REWRITING STORIES OF HOPE:

A YEAR OF TRANSFORMATIVE IMPACT

As we reflect on the achievements of the **Shahid Afridi Foundation** from July 2023 to June 2024, one word stands out: **resilience.** This past year has been a powerful journey of overcoming challenges, delivering critical services, and empowering lives, with the steadfast support of our partners, donors, and communities.

In response to the devastating floods, we extended support to affected families by constructing sustainable, solar-powered shelters in Sindh and Balochistan. These shelters have restored a sense of safety and dignity to those who lost everything. Additionally, in Badin, Sindh, we initiated the development of a model community, nearing completion, which includes a school and water filtration plants. This initiative aims to provide education and access to clean water for more than 100 households, fostering long-term resilience and improved living conditions.

Healthcare remained a cornerstone of our efforts. Through our mobile health units and facilities like the Sahibzada Fazal Rehman Hospital in Kohat, we delivered vital care to thousands, prioritizing mother and child health in the most underserved areas. From lab tests and ultrasounds to surgical interventions, we've brought life-saving services directly to those who need them most.

This year also marked significant strides in education, from distributing school essentials and sports kits to fostering learning opportunities through initiatives like the Incentive for Education and Skills Development program. These efforts are nurturing a generation of young minds ready to dream, achieve, and inspire.

Through clean water projects in Gishkaur and Mand, Balochistan, we addressed one of the most pressing needs of the communities we serve. RO plants have ensured safe drinking water for over **1,000 households**, breaking the cycle of waterborne diseases and empowering healthier lives.

Every accomplishment this year reflects your unwavering belief in our mission. With your support, we've been able to transform challenges into opportunities, deliver lasting solutions, and bring hope to those who need it the most.

As we close this chapter and look ahead to the future, we remain guided by our vision of a Pakistan where no one is left behind. Together, let us continue to empower communities, rewrite stories of resilience, and ensure that 'Hope Not Out' evolves into a lasting movement of empowerment and change.

INTRODUCTION

Shahid Afridi Foundation (SAF) is a symbol of hope and resilience, devoted to uplifting the most marginalized communities and transforming lives across Pakistan and beyond. Guided by a focused commitment to five key initiatives, Emergency Relief Response, Health, Education, Access to Water, and Sports Rehabilitation, SAF is building a future where every individual has the opportunity to thrive.
Founded in 2014 by the legendary Pakistani cricketer Shahid Afridi, SAF has grown from a grassroots initiative into a global non-profit organization. Headquartered in Pakistan, SAF's impact extends to eleven countries, with registered offices in the USA, UK, Australia, and South Africa, uniting a global community of supporters dedicated to its mission.

In Pakistan, widespread economic disparities, inadequate healthcare, limited access to education, and severe water scarcity continue to entrench poverty and inequality. The United Nations reports that nearly 40% of Pakistan's

population is deprived of basic services, underscoring the urgency of intervention. SAF was established to confront these challenges head-on.

Since its inception, SAF has touched the lives of 2.5 million households, delivering meaningful change through holistic initiatives. From providing essential healthcare and quality education to ensuring clean water access and fostering sports development, SAF empowers communities to break free from cycles of struggle. In times of crisis, SAF's Emergency Relief Response serves as a lifeline for those in need, bringing hope and stability during the toughest times. SAF's mission goes beyond charity, it aims to create lasting and sustainable change. By addressing fundamental needs and building resilient communities, SAF is working towards a more equitable and prosperous Pakistan.

OUR VISION AND MISSION

We aspire to become the source for transforming lives of the underprivileged communities in Pakistan and across the globe.

To empower underprivileged communities for a better future by enabling access to education, healthcare services, and water supplies across Pakistan.

OUR VALUES

Shahid Afridi Foundation (SAF) thrives on four core values that define our purpose and actions, Trust, Integrity, Community, and Accountability. These principles are the foundation of our mission to ensure "***Hope Not Out***" for all. They guide us, inspire us, and keep us committed to making a lasting difference.

BUILDING TRUST:

Trust is the bridge that connects us to our donors, beneficiaries, and partners. It's the belief that every contribution is handled with care and purpose. Through transparent practices and responsible action, we uphold this trust, ensuring that hope reaches the people who need it most.

CHAMPIONING INTEGRITY:

Integrity is the unwavering standard that defines our work. It means choosing honesty and ethics over shortcuts, even when the path is tough. With integrity at the core of everything we do, we ensure that the impact we deliver is both genuine and meaningful.

FOSTERING COMMUNITY:

We believe in the power of togetherness. Our commitment to community is about building bridges, fostering solidarity, and listening to those we serve. By working hand in hand with underserved communities, we create environments where hope thrives and progress becomes a shared journey.

DRIVING ACCOUNTABILITY:

Accountability is our promise to make every action count. We take full responsibility for managing resources efficiently and delivering results that matter. By being answerable to our supporters and the communities we serve, we turn generosity into impactful change and aspirations into realities.

At SAF, these values define who we are, fueling our mission, to transform lives and deliver hope to every corner of the world.

CHAIRMAN'S
MESSAGE

As I reflect on the past year, my heart is filled with gratitude and hope. The journey has been challenging, yet it has also brought extraordinary progress. With your unwavering support, we've made a real impact in the lives of thousands across Pakistan.

From rebuilding homes for flood-affected families in Balochistan and Sindh to providing essential healthcare through our hospital and mobile health units, we've helped restore dignity and offer new beginnings. Our education programs have empowered countless children, and our water projects have ensured that families now have access to safe drinking water.

These accomplishments are a direct result of your belief in our mission. Together, we've turned vision into action,

Together, we've turned vision into action, and

your continued support will drive us forward,

as we tackle the challenges ahead.

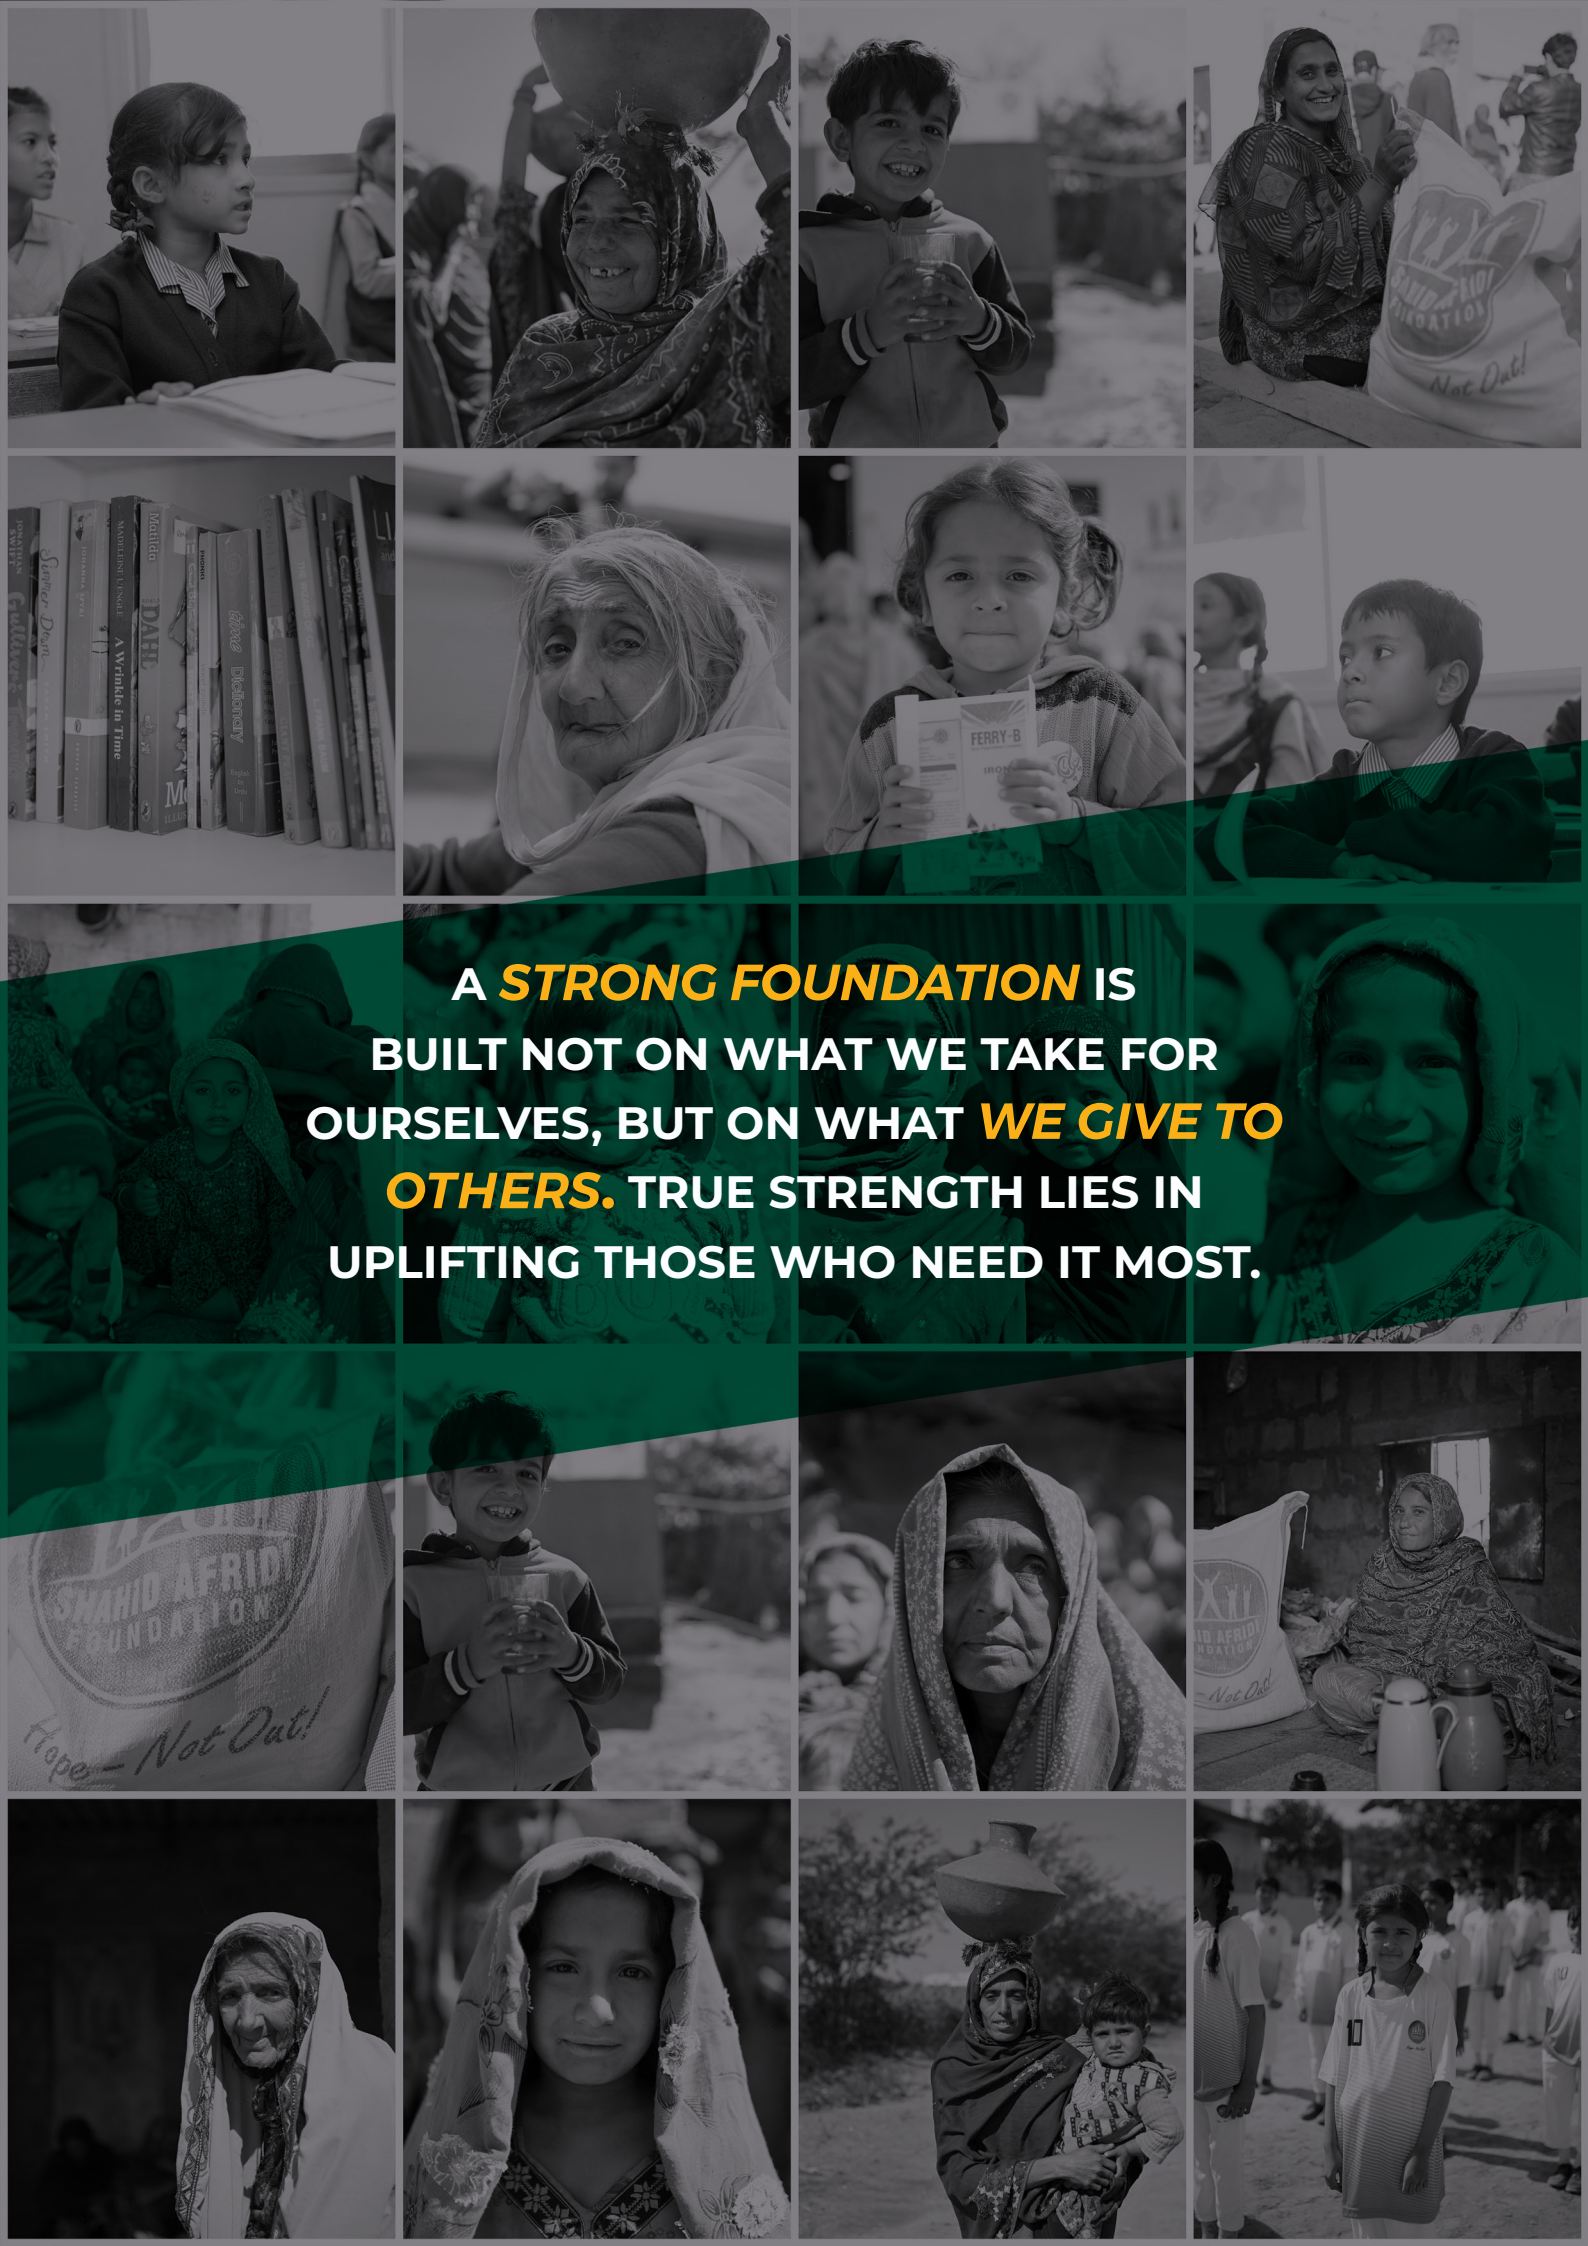

Thank you for being a part of this journey.

A YEAR OF HOPE, GROWTH, AND TRANSFORMATION

From July 2023 to June 2024, Shahid Afridi Foundation embarked on a journey defined by resilience, collaboration, and unwavering determination to build a better future for underserved communities. This year was not about milestones alone, it was about stories of lives changed, barriers broken, and futures rewritten.

REBUILDING FOUNDATIONS

From Loss to Livelihood

In flood-affected regions, we saw despair turn into resilience. Families who lost everything found new hope in solar-powered homes, tailored to their needs. Each house was more than bricks and mortar, it was a place to dream again. The model communities in Badin, Sindh, became a blueprint for holistic rehabilitation, where clean water and education became integral to rebuilding lives.

HEALTHCARE

Where It's Needed Most

In remote villages and underserved towns, healthcare became mobile, accessible, and life-saving. Our Mobile Health Units didn't just treat patients; they ensured no mother or child was left without care, no matter how distant their community. At Sahibzada Fazal Rehman Hospital in Kohat, lives were not only saved but enhanced, with surgeries and treatments bringing hope where once there was none.

WATER

The Source of Life Restored

Water isn't just a basic necessity, it's a source of health, dignity, and opportunity. In regions like Balochistan, where unsafe water was the norm, our clean water initiatives transformed lives. From the first RO plant in Gishkaur to the ongoing efforts in Mand, communities experienced what many of us take for granted: clean, safe drinking water.

EDUCATION

A Gateway to Empowerment

This year, education became a vehicle for breaking generational cycles of poverty. Our schools didn't just teach lessons, they created opportunities. Whether it was distributing school kits with ICNA Relief in the U.S. or providing flour as an incentive for attendance, we invested in young minds, building a foundation for brighter futures.

UNITY IN ACTION

Strength in Collaboration

From fundraising galas in the UK to groundbreaking partnerships with global organizations, 2023–2024 was a year of collective effort. Donors, supporters, and volunteers came together to amplify impact, demonstrating the power of shared purpose.

FORGING AHEAD

BUILDING A FUTURE OF IMPACT AND INNOVATION

The past year has been a testament to the power of resilience, collective action, and the unyielding spirit of communities striving for a brighter tomorrow. As we turn the page to a new chapter, our vision sharpens, and our aspirations grow bolder.

We are not merely continuing our work, we are redefining what is possible. The coming years will mark a shift from immediate aid to sustainable transformation. With every school we build, every healthcare facility we establish, and every drop of clean water we make accessible, we are shaping a legacy of empowerment for generations to come.

Our focus will be on innovation: introducing programs that address root causes rather than symptoms, creating opportunities where none existed before, and fostering partnerships that amplify our impact. Whether through technology-driven solutions in education or sustainable models for community healthcare, we are committed to breaking barriers and setting new benchmarks for development.

At the heart of this vision is our unwavering belief in the potential of people. We see every child as a dream waiting to unfold, every mother as a pillar of strength, and every community as a reservoir of untapped potential. Together, we will unlock this potential and build a future where hope is not

just a sentiment but a lived reality.

As we step forward, we are fueled by your trust and support. With your partnership, we will move from ambition to action, from challenges to triumphs, and from progress to lasting change.

THE FUTURE ISN'T WAITING— IT'S BEING BUILT TODAY

And together, we will shape it with courage, compassion, and an unrelenting drive to make a difference.

SUSTAINABLE HOUSING

DRIVING RESILIENCE AND SUSTAINABILITY

One year after the devastating 2022 floods, the journey to recovery continues for countless families across Pakistan. Recognizing this, the Shahid Afridi Foundation (SAF) has dedicated itself to rebuilding lives with dignity by providing sustainable housing solutions for those who lost everything.

This year, SAF is facilitating over **400 households,** ensuring that flood-affected families have a safe and secure place to call home. These homes are thoughtfully designed to provide not only protection from the elements but also a sense of belonging and renewed hope for a brighter future. SUSTAINING HOPE FOR

4,500 FAMILIES

In the aftermath of the devastating 2022 floods, thousands of families across Pakistan were left grappling with uncertainty, hunger, and the immense challenge of rebuilding their lives. In response to this critical need, the Shahid Afridi Foundation (SAF) continued a large-scale relief initiative, delivering monthly ration packs to over **3,500 households** in some of the hardest-hit regions.

These relief efforts spanned **22 districts** across Khyber Pakhtunkhwa (KP), Sindh, and Balochistan, targeting the most vulnerable families in flood-affected communities. Each ration pack was thoughtfully designed to provide essential food supplies, including staples such as flour, rice, lentils, sugar, and cooking oil, ensuring vital sustenance for weeks. The monthly distributions brought much-needed stability to families who were struggling to meet their basic needs in the wake of a national disaster.

This initiative was more than just a relief effort; it was a beacon of hope for communities striving to rebuild amidst the challenges of displacement, destroyed livelihoods, and damaged infrastructure. By addressing the immediate food security crisis, SAF empowered families to focus on restoring their homes, livelihoods, and dignity.

The success of this initiative was made possible through the unwavering support of our donors, local partners, and the tireless efforts of SAF teams on the ground. INDEPENDENT AUDITORS' REPORT TO

THE TRUSTEES OF THE FOUNDATION

Opinion

We have audited the financial statements of Shahid Afridi Foundation (the Foundation), which comprise the statement of financial position as at 30 June 2024, and the statement of income and expenditure, the statement of changes in funds, the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material aspects, the financial position of the Foundation as at 30 June 2024 and its financial performance and its cash flows for the year then ended in accordance with the approved accounting and reporting standards as applicable in Pakistan.

Basis for opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Managing Committee is responsible for the preparation and fair presentation of the financial statements in accordance with the approved accounting and reporting standards as applicable in Pakistan and for such internal control as the Managing Committee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Managing Committee is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charge with governance is responsible for overseeing the Foundation's financial reporting process.

Grant Thornton

Auditor's responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charge with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Khurram Jameel.
