INTRODUCTION

Shahid Afridi Foundation (SAF) stands as a beacon of hope in its unwavering mission to uplift the most marginalized segments of our society. Our dedication is Channelled into creating meaningful impact and transforming lives through a focused commitment to five key initiatives: Emergency Relief Response, Health, Education, Access to Water, and Sports Rehabilitation.

Founded in 2014 by the renowned former Pakistani Test Cricketer, Shahid Afridi, SAF is a non-profit organization. Though headquartered in Pakistan, we have expanded our international footprint to eleven countries, boasting registered offices in the USA, UK, Australia, and South Africa.

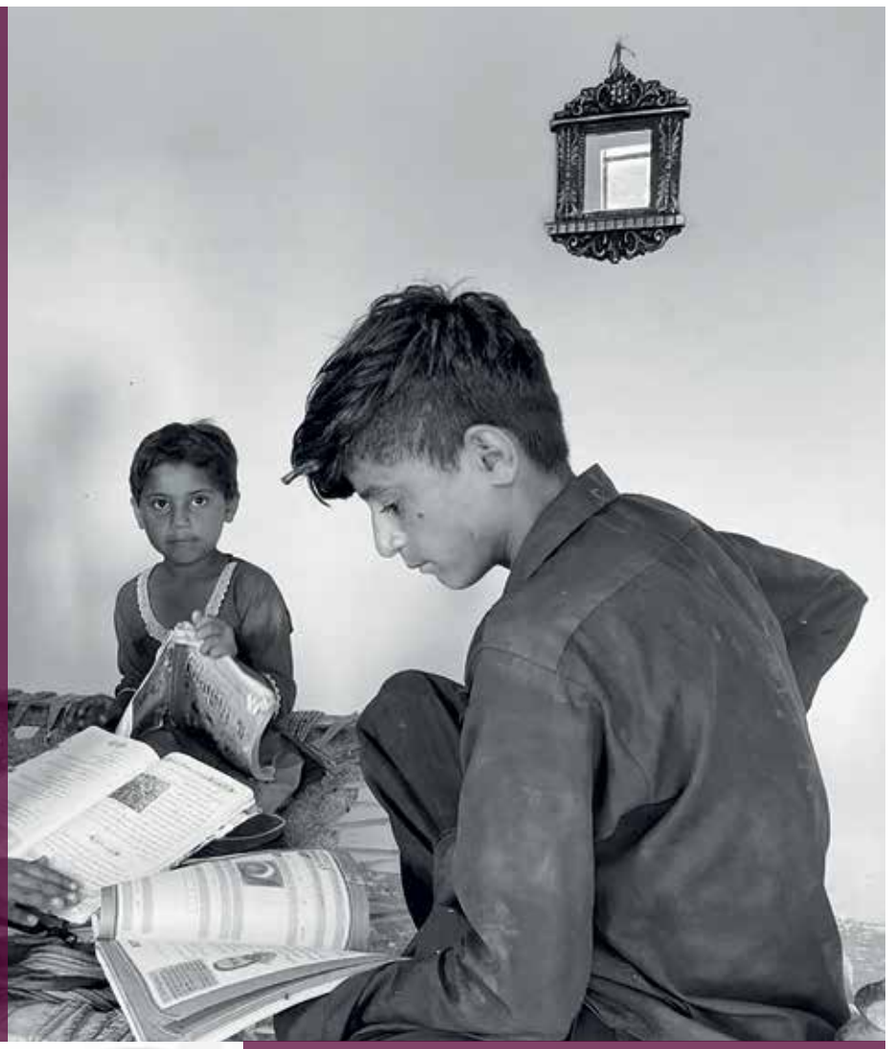

In Pakistan, persistent economic disparities, limited healthcare access, educational inequities, and water scarcity perpetuate cycles of poverty and struggle. According to the United Nations, nearly 40% of the population lacks access to basic services, exacerbating vulnerabilities. Shahid Afridi Foundation (SAF) emerged as a beacon of hope, addressing these challenges head-on and imprinting on the lives of 2.5 million households and their respective communities. SAF's initiatives empower communities, providing essential healthcare, quality education, clean water, and sports programs. In the face of emergencies, SAF swiftly responds, offering a lifeline. By focusing on these critical areas, SAF aims to create sustainable change, transforming lives and driving progress towards a more equitable Pakistan.

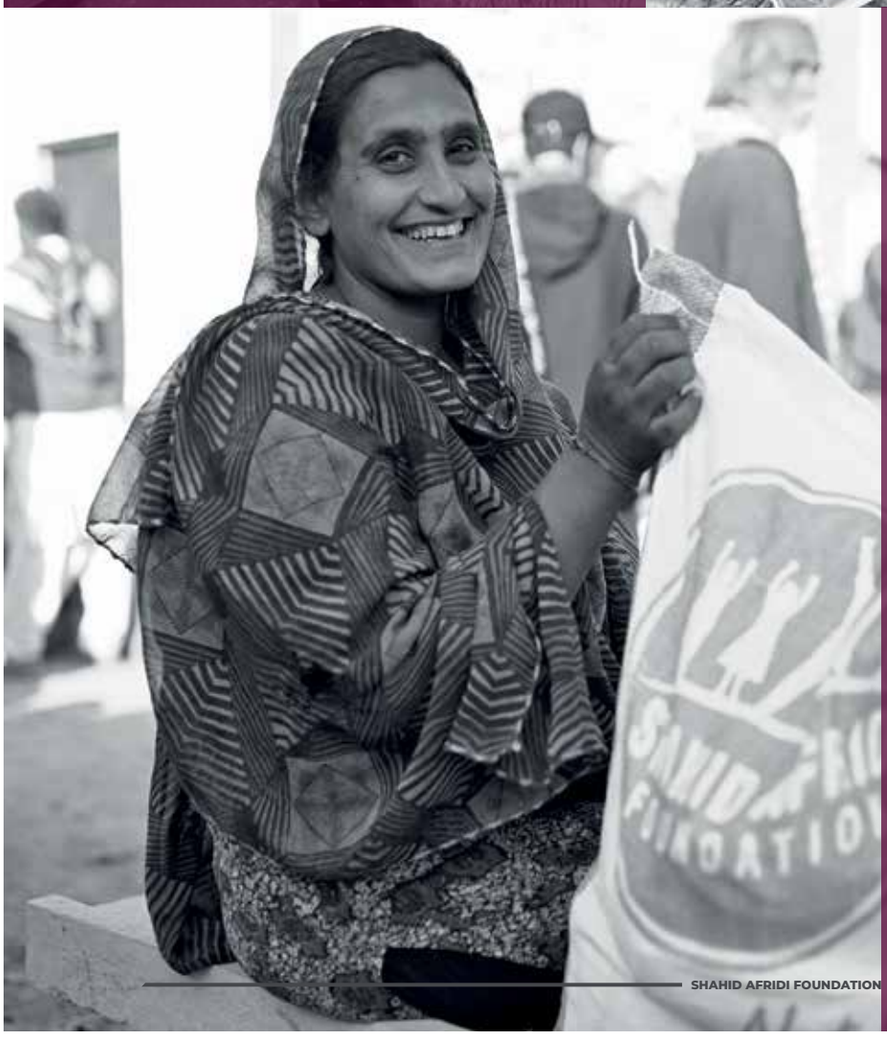

VISION

We aspire to become the source for transforming lives of the underprivileged communities in Pakistan and across the globe.

MISSION

To enable access to education, healthcare services, and water supplies across Pakistan, empowering underprivileged communities for a better future.

A COMPASSIONATE RESPONSE TO CALAMITY

Natural disasters recur, leaving devastation in their wake. The impact extends beyond immediate loss, affecting livelihoods, communities, and economies. With climate change, air pollution, and population growth, more individuals face economic devastation from recurring disasters.

Pakistan is vulnerable to these calamities and often grapples with inadequate disaster management. Shahid Afridi Foundation recognizes the urgency. Through our Emergency Relief Response, we provide immediate relief and ignite hope for a brighter, more resilient future.

A STRATEGIC APPROACH TO RELIEF

Our response is tailored to the unique needs of affected populations, adhering to globally recognized standards and guided by principles of neutrality and independence. Each disaster demands a meticulous assessment, empowering us to develop strategic response plans that address the most vulnerable and severely affected.

Furthermore, our emergency preparedness is a vital component of reducing catastrophic impacts. Ensuring that our first responders are well-equipped and prepared for common disaster scenarios enables us to respond promptly to the most pressing emergencies.

LINKING RELIEF TO THE BROADER PICTURE

Our efforts in Emergency Relief Response do more than offer immediate succor; they intertwine with our broader mission of creating sustainable change and holistic community upliftment. By aligning with the Sustainable Development Goals set out by the United Nations, we are forging a path toward lasting transformation.

Our campaign on Food Security has reached far and wide, providing healthy, nutritious food packs, relief kits, and household items to struggling families across the globe. This year, our efforts extended from the heart of Pakistan to the shores of the United Kingdom and the distant corners of Australia, underscoring our commitment to global and localized impact.

SHAHID AFRIDI FOUNDATION'S COMPASSION IN CRISIS:

A TALE OF RESILIENCE FOR OVER 30,000 HOUSEHOLDS

In the wake of the catastrophic 2022 floods that engulfed the lives of 33 million Pakistanis, Shahid Afridi Foundation (SAF) emerged as one of the first responders to this calamity. Our early action was not just a response; it was a reflection of our unwavering commitment to providing hope, relief, and resilience in times of dire need. This was made possible as part of our Emergency Relief Response initiative, a testament to our dedication to aiding those in the most critical moments.

A THREE-PHASE BLUEPRINT FOR CHANGE

Our efforts in the face of this disaster were carefully structured into a three-phase plan, each phase designed to address specific needs and ensure a holistic approach to rehabilitation.

PHASE ONE: *IMMEDIATE RELIEF*

In this crucial phase, SAF focused on the immediate survival of flood affectees. We provided cooked food, delivered essential medical care, distributed hygiene kits, and ensured access to clean water. This lifeline reached at least ***8,000 households*** across Sindh and Balochistan provinces.

PHASE TWO: *SUSTAINING LIVES*

Transitioning into the second phase of relief efforts, our focus shifted towards ensuring sustainable support for affected communities. We distributed vital rations, winterization kits, and farming essentials, laying the groundwork for long-term resilience. Medical camps provided essential healthcare services, addressing immediate health concerns. Sturdy tents and a tent village in Mastung provided shelter for displaced families. Additionally, a mobile health unit reached remote areas, ensuring access to medical care. These interventions sustained the livelihoods of 15,000 households, exemplifying our unwavering commitment to supporting communities through every stage of recovery and rebuilding. Through these multifaceted initiatives, we aimed not only to address immediate needs but also to empower communities for a resilient future.

3rd_TPL_Shahid_Afridi_Annual_Report_2023.indd 24 16/05/2024 5:27:16 pm

PHASE THREE: *REBUILDING HOPE*

As the third phase unfolds, SAF's focus turns to long-term rehabilitation. We are constructing homes for the flood-affected, ensuring that these dwellings are not just shelters, but the cornerstone of renewed lives. These sustainable houses are being erected in some of the worst-hit districts in Sindh and Balochistan, with SAF already completing more than 350 homes. This phase has facilitated the lives of over 7,000 households and counting.

ON A MISSION FOR HOPE

Our efforts in the face of the 2022 floods are a testament to the resilience of the human spirit and the power of unity. As we continue our mission to ensure "Hope Not Out" for those affected by calamities, we are honored to have you alongside us. SAF stands resolute in its commitment to rebuilding lives, strengthening communities, and keeping the flame of hope burning brightly.

BRIDGING GAPS BEYOND CALAMITY: *SAF'S FOOD DRIVES AND ESSENTIALS DISTRIBUTION*

Our Emergency Relief Response initiative is a beacon of hope that extends far beyond the wake of calamities like floods. In the spirit of compassion, while moving forward towards our aim to accomplish ***UN SDG Goal 2 (Zero Hunger)***, we expanded our reach to ensure food security for an additional 50,000 individuals across Pakistan through our Food Drives. In times of crisis, our commitment to providing sustenance and essentials remains unshaken.

Empowering Communities: In the heartlands of Sindh, Balochistan, and Khyber Pakhtunkhwa, we've stepped forward to distribute rations among food-insecure households. These are the lifelines of our nation, and it is our mission to keep their flames of hope burning, ensuring they can face the future with strength and resilience.

Walking a Mile in Their Shoes: SAF also took a step further by distributing shoes and warm clothes, addressing the immediate needs of communities that have often been overlooked. Many of these individuals are daily wagers and farmers who, in the face of adversity, continue to be the backbone of our nation.

Through these initiatives, we're not only addressing the immediate needs of communities but also sowing the seeds of a brighter, more secure future. In our commitment to bridging gaps beyond calamity, we invite you to witness the stories of strength and resilience that these initiatives have ignited.

GLOBAL OUTREACH: *EXTENDING RELIEF FAR AND WIDE*

While our roots remain deeply grounded in Pakistan, our commitment to humanitarian relief knows no boundaries. Shahid Afridi Foundation has extended its support internationally, demonstrating that compassion transcends borders.

Turkiye's Earthquake Victims: SAF reached out to the earthquake victims in Turkiye. Relief items and hope were provided to those affected by the seismic tremors, offering a helping hand during these challenging times.

United Kingdom: ***Nurturing Communities:*** Our dedicated volunteers in the UK organize regular food drives across different parts of London. These initiatives ensure food security for vulnerable, homeless, and sick individuals. To date, over 2000 individuals have found sustenance and support through these endeavors.

Australia: ***Bridging Gaps Down Under:*** Volunteers from SAF Australia are equally committed to holding food drives. In Sydney and Melbourne, these initiatives aim to support the vulnerable and homeless in Australia. It's our way of nurturing communities and ensuring that hope knows no borders.

With these international initiatives, we stand firm in our belief that compassion is a universal language that can unite us in our mission to provide relief and support to those in need. Together, we're spreading hope across borders and making a difference, one life at a time.

HEALTH

To expand and create opportunities, to provide access to quality health care, and promote well-being for all at all ages.

3rd_TPL_Shahid_Afridi_Annual_Report_2023.indd 32 16/05/2024 5:27:26 pm

EXPANDING ACCESS TO QUALITY HEALTHCARE: A COMMITMENT TO GOOD HEALTH

At Shahid Afridi Foundation, our Health Initiatives are built upon a resolute commitment to the United Nations Sustainable Development ***Goal 3: Good Health and Well-being.*** We firmly believe that access to quality healthcare is a fundamental human right, and it's a commitment we've upheld since our inception in 2014.

In a country where the most remote areas often lack readily available healthcare services, SAF has taken up the mantle to extend medical assistance, establish dispensaries, and provide vital Mother & Child healthcare services to vulnerable communities. We are driven by the pressing need to address prevalent illnesses and diseases that have proliferated due to contaminated water and food supplies.

The statistics paint a stark picture – Pakistan faces considerable healthcare challenges. Shockingly, one in every 38 women dies from pregnancy-related causes, making Pakistan's maternal mortality rate one of the highest globally.

"Women lead the progress of family health and economic development; women's poor health not only seriously impacts family well-being but also hinders Pakistan's development potential," as observed by the World Bank.

A robust healthcare system is not only a fundamental right but also a powerful driver of economic growth. It has been noted that a mere 10% increase in life expectancy contributes to an economic growth of around 0.4% per year.

Our focus is on underserved rural areas, where we strive to bridge the healthcare gap, create awareness, and advocate the importance of accessible healthcare. Through strategic partnerships and coordinated efforts, we aim to provide crucial healthcare advice and support to those who need it most.

ADVANCING HEALTHCARE: A YEAR OF IMPACT AND GROWTH

ENHANCING HEALTHCARE ACCESS: A YEAR OF COMPREHENSIVE SERVICES

In the heart of the SAF healthcare movement, the year 2022-2023 marked a significant period of expansion for our health initiatives. With a steadfast commitment to extending quality healthcare to underserved communities, Shahid Afridi Foundation (SAF) has taken remarkable strides to ensure a healthier future for all.

We realized that clear vision is an essential component of a healthy life. Eye health often takes a back seat, especially for those who cannot afford it. In response to this pressing need, the SAF Health Team organized various free Eye Camps at Sahibzada Fazal Rehman Hospital, successfully facilitating approximately **1,000 patients.**

Moreover, throughout the year, SFH ensured that at least **30,000 patients** received quality healthcare, extending vital medical services to individuals across the region. These services encompassed a wide range of medical needs, addressing the prevalent health concerns in the communities we serve.

EXPANDING HORIZONS WITH MOBILE HEALTH UNITS: REACHING THE UNDERSERVED

Ensuring good health is a fundamental right, regardless of one's location. In our unwavering pursuit of this goal, SAF's Mobile Health Units have made a significant impact. These units are more than just healthcare on wheels; they are lifelines for communities that were once medically underserved.

In Chakwal and Quetta, these units operate round the clock, providing essential medical services to areas where mothers and children often had limited access to healthcare. In 2022-2023, a new addition, the Quetta unit, marked a significant milestone in SAF's mission. Balochistan,

Pakistan's most underserved province, faced a crisis in healthcare accessibility. With this new unit, we aimed to make a lasting impact and reach those who needed it most, transitioning from providing emergency relief to ensuring quality healthcare in the region.

The statistics echo the importance of this expansion. SAF Mobile Health Units have already reached over 12,000 beneficiaries in Chakwal and Quetta, highlighting the profound impact on health and well-being within these communities.

The journey from assisting flood affectees to transforming into full-fledged healthcare provider in Balochistan is a testament to SAF's commitment to creating enduring change. Our Mobile Health Units continue to reach those who need it the most, ensuring that quality healthcare is accessible to all, regardless of their location.

EXTENDING A HEALING HAND: REGULAR MEDICAL CAMPS FOR FLOOD AFFECTEES

Our commitment to health goes beyond the boundaries of everyday challenges. In response to the 2022 Monsoon floods that shook communities in Sindh and Balochistan, we embarked on a mission to provide unwavering support. As part of our Health Initiatives, we organized regular medical camps throughout the year to ensure the well-being of those affected by the calamity.

These camps were more than just medical check-ups; they were symbols of hope and care for individuals and families struggling to rebuild their lives. Our dedicated healthcare teams worked tirelessly to provide medical care, distribute vital medicines, and offer much-needed consultation.

3rd_TPL_Shahid_Afridi_Annual_Report_2023.indd 37 16/05/2024 5:27:50 pm

EDUCATION: UNLOCKING THE POWER OF KNOWLEDGE

In the pursuit of a brighter and more promising future, education emerges as the cornerstone upon which dreams are built. Shahid Afridi Foundation recognizes the transformative power of education, and since its inception, our Education Initiatives have been at the heart of our mission. We firmly believe that every child, regardless of their background or circumstances, deserves the opportunity to access quality education.

Here we embark on a journey through SAF's dedication to education, highlighting our commitment to United Nations Sustainable Development ***Goal 4: Quality Education.*** We firmly uphold the belief that education is the key to a prosperous and equitable society, and it's a commitment that has driven us from the very beginning.

"Education is the most powerful weapon which you can use to change the world."

- Nelson Mandela

In our commitment to fostering educational opportunities, SAF recognizes the importance of empowering local communities to shape their educational landscapes. By partnering with existing schools, we not only enhance their resources but also facilitate capacity-building initiatives for educators. Simultaneously, through the establishment of new educational institutions, we address gaps in accessibility, ensuring that underserved regions have access to quality education. Our scholarship programs aim to alleviate financial barriers, enabling talented individuals to pursue their academic aspirations unhindered. Moreover, our advocacy for gender equality in education seeks to dismantle societal barriers, promoting inclusive learning environments where every child can thrive and contribute to a brighter future.

TRANSFORMING EDUCATION: A DAUNTING CHALLENGE

AN EDUCATIONAL LANDSCAPE IN CRISIS

In Pakistan, the road to quality education is a rocky one. A significant percentage of children, especially girls, remain out of school, and the scarcity of educational facilities is a pervasive issue. According to UNESCO, approximately 22.8 million children are out of school in Pakistan, with girls accounting for a significant proportion of this number.

SAF'S EDUCATIONAL REVOLUTION

Shahid Afridi Foundation has taken up the mantle of transformation. We believe that access to quality education is the right of every child. With unwavering dedication, we have established 15 schools across Pakistan, providing education to over 5,000 children. What's even more inspiring is that over 50% of these students are girls, representing a crucial step toward gender equality in education.

BEACONS OF HOPE

In our steadfast pursuit of equitable education, we uphold the principle of holistic development, understanding that academic proficiency alone is insufficient for comprehensive growth. Rooted in our STEM-focused curriculum, we imbue students with indispensable skills crucial for navigating the complexities of the future, nurturing their capacity for innovation and adept problem-solving. Concurrently, our unwavering commitment to teacher capacity-building initiatives ensures educators are equipped with state-of-the-art pedagogical techniques and abundant resources to effectively engage and nurture their students' potential. Furthermore, our inclusive community outreach extends to parents, offering them tailored skill development opportunities, thus fostering a supportive ecosystem where every stakeholder actively contributes to the educational journey of our children, empowering them to realize their fullest potential in an ever-changing world.

QUENCHING THE THIRST FOR A BRIGHTER TOMORROW: SAF'S WATER INITIATIVES

Access to clean and safe water is a fundamental human right, yet in Pakistan, a significant portion of the population grapples with the daily challenge of securing this necessity. Compounded by the scarcity of clean water sources, over-exploitation of existing resources, and inadequate infrastructure, the water crisis looms as a silent catastrophe, affecting health, livelihoods, and community well-being.

Shahid Afridi Foundation's Dedication to Water Initiatives: In the face of Pakistan's mounting water crisis, SAF stands committed and resolute. Our mission is clear: no one should endure suffering due to the lack of clean water. SAF's water initiatives are designed to create a profound impact on the lives of thousands.

"Clean water is the cornerstone of sustainable development, essential for human health, economic growth, and environmental sustainability."

- Abdus Salam

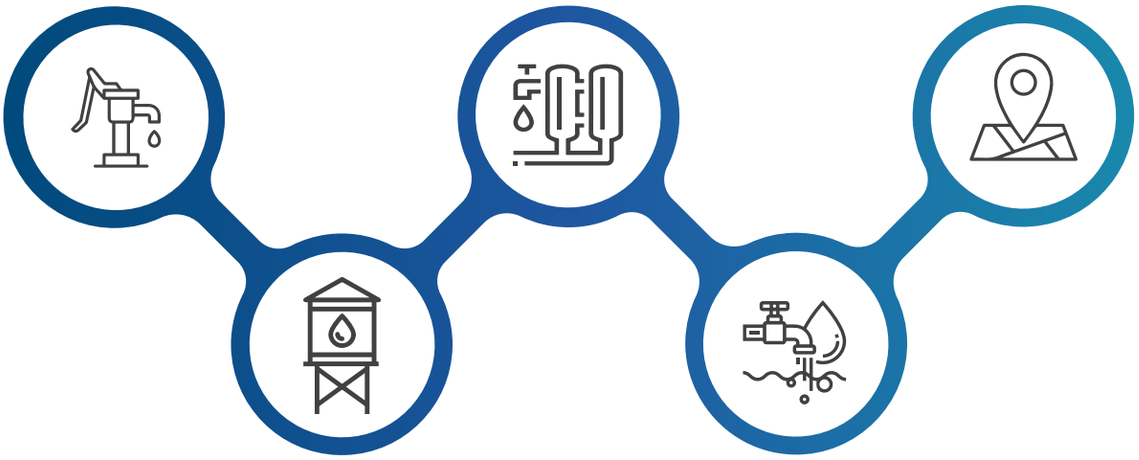

Aligned with United Nations Sustainable Development Goal 6: Clean Water and Sanitation: SAF's water initiatives closely align with the United Nations Sustainable Development Goal 6: Clean Water and Sanitation. We are dedicated to ensuring that marginalized communities in Pakistan gain access to safe drinking water and enhanced sanitation facilities. To fulfill this vision, we've embarked on a multifaceted approach to combat the water crisis. Our approach includes implementing water purification systems in remote villages, drilling wells in underserved areas, and educating communities on water conservation practices. Additionally, we collaborate with local authorities and organizations to establish sustainable water management systems that ensure long-term access to clean water.

EMPOWERING THROUGH SPORTS: OVERCOMING PAKISTAN'S CHALLENGES

LACK OF OPPORTUNITIES: A BARRIER TO PROGRESS

The UN and UNESCO reports highlight the limited access to organized sports in Pakistan, posing significant challenges, particularly for youth and females. The absence of suitable facilities and opportunities restricts the potential of aspiring athletes and impedes their holistic development.

SAF SPORTS INITIATIVES: BRIDGING THE GAP

Shahid Afridi Foundation (SAF) is committed to addressing these issues. Through our sports initiatives, we seek to provide opportunities for individuals, with a special focus on young girls. By organizing sports events, and competitions, and offering access to sports facilities, SAF aims to remove the barriers that have historically discouraged participation in sports.

CREATING OPPORTUNITIES: SAF'S IMPACT

SAF has already touched the lives of 4,000 individuals through our sports programs, creating a platform for them to explore their athletic potential. We believe in the transformative power of sports to empower future leaders. Through our schools, we are instilling this belief in the hearts of young students, fostering a sports culture that promotes gender equality and equal access to sports. Our goal is to overcome these challenges and work toward a brighter and more inclusive future for all.

ACKNOWLEDGING THE PILLARS OF SUPPORT: ENRICHING SAF INITIATIVES THROUGH COLLABORATIONS

SAF's journey has been greatly fortified by the unwavering support of numerous partners beyond our registered chapters, each contributing significantly to our initiatives. Through strategic collaborations, SAF has been able to expand its reach and impact, and for this, we extend our heartfelt gratitude.

IDRF - STRENGTHENING COMMUNITIES WITH VITAL RELIEF DURING CHALLENGING TIMES

In the wake of devastating floods in Pakistan, a crisis that left numerous communities reeling from the loss of their homes and livelihoods, the Shahid Afridi Foundation (SAF) recognized the urgent need for immediate assistance. The call for help was evident as

3rd_TPL_Shahid_Afridi_Annual_Report_2023.indd 70 16/05/2024 5:28:49 pm

flood-affected individuals, primarily comprising daily wage laborers and struggling farmers, faced dire circumstances.

In response to this humanitarian crisis, SAF forged a crucial partnership with the International Development and Relief Foundation (IDRF) Canada. Together, our organizations united their resources and efforts to initiate the Emergency Relief Response, a vital program designed to provide immediate and ongoing relief to those who had been severely impacted by the floods.

This concerted effort resulted in the distribution of monthly rations, a lifeline for over 29,000 flood affectees across five severely affected districts in Sindh: Sukkur, Khairpur, Qambar Shahdadkot, Larkana, and Dadu. These districts were among the hardest hit by the floods, and the partnership with IDRF played a pivotal role in delivering this essential aid precisely where it was needed the most.

The beneficiaries of this relief effort were often daily wage laborers, already living on the edge of economic vulnerability, and farmers who had lost their primary sources of income due to the devastating floods. For these individuals and families, the monthly rations provided through this partnership offered a crucial lifeline, helping them cope with the overwhelming challenges they faced.

This partnership between SAF and IDRF demonstrates the power of collective action in the face of humanitarian crises. By coming together and pooling their resources and expertise, these two organizations made a significant impact on the lives of the flood affectees, providing them with not only essential supplies but also a glimmer of hope during these challenging times. The collaboration exemplifies the spirit of solidarity and shared responsibility that underscores the work of SAF and its partners in making a difference in the lives of those most in need.

STATEMENT OF FINANCIAL POSITION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2023

1 STATUS AND NATURE OF OPERATIONS

Shahid Afridi Foundation (the Foundation) was registered as a charitable trust on 10 March 2014 under the Trust Act, 1882. The Foundation is principally engaged in providing healthcare, education, access to water, sports rehabilitation and emergency relief response in Pakistan, especially in remote areas. The Foundation's registered office is situated at 204, E. I. Lines, Dr. Daud Pota Road, Karachi, Pakistan. The Foundation owns two health care institutions namely Sahibzada Fazl Rehman Charity Hospital (SFH) located in KPK and Mother and Child Health Promotion Centre located in Lahore and 14 Schools which are managed by Green Crescent Trust and CYTE Foundation.

2 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of:

- International Financial Reporting Standards (IFRSs) for Small-Medium sized entities (SMEs) issued by the International Accounting Standards Board (IASB) as applicable in Pakistan; and

- Accounting Standard for Not for Profit Organizations (NPOs) issued by the Institute of Chartered Accountants of Pakistan (ICAP).

3 BASIS OF PREPARATION

These financial statements have been prepared on the basis of historical cost convention.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Property and equipment

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any, except for land which is stated at cost. Depreciation is charged to income applying the diminishing balance method. In respect of additions, depreciation is charged for the full month in the month of purchase and no depreciation is charged on deletions in the month of disposal. The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year end.

4.2 Intangible assets

These are stated at cost less accumulated amortization and accumulated impairment losses, if any, and are amortized on a systematic basis over the estimated useful lives of intangible assets using the diminishing balance method.

4.3 Cash and cash equivalents

These are stated at cost.

4.4 Stock in hand

These are stated at the lower of cost, determined on first in first out basis and Net Realiseable Value

4.5 Lease liabilities

At its inception, a lease is classified as either a finance lease or an operating lease. Finance leases are capitalized at the commencement of lease at the lower of the fair value of the leased property and the present value of the minimum lease payments. Each lease payment is apportioned between the liability and finance charges using the effective interest method. Finance leases transfer substantially all the risks and rewards of ownership. All other leases are classified as operating leases.

4.6 Trade and other payables

Liabilities for trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Foundation.

3rd_TPL_Shahid_Afridi_Annual_Report_2023.indd 83 16/05/2024 5:28:55 pm

4.7 Provisions

Provisions are recognized when the Foundation has legal or constructive obligation as a result of past events if it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made.

4.8 Taxation

Under section 100C of Income Tax Ordinance, 2001 (ITO) the Foundation is allowed a tax credit equal to one hundred percent of the tax payable including minimum tax and final taxes payable under any of the provisions thereof.

4.9 Revenue recognition

Revenue arises from donation, zakat and hospital operations is recognised on receipt basis.

4.10 Foreign currency transactions

Transactions in foreign currencies are accounted for in rupees at the rates prevailing on the date of transaction. Monetary assets and liabilities in foreign currencies are translated into rupees at the rate of exchange prevailing at the balance sheet date. Any resulting gain or loss arising from changes in exchange rates is reported in income and expenditure account.

4.11 Functional and presentation currency

These financial statements are presented in Pakistan Rupees, which is the Foundation's functional and presentation currency.

INDEPENDENT AUDITORS' REPORT TO

THE TRUSTEES OF THE FOUNDATION

Opinion

We have audited the financial statements of **SHAHID AFRIDI FOUNDATION (the Foundation)**, which comprise the statement of financial position as at 30 June 2023, and the statement of income and expenditure, the statement of changes in funds, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material aspects, the financial position of the Foundation as at 30 June 2023 and its financial performance and its cash flows for the year then ended in accordance with the approved accounting and reporting standards as applicable in Pakistan.

Basis for opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Managing Committee is responsible for the preparation and fair presentation of the financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan and for such internal control as the Managing Committee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Managing Committee is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charge with governance is responsible for overseeing the Foundation's financial reporting process.

Auditor's responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charge with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Khurram Jameel.
