved accounting and reporting standards as applicable in Pakistan.

### Basis for opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Managing Committee is responsible for the preparation and fair presentation of the financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan and for such internal control as the Managing Committee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Managing Committee is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters

related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charge with governance is responsible for overseeing the Foundation's financial reporting process.

### **Auditor's responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charge with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### **Other Matter**

The financial statements of the Foundation for the year ended 30 June 2021 were audited by another firm of chartered accountants who expressed an unmodified opinion on those statements on 06 January 2022.

The engagement partner on the audit resulting in this independent auditor's report is Khurram Jameel.

**CHAIRMAN**

  
**TRUSTEE**

**SHAHID AFRIDI FOUNDATION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2022**

---

**1. STATUS AND NATURE OF OPERATIONS**

Shahid Afridi Foundation (the Foundation) was registered as a charitable trust on March 10, 2014 under the Trust Act, 1882. The Foundation is principally engaged in providing healthcare, education, access to water, sports rehabilitation and emergency relief response in Pakistan, especially in remote areas. The Foundation's registered office is situated at 204, E. I. Lines, Dr. Daud Pota Road, Karachi, Pakistan. The Foundation owns two health care institutions namely Sahibzada Fazl Rehman Charity Hospital (SFH) located in KPK and Mother and Child Health Promotion Centre located in Lahore and 14 Schools which are managed by Green Crescent Trust and CYTE Foundation.

**2. STATEMENT OF COMPLIANCE**

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of:

- International Financial Reporting Standards (IFRSs) for Small-Medium sized entities (SMEs) issued by the International Accounting Standards Board (IASB) as applicable in Pakistan; and
- Accounting Standard for Not for Profit Organizations (NPOs) issued by the Institute of Chartered Accountants of Pakistan (ICAP).

**3. BASIS OF PREPARATION**

These financial statements have been prepared on the basis of historical cost convention.

**4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**4.1 Property and equipment**

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for land which is stated at cost. Depreciation is charged to income applying the diminishing balance method. In respect of additions, depreciation is charged for the full month in the month of purchase and no depreciation is charged on deletions in the month of disposal. The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year end.

**4.2 Intangible assets**

These are stated at cost less accumulated amortization and accumulated impairment losses, if any, and are amortized on a systematic basis over the estimated useful lives of intangible assets using the diminishing balance method.

**4.3 Cash and cash equivalents**

These are stated at cost.

**4.4 Stock in hand**

These are stated at the lower of cost, determined on first in first out basis and Net Realiseable Value

**4.5 Lease liabilities**

At its inception, a lease is classified as either a finance lease or an operating lease. Finance leases are capitalized at the commencement of lease at the lower of the fair value of the leased property and the present value of the minimum lease payments. Each lease payment is apportioned between the liability and finance charges using the effective interest method. Finance leases transfer substantially all the risks and rewards of ownership. All other leases are classified as operating leases.

**SHAHID AFRIDI FOUNDATION**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2022**

---

**4.6 Trade and other payables**

Liabilities for trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Foundation.

**4.7 Provisions**

Provisions are recognized when the Foundation has legal or constructive obligation as a result of past events if it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made.

**4.8 Taxation**

Under section 100C of Income Tax Ordinance, 2001 (ITO) the Foundation is allowed a tax credit equal to one hundred percent of the tax payable including minimum tax and final taxes payable under any of the provisions thereof.

**4.9 Revenue recognition**

Revenue arises from donation, zakat and hospital operations is recognised on receipt basis. Donation-in-kind is valued at market value at the time of receipt.

**4.10 Foreign currency transactions**

Transactions in foreign currencies are accounted for in rupees at the rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into rupees at the rate of exchange prevailing at the balance sheet date. Any resulting gain or loss arising from changes in exchange rates is reported in income and expenditure account.

**4.11 Functional and presentation currency**

These financial statements are presented in Pakistan Rupees, which is the Foundation's functional and presentation currency.

نحمدہ و نصلی علی رسولہ الکریم

شاہد آفریدی فاؤنڈیشن ایک ویلفیئر ادارہ ہے جو زکوٰۃ، صدقات اور عطیات کی رقوم و اشیاء سے مستحق زکوٰۃ اور ضرورتمند افراد کی تعلیم، علاج و معالجہ، راشن پانی اور دیگر بنیادی ضروریات پوری کرنے میں اپنی خدمات انجام دے رہا ہے۔ شاہد آفریدی فاؤنڈیشن اپنی تمام خدمات شریعہ ایڈوائزر کی زیر نگرانی اور شرعی ہدایات کے مطابق انجام دیتا ہے اور باقاعدہ ادارہ شریعہ ایڈوائزر کی اجازت سے فنڈ خرچ کرتا ہے، چنانچہ ادارہ یکم جولائی 2021ء سے 30 جون 2022ء تک زکوٰۃ، صدقات اور عطیات کی رقوم و اشیاء شریعہ ایڈوائزر کی ہدایات کے مطابق اور ان کی منظوری سے خرچ کئے ہیں۔

ہم بحیثیت شرعی ایڈوائزر اس بات کی تصدیق کرتے ہیں کہ شاہد آفریدی فاؤنڈیشن کے زکوٰۃ، صدقات اور عطیات کی رقوم و اشیاء خرچ کرنے کا طریقہ اور معاملات شرعی اعتبار سے درست ہیں۔ اللہ تعالیٰ ادارہ کی خدمات قبول فرمائیں، آمین۔

# Get Involved

Volunteering gives you chance to make the difference, meet new people, learn new skills and worked as part of a wider team.

## Raise funds for us

Fundraising volunteers enable us to raise funds for our all-important causes, from organizing a charity event to hosting fundraising dinner.

## Become an Admin Volunteer

If you want to help in one of our offices or support our services, you can volunteer your administration skills.

## Become a Volunteer Trainer or Teacher

Share your knowledge to help train teachers and students at SAF Schools.

## Share your Expertise

Help our doctor, nurses and health practitioners, whilst developing new skills and techniques working at SAF's Hospital SFCH.
